(2008 is thru August)***

- 11 ***Slide shows bar chart of UW Health HIV Care Program Visits***
- 12 ***Slide shows CD4 Counts (New Patients) and HIV RNA Levels***
*1998-2000 29%, 2005-2007 15%, <50 Viral Load – All Viral Loads 61%, Viral Loads
Treated 85%*

- 13 ***Prison Case Management***
 - *One of our social workers deals primarily with individuals infected with HIV and incarcerated*
 - *All incarcerated individuals with HIV from the state prisons attend our clinic in the UWHC and have access to all the services in our clinic and the hospital*
 - *The Prison Case Manager coordinates prisoner HIV discharge planning---sets up appointments in the community, assures have meds to time of appointment, etc*
 - *Data for time period January-July 2008--- 31 inmates released*
 - *2 refused release planning*
 - *1 took info only*
 - *20 attended scheduled apt in community*
 - *5 no-shows*
 - *3 either did not have apt yet or release delayed*

14 *Challenges with RW—Part C*

- *We continue to grow but our space does not*
- *As the patient load grows our staff doesn't—the nurse position especially challenging*
- *Staff attrition*
- *Transportation and weather at times a problem in our community*
- *Dental—hospital dentist is retiring*
- *State ADAP may go to a waiting list 2011*
- *The economy*
