## **Foreword**

### **To the Senate and House of Representatives of the United States of America in Congress Assembled:**

On behalf of the Attorney General, I have the honor to report on the administration of the Foreign Agents Registration Act of 1938, as amended, pursuant to Section 11 of the Act (22 U.S.C. 621), which requires the Attorney General to report every 6 months to the Congress concerning the administration of the Act, as well as the nature, sources and content of informational materials disseminated and distributed by agents of foreign principals registered under the Act. This report covers the administration and enforcement of the Foreign Agents Registration Act for the 6 months ending December 31, 2006.

The text of this report lists, according to geographical area or nationality field, all agents who were registered at any time during the second 6 months of 2006, or who reported for the first time in that period activities, receipts or disbursements for the previous period. It includes the identities of the agents and their foreign principal(s), a description of the agent's activities, a total figure for monies received, a description of any informational materials disseminated, and a listing of all individual agents.

Improvements continue to be made to the Foreign Agents Registration Act computerized records system and Internet website, <http://www.fara.gov/>. This report will be made available through the website.

The principal purpose of Congress in enacting the Foreign Agents Registration Act was to ensure that the Government and the people of the United States would be informed of the identity of persons engaging in political activities for or on behalf of foreign governments, foreign political parties and other foreign principals, so that their statements and activities could be appraised in the light of their associations.

Registration under the Act does not imply recognition by the United States Government of the legitimacy of any particular foreign government, or foreign political party. Furthermore, registration does not indicate approval by the United States Government of the activities of any registered agent or the content of any informational materials they disseminate.

### **Statistical Summary**

During the 6-month period ending December 31, 2006, the Department received 24 new registration statements and terminated 35 registrations. A total of 389 active registrations, representing 573 foreign principals were on file during the period of July 1, 2006 through December 31, 2006. Individuals acting as officials or employees or rendering assistance to a registrant for or in the interests of the latter's foreign principal filed 273 new short-form registration statements under the Act, bringing the total short-form registrations to 1,899 during the period of July 1, 2006 through December 31, 2006. There were 63 new agreements with foreign principals reported by agents under the Act during this period.

Pursuant to P.L. 102-395 enacted on October 6, 1992, which authorized the Attorney General to establish fees to recover the cost of administering the Foreign Agents Registration Act, \$167,187.00 in fees was received during the 6-month period ending December 31, 2006. A total of \$6,562,363.80 has been collected since the program was initiated through December 31, 2006.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Brian A. Benczkowski". The signature is fluid and cursive, with a prominent initial "B" and a long, sweeping tail.

LISTING ACCORDING TO THE GEOGRAPHICAL AREA OR NATIONALITY FIELD OF  
REGISTRANTS WHOSE STATEMENTS WERE IN ACTIVE STATUS AT ANY TIME  
DURING THIS SEMI-ANNUAL REPORT

- (T) Indicates registration terminated during this six month reporting period.
- (t) Indicates foreign principal terminated during the six month reporting period.

The dollar figure included for each registrant represents the total amount of money received in the United States in furtherance of the agency purpose by agents working on behalf of the foreign principal. This information is based on the registrant's reporting period rather than the calendar year.

The list is compiled alphabetically by country; however, it necessarily will include foreign principals which have no association with the government.

The report sets forth the name, address and registration number of the registrant, the identity of the foreign principal, the nature of their activities, and the amount of monies received, if any.
