ArcGIS VERSION 10.0 PRODUCT LIST

Note: This note pertains to orders of ArcGIS Desktop version 10 placed by Bureau of Indian Affairs employees only. All v. 10 orders processed for Indian Affairs networked computers will be dependent on usage of the OTSGS License Manager server for licensing. Therefore all Indian Affairs networked computers will operate v. 10 at an ArcInfo license level, with a robust suite of extensions available. BIA laptops requiring v. 10 will make use of the license borrowing function available with v. 10. For more information, visit <http://ngrc/ELASoftwareSupport/Licensing/tabid/81/Default.aspx> on the BIA Intranet, <http://www.bia.gov/WhatWeDo/ServiceOverview/Geospatial/index.htm> on the internet, or call the OTSGS Help desk at 303-231-5228 or 877-293-9494.

ArcGIS Concurrent Licenses:

*ArcGIS concurrent licenses require a keyless license manager which can operate on a single server and serve multiple seats in a heterogeneous network. Ideally, the license manager is installed on a network server or can operate on one PC, serving it and other seats. A provisioning file will be sent with your order for either concurrent or single use licenses to authorize the ordered number of seats/licenses. **MAC addresses and host name are no longer required** when ordering concurrent licensing.*
