BILLING CODE 4120-03-P

ADVISORY COUNCIL ON HISTORIC PRESERVATION

Draft Program Comment for the U.S. General Services Administration on Select Envelope and Infrastructure Repairs and Upgrades to Historic Public Buildings

AGENCY: Advisory Council on Historic Preservation.

ACTION: Notice of intent to issue program comments for the U.S. General Services Administration on select envelope and infrastructure repairs and upgrades to historic public buildings.

SUMMARY: The Advisory Council on Historic Preservation (ACHP) is considering issuing a Program Comment for the U.S. General Services Administration setting forth the way in which it will comply with Section 106 of the National Historic Preservation Act for select repairs and upgrades to windows, lighting, roofing, and heating, ventilating, and air-conditioning (HVAC) systems within historic public buildings. The ACHP seeks public input on the proposed Program Comment.

DATES: Submit comments on or before July 20, 2009.

ADDRESSES: Address all comments concerning this proposed Program Comment to Kirsten Brinker Kulis, Office of Federal Agency Programs, Advisory Council on Historic Preservation, 1100 Pennsylvania Avenue, NW., Suite 803, Washington, DC 20004. Fax (202) 606-8647. You may submit electronic comments to: kkulis@achp.gov.

FOR FURTHER INFORMATION CONTACT: Kirsten Brinker Hulls, (202) 606-8517, kkulis@achp.gov.

SUPPLEMENTARY INFORMATION: Section 106 of the National Historic Preservation Act requires Federal agencies to consider the effects of their undertakings on historic properties and to provide the Advisory Council on Historic Preservation (ACHP) a reasonable opportunity to comment with regard to such undertakings. The ACHP has issued the regulations that set forth the process through which Federal agencies comply with these duties. Those regulations are codified under 36 CFR part 800 (Section 106 regulations).

Under Section 800.14(e) of those regulations, agencies can request the ACHP to provide a "Program Comment" on a particular category of undertakings in lieu of conducting individual reviews

of each individual undertaking under such category, as set forth in 36 CFR 800.4 through 800.7. An agency can meet its Section 106 responsibilities with regard to the effects of particular aspects of those undertakings by taking into account ACHP's Program Comment and following the steps set forth in that comment.

I. Background

The ACHP is now considering issuing a Program Comment to the U.S. General Services Administration (GSA) which would streamline Section 106 compliance for select repairs and upgrades to windows, lighting, roofing, and heating, ventilation, and air-conditioning (HVAC) systems.

While the proposed Program Comment may be applied to the types of projects noted above at all of GSA's historic public buildings, the repairs and upgrades must be undertaken using GSA's Technical Preservation Guidelines (Guidelines), written by the GSA's Center for Historic Buildings, Office of the Chief Architect, Public Buildings Service. The following Guidelines will be included as part of the proposed Program Comment as appendices:

- Upgrading Historic Building Windows;
- Upgrading Historic Building Lighting;
- Historic Building Roofing;
- HVAC Upgrades in Historic Buildings.

Due to their volume, the Guidelines will not be copied into this notice. However, they can be accessed in their entirety on the Internet at: <http://www.gsa.gov/technicalpreservationguidelines>. Those without access to the Internet can contact Kirsten Brinker Kulis at (202) 606-8517, or by e-mail at kkulis@achp.gov, to arrange an alternate method of access to these appendices.

The GSA has consulted with the National Park Service (NPS) with regard to the cited Guidelines, and the NPS has confirmed their consistency with the Secretary of the Interior's Standards for Rehabilitation when applied under the conditions set out in the Program Comment.

In addition, the repairs and upgrades contemplated by the proposed Program Comment would be limited to projects executed by GSA employees and contractors who meet the professional standards developed by the Secretary of the Interior. The Program Comment would be further limited to those projects where the proposed repairs and upgrades would not adversely affect the qualities that qualify a subject building

for the National Register of Historic Places.

Before using the Program Comment, these findings would be made by GSA's Regional Historic Preservation Officers (RHPO), who would notify the relevant State Historic Preservation Officer (SHPO) by providing them with the GSA's Section 106 Short Form (appended to the Program Comment) for a ten business day review period, during which time they may object to use of this Program Comment for the project. If the SHPO objects within that timeframe, GSA would follow the standard Section 106 review process, rather than this Program Comment, for the proposed work. If GSA already has a Section 106 agreement that covers the proposed work (e.g., a state or regional Programmatic Agreement) GSA would have the option of following that agreement, rather than this Program Comment.

The proposed Program Comment provides for regular reports and meetings on its implementation.

II. Expected Benefits

Just as the American Reinvestment and Recovery Act (ARRA) legislation has provided GSA with significant stewardship opportunities for its historic public buildings, the rigid spending deadline associated with the legislation has prompted the need for this alternative approach to preservation compliance for the mentioned select routine repairs and upgrades. The resulting proposed Program Comment, which may be applied to ARRA-funded projects and projects with other funding sources, was conceived to promote best preservation practices within the GSA for routine window repairs, and upgrades to lighting, roofing, and heating, ventilation, and air-conditioning (HVAC) systems within historic public buildings, as specified above.

The proposed Program Comment could satisfy preservation compliance requirements, facilitate GSA's efforts to meet its upcoming ARRA spending deadlines, and reduce the ARRA-related workload for GSA, ACHP, SHPOs, and consulting parties. Once the public comments resulting from this notice are considered, and edits are incorporated as deemed appropriate, the ACHP will decide whether to issue the Program Comment. The ACHP expects to make that decision at its upcoming quarterly meeting scheduled on August 7, 2009 in Washington, DC, or shortly thereafter.

III. Text of the Proposed Program Comment

The text of the proposed Program Comment is included below. As noted above, due to their volume the Guideline appendices are not included herein, but can be accessed on the Internet at <http://www.gsa.gov/technicalpreservationguidelines>. The relevant Guidelines are those for:

- Upgrading Historic Building Windows;
- Upgrading Historic Building Lighting;
- Historic Building Roofing;
- HVAC Upgrades in Historic Buildings.

Those without access to the Internet can contact Kirsten Brinker Kulis at (202) 606-8517, or by e-mail at kkulis@achp.gov, to arrange an alternate method of accessing these appendices.

The following is the text of the proposed Program Comment, without the Guideline appendices:

Program Comment for General Services Administration Repairs and Upgrades to Windows, Lighting, Roofing, and Heating, Ventilating, and Air Conditioning (HVAC)

I. Establishment and Authority: This Program Comment was issued by the Advisory Council on Historic Preservation (ACHP) on [Date To Be Determined], pursuant to 36 CFR 800.14(e).

It provides the General Services Administration (GSA) with an alternative way to comply with its responsibilities under Section 106 of the National Historic Preservation Act, 16 U.S.C. 470f, and its implementing regulations, 36 CFR part 800 (Section 106), with regard to the effects of repairs and upgrades to windows, lighting, roofing, and heating, ventilating and air-conditioning (HVAC) systems (Repairs/Upgrades) that follow the appended GSA Technical Preservation Guidelines (Guidelines). The appended Guidelines have been reviewed by the National Park Service, which confirms that they are in keeping with the Secretary of the Interior's Standards on Rehabilitation.

II. Applicability to General Services Administration: Only GSA may use this Program Comment.

III. Date of Effect: This Program Comment will go into effect on [Date To Be Determined].

IV. Use of This Program Comment To Comply With Section 106 Regarding the Effects of the Repairs and Upgrades:

(1) GSA may comply with Section 106 regarding the effects of Repairs/Upgrades on historic properties by:

(i) Making a determination that the proposed Repair/Upgrade may not adversely affect a historic property;

(ii) Notifying the relevant SHPO, through use of the notice form appended to this Program Comment, that it intends to carry out a Repair/Upgrade;

(a) If, within 10 business days from receipt of the notification, the SHPO objects to the use of this Program Comment for the proposed Repair/Upgrade, GSA may not use the Program Comment for the proposed Repair/Upgrade. GSA will then comply with Section 106 for the proposed Repair/Upgrade in accordance with 36 CFR 800.3 through 800.7 or any applicable alternative per 36 CFR 800.14. (b) If the SHPO agrees with the proposed Repair/Upgrade, or does not object within 10 business days from receipt of the notification, GSA may proceed with the proposed Repair/Upgrade in accordance with this Program Comment.

(iii) Conducting such work as provided by the relevant Guidelines appended to this document;

(iv) Ensuring that all work described herein and in the appended Guidelines is designed by an architect and supervised and approved by a cultural resources professional, both of whom meet the relevant standards outlined in the Secretary of the Interior's Professional Qualification Standards, pursuant to 36 CFR part 61. In addition, the qualified supervisor will ensure construction phase preservation competency and quality control measures are implemented; and

(v) Keeping a record, at the relevant GSA Region, detailing each use of this Program Comment for no less than five years from the final date of the implementation. Each record must include the following information:

(a) A description of the implementation of the Program Comment (including the specific location of the work);

(b) the date(s) when the Program Comment was implemented;

(c) the name(s) of the qualified personnel that carried out and/or supervised the use of the Program Comment; and

(d) a summary of the implementation, indicating how the Repair/Upgrade was carried out, any problems that arose, and the final outcome.

GSA must provide copies of these records, within a reasonable timeframe, when requested by the ACHP or the relevant SHPO.

V. Discoveries: If previously unknown features are discovered while work under this Program Comment is being implemented (e.g., a mural behind

plaster), GSA will notify SHPO of the discovery and provide SHPO an opportunity to object to the use of this Program Comment, per Stipulation IV (1)(ii), above.

VI. Program Comment Does Not Cover Undertakings Involving Activities Beyond the Specific Repairs/Upgrades: The Repairs/Upgrades within the scope of this Program Comment will be discrete undertakings that do not include activities beyond the Repairs/Upgrades themselves. Among other things, the Repairs/Upgrades themselves will not include earth disturbing activities, new construction, site acquisition, change of occupancy or use, or alteration of exteriors or significant interior spaces.

VII. Process for Adding or Updating Repairs/Upgrades and Guidelines: While this Program Comment, as originally adopted, was limited to Repairs/Upgrades relating to four Guidelines, more Repairs/Upgrades (and their relevant Guidelines) may be added to it. Moreover, Guidelines already included in the Program Comment may eventually need updating. Accordingly, Repairs/Upgrades and their Guidelines may be added to this Program Comment, or updated, as follows:

(1) GSA will notify the ACHP, the National Conference of State Historic Preservation Officers (NCHSPO), and the Department of the Interior (DOI) (collectively, parties) that it wants to add an Upgrade/Guideline, or to update a Guideline that is already a part of the Program Comment. Such a notification will include a draft of the proposal.

(2) The parties will consult on the proposal; and

(3) If a final version of the proposal is approved by the ACHP Executive Director, the ACHP will publish a notice of availability of the approved addition or update in the **Federal Register**. The addition or update will go into effect as part of this Program Comment upon such publication.

VIII. Process for Removing a Repair/Upgrade and Its Guideline: After consulting with the parties, the ACHP may remove a Repair/Upgrade and its Guideline from the scope of this Program Comment by publishing a **Federal Register** notice to that effect. The Program Comment will continue to operate with the other Repairs/Upgrades and their Guidelines that have not been removed.

IX. GSA Option To Use Applicable Section 106 Agreements: If an existing Section 106 agreement applies to a proposed Repair/Upgrade, GSA may follow either that existing agreement or this Program Comment.

X. *Latest Version of the Program Comment*: GSA and/or the ACHP will include the most current version of the Program Comment (with the latest amendments and updates) in a publicly accessible Web site. The latest Web address for that site will be included in each of the **Federal Register** notices for amending, removing or updating the Program Comment. This document and its appended form and guidelines will initially be available at [http://\(Web site to be determined\)](http://(Web site to be determined))

XI. *Meetings and Reports*: The parties shall meet in September 2011 and every three years thereafter, to discuss the implementation of the Program Comment. GSA will include in its reports under Section 3 of Executive Order 13287, a summary of its experience implementing this Program Comment, how often and where the Program Comment has been utilized, examples of successful implementation, and examples of failures or problems with implementation.

XII. *Amendment*: The ACHP may amend this Program Comment (other than the appended Guidelines themselves, which are added, updated or removed according to Stipulations VI and VII, above) after consulting with the parties and publishing a **Federal Register** notice to that effect.

XIII. *Termination*: The ACHP may terminate this Program Comment by publication of a notice in the **Federal Register** 30 days before the termination takes effect.

XIV. *Sunset Clause*: This Program Comment will terminate on its own accord on August 1, 2018, unless it is amended before that date to extend that period.

XV. *Historic Properties of Significance to Indian tribes and Native Hawaiian Organizations*: This Program Comment does not apply in connection with effects to historic properties that are located on tribal lands and/or that are of religious and cultural significance to Indian tribes or Native Hawaiian organizations.

XVI. *Definitions*: The definitions found at 36 CFR part 800 apply to the terms used in this Program Comment.

XVII. *Notification Form and GSA Technical Preservation Guidance Appendices*:

Appendix A

GSA Program Comment Notification Form

I. General

Building Name (s):
Address (City, State):
Project Title:

Qualified Preservation Professional Preparing Report:

Date:

(**Note**: Qualified professionals must meet the relevant standards outlined in the Secretary of the Interior's professional Qualification Standards, pursuant to 36 CFR part 61.)

Location of Work in the Building:

Project Team: A/S firm, Preservation Consultant, GSA Project Officer, Building Manager, and GSA Regional Historic Preservation Officer or Historic Preservation Program staff reviewer:

II. Scope and Purpose of Project (Bullets Are Acceptable)

III. Locations and Materials Affected (Check All That Apply)

Preservation Zones affected (see Building Preservation Plan; contact RHPO for assistance)

Restoration Rehabilitation
 Renovation

Where does the project affect the historic property?

Exterior Interior Lobbies/
 Vestibules Corridors Stairwells
 Elevators Restrooms
 Courtrooms Executive Suites
 General Office Space Other
(specify)

What materials are affected by the project?

Stone Brick Architectural
 Concrete Historic Roofing Bronze
 Architectural Metals (specify)
 Woodwork Ornamental Plaster
 Other (specify)

What assemblies are affected by the project?

Windows and Skylights Doors
 Lighting Other (specify)

IV. Preservation Design Issues

List solutions explored, how resolved and why, such as (not inclusive)

- Locating new work/installation: visibility, protection of ornamental finishes, cost concerns;
- Design of new work/installation: compatibility with existing original materials, research on original design (if original materials non-extant), materials/finishes chosen;
- Method of supporting new work/installation;
- Preservation and protection of historic materials.

V. Graphics—Include

- Site or floor plan showing work location(s);
- Captioned photographs of existing site conditions in affected restoration zone locations;

—Reduced project drawings, catalogue cut sheets or photographs showing solutions.

VI. Confirmation

The undersigned hereby confirms and represents to the best of his or her knowledge and belief, the following as of this date: (1) The information in this form is correct; (2) GSA has determined that the proposed work may not adversely affect a historic property; (3) this project approach is consistent with the relevant GSA Technical Preservation Guidelines; (4) the design team includes a qualified preservation architect, engineer or conservator; (5) the design addresses construction phase preservation competency and quality control; and (6) this form will be submitted to the relevant SHPO for its review and opportunity for objection in a timely manner.

Signature and Date:

GSA Regional Historic Preservation Officer.

Authority: 36 CFR 800.14(e).

Dated: June 23, 2009.

John M. Fowler,

Executive Director.

BILLING CODE 4310-K6-M

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

Agency Information Collection Activities: Form N-644, Extension of an Existing Information Collection; Comment Request

ACTION: 30-Day Notice of Information Collection Under Review: Form N-644, Application for Posthumous Citizenship; OMB Control No. 1615-0059.

The Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection was previously published in the **Federal Register** on April 22, 2009, at 74 FR 18391, allowing for a 60-day public comment period. USCIS did not receive any comments.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until July 27, 2009.
