Fiscal Year 2012 (FY12) Peer Reviewed Orthopaedic Research Program (PRORP) Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadlines
• Program Announcement • Application Instructions Grants.gov Funding Opportunity Number: W81XWH-12-PRORP- CTA	Independent Investigators at or above the level of Assistant Professor (or equivalent)	 Preproposal is required; application submission is by invitation only Supports the rapid implementation of clinical trials that will have a significant impact on military combat-related orthopaedic injuries Preliminary data are required Military/Veteran study population highly encouraged Nested Career Development Option: Additional funds may be requested to support the mentored career development of an active duty military research- or physician-scientist at an early career stage. 	Maximum funding of \$2.5M for direct costs (plus indirect costs) Period of performance up to 5 years Nested Career Development: Additional direct costs of \$225K for total combined direct costs of \$2.725M	Pre-application (Preproposal): June 27, 2012 5:00 p.m. Eastern Time (ET) Notification of Invitation to Submit an Application: By August 8, 2012 Application: September 25, 2012 11:59 p.m. ET
Translational Research Partnership Award • Program Announcement • Application Instructions Grants.gov Funding Opportunity Number: W81XWH-12-PRORP- TRPA	Independent investigators at all academic levels (or equivalent)	 Preproposal is required; application submission is by invitation only Supports the development of multidisciplinary translational research partnerships between clinicians and laboratory scientists to accelerate the movement of promising research hypotheses into clinical applications Minimum of 2 PIs required; maximum of 3 PIs allowed At least one partner must be a laboratory scientist and at least one partner must be a clinician At least one partner must have significant experience in orthopaedic research or orthopaedic medicine Preliminary and/or published data are required Does not support definitive clinical trials, but limited 	Maximum combined funding of \$750K for direct costs (plus indirect costs) Period of performance up to 3 years Nested Career Development: Additional direct costs of \$225K for total combined direct costs of \$975K	Pre-application (Preproposal): June 27, 2012 5:00 p.m. Eastern Time (ET) Notification of Invitation to Submit an Application: By August 8, 2012 Application: September 25, 2012 11:59 p.m. ET

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadlines
		 clinical testing is permissible All applications must have a direct relevance to orthopaedic injuries sustained during combat or combatrelated activities Nested Career Development Option: Additional funds may be requested to support the mentored career development of an active duty military research- or physician-scientist at an early career stage 		
Idea Development Award • Program Announcement • Application Instructions Grants.gov Funding Opportunity Number: W81XWH-12-PRORP- IDA	Independent investigators at all academic levels (or equivalent)	 Supports conceptually innovative, high-risk/high gain research Emphasis is on Innovation and Military Benefit Preliminary data are not required Clinical trials not allowed Nested Career Development Option: Additional funds may be requested to support the mentored career development of an active duty military research- or physician-scientist at an early career stage 	Maximum funding of \$500K for direct costs (plus indirect costs) Period of performance up to 3 years Nested Career Development: Additional direct costs of \$225K for total combined direct costs of \$725K	Pre-application (Preproposal): June 27, 2012 5:00 p.m. Eastern Time (ET) Notification of Invitation to Submit an Application: By August 8, 2012 Application: September 25, 2012 11:59 p.m. ET
