

Department of Defense INSTRUCTION

NUMBER 8145.01
January 17, 2012

DoD CIO

SUBJECT: DoD Information Assurance Scholarship Program

References: See Enclosure 1

1. PURPOSE. This Instruction:

a. Implements the provisions of sections 2200 et seq. and 7045 of title 10, United States Code (U.S.C.) (Reference (a)) and establishes policy consistent with DoD Directive (DoDD) 8000.01 and DoDD 8500.01E (References (b) and (c)), in accordance with the guidance in DoD Instruction 5025.01 (Reference (d)) and the authority in the Deputy Secretary of Defense Memorandum and DoDD 5144.1 (References (e) and (f)).

b. Assigns responsibilities and prescribes procedures for executing the DoD Information Assurance Scholarship Program (IASP).

c. Incorporates and cancels the Assistant Secretary of Defense for Command, Control, Communications, and Intelligence Memorandum (Reference (g)).

2. APPLICABILITY. This Instruction applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components"). The term "Military Services," as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.

3. DEFINITIONS. See Glossary.

4. POLICY. It is DoD policy that:

a. The DoD shall recruit, develop, and retain a highly skilled cadre of professionals to support the critical information assurance (IA) and information technology (IT) management,

technical, digital and multimedia forensics, cyber, and infrastructure protection functions required for a secure network-centric environment.

b. The DoD IASP shall be used to attract new entrants to the DoD IA and IT workforce and to retain current IA and IT personnel necessary to support the DoD's diverse warfighting, business, intelligence, and enterprise information infrastructure requirements.

c. The academic disciplines with concentrations in IA eligible for IASP support include but are not limited to: biometrics, business management or administration, computer crime investigations, computer engineering, computer programming, computer science, computer systems analysis, cyber operations, cybersecurity, database administration, data management, digital and multimedia forensics, electrical engineering, electronics engineering, information security (assurance), information systems, mathematics, network management/operations, software engineering, and similar disciplines as approved by the DoD Chief Information Officer (DoD CIO).

d. Subject to availability of funds, the DoD may provide grants to institutions of higher education for faculty, curriculum, and infrastructure development and academic research to support the DoD IA/IT critical areas of interest.

5. RESPONSIBILITIES. See Enclosure 2.

6. PROCEDURES. See Enclosure 3.

7. INFORMATION REQUIREMENTS. The reporting requirements in this Instruction for the retention program have been assigned Report Control Symbol (RCS) DD-NII(A)2444 in accordance with DoD 8910.1-M (Reference (h)).

8. RELEASABILITY. UNLIMITED. This Instruction is approved for public release and is available on the Internet from the DoD Issuances Website at <http://www.dtic.mil/whs/directives>.

9. EFFECTIVE DATE. This Instruction is effective upon its publication to the DoD Issuances Website.

Teresa M. Takai
DoD Chief Information Officer

ENCLOSURE 2
RESPONSIBILITIES

1. DOD CIO. The DoD CIO shall:
 - a. Establish overall policy and guidance to conduct and administer the DoD IASP pursuant to Reference (e).
 - b. Develop an annual budget recommendation to administer the DoD IASP and provide academic scholarships and grants in accordance with Reference (a).
 - c. Oversee program administration and execution by the Director, National Security Agency (DIRNSA).
 - d. Chair the DoD IASP Steering Committee, established pursuant to DoD Instruction 5105.18 (Reference (i)) to oversee and provide program direction over:
 - (1) Student eligibility criteria.
 - (2) Grant and capacity-building selection criteria for awards to National Centers of Academic Excellence in IA Education (CAE/IAE) and National Centers of Academic Excellence - Research (CAE-R) (collectively referred to as the CAEs).
 - (3) Final approval for the allocation of individual DoD IASP scholarships and grants.
 - (4) Communications and marketing plans.
 - (5) DoD IASP metrics and analysis of performance results, including student, CAE, and sponsoring DoD Component feedback.
2. DIRNSA. The DIRNSA, under the authority, direction, and control of the Under Secretary of Defense for Intelligence, shall:
 - a. Serve as the DoD IASP Executive Administrator to:
 - (1) Implement the DoD IASP and publish in writing all of the criteria, procedures, and standards required for program implementation. Responsibilities are to:
 - (a) Implement the scholarship application and selection procedures for recruitment and retention students.
 - (b) Establish procedures for recruiting students to meet service obligations through employment with a DoD Component upon graduation from their academic program.

(c) Ensure that all students' academic eligibility is maintained, service obligations are completed, and that reimbursement obligations for program disenrollment are fulfilled.

(d) Establish procedures for CAEs and employing DoD Components to report on students' progress.

(e) Maintain appropriate accounting for all funding disbursements.

(f) Execute the debt collection process on the behalf of the DoD and in accordance with Volume 5 of DoD 7000.14-R (Reference (j)) for scholarship recipients who fail to complete a period of obligated service resulting from their participation in the DoD IASP. This includes, but is not limited to, exercising the authority under section 2200a(e) of Reference (a), consistent with the relevant provisions of section 303a(e) of title 37, U.S.C. (Reference (k)), to determine an amount owed and to take necessary actions to collect the amount owed, and to act upon requests for waivers, in whole or in part, when determined to be appropriate.

(2) Subject to availability of funds, make grants on behalf of the DoD CIO to institutions of higher education to support the establishment, improvement, and administration of IA education programs pursuant to Reference (a).

(a) Develop and implement the annual solicitation for proposals for grants.

(b) Coordinate the review process for grant proposals.

(c) Distribute grant funding and maintain appropriate accounting.

(d) Establish annual reporting procedures for grant recipients (CAEs) to detail the resulting accomplishments of their grant implementations.

(e) Obtain written documentation from grant recipients (CAEs) on how grant funding was utilized and the resulting accomplishments.

b. Provide representation to the DoD IASP Steering Committee and provide briefings and reports, as required, to effect proper oversight by the DoD CIO and the DoD IASP Steering Committee.

c. Maintain databases to support the analysis of performance results.

3. CHANCELLOR, INFORMATION RESOURCES MANAGEMENT COLLEGE (IRMC).

The Chancellor of IRMC of the National Defense University, under the authority, direction, and control of the Chairman of the Joint Chiefs of Staff, shall:

a. Establish partner university agreements with CAEs to provide master's and doctoral degree opportunities to current, former, and future IRMC students who are awarded retention scholarships.

b. Maintain records of DoD IASP student enrollments and graduates and provide data to the DoD IASP Executive Administrator and the DoD CIO as required.

c. Serve as the liaison between IRMC retention students, their follow-on partner university, and the DoD IASP Executive Administrator.

d. Provide academic representation to the DoD IASP Steering Committee and provide briefings and reports, as required, on the IRMC portion of the DoD IASP retention program.

4. HEADS OF THE DoD COMPONENTS. The Heads of the DoD Components shall:

a. Determine the requirement for DoD IASP usage as a primary vehicle to recruit and retain IA and IT personnel.

b. Identify the office of primary responsibility for administering the DoD IASP within their DoD Component.

c. Establish DoD Component-specific nomination, selection, and post-academic assignment criteria for DoD IASP retention students in accordance with the procedures in Enclosure 3.

d. Determine annual billet requirements for recruitment students (the number of DoD IASP recruitment scholars who will be placed in full-time employment positions with the Component upon graduation). This is required to ensure that IASP recruitment graduates have placement upon graduation.

e. Participate in the evaluation processes to assess and recommend improvements to the DoD IASP.

ENCLOSURE 3

PROCEDURES

1. RETENTION PROGRAM. The DoD IASP retention program is open to qualified DoD civilian employees and Service members. Active duty military officers and permanent DoD civilian employees may apply for a master's or doctoral degree program; enlisted personnel may apply for a master's program. DoD Components may further restrict the eligibility of applicants based on Component requirements.

a. There are three DoD academic institutions participating in the DoD IASP: the Air Force Institute of Technology (AFIT) at Wright-Patterson Air Force Base in Dayton, Ohio; the IRMC of the National Defense University (NDU) at Fort McNair in Washington, DC; and the Naval Postgraduate School (NPS) in Monterey, California. Students at AFIT and NPS attend full-time programs. Participants may attend the IRMC either full or part-time to complete the first part of their required courses and then select a follow-on partner university to complete their remaining degree requirements either full or part-time. There are no part-time doctoral programs. All candidates must meet the eligibility requirements for their selected program, which are outlined in Appendix 1 of this enclosure.

(1) Military officers and DoD civilian employees may apply to attend any one of the three DoD academic institutions.

(2) Enlisted personnel may attend AFIT or the NPS, which is authorized to enroll enlisted DoD IASP participants pursuant to Reference (a).

b. Students must select a degree program in one of the academic disciplines listed in paragraph 4.c. above the signature of this Instruction and in accordance with DoD Component requirements.

c. Scholarship funding for AFIT, IRMC, the partner universities, and NPS includes full tuition costs and required fees and books. All travel costs and necessary position back-fill for individuals selected for the program must be paid by the nominating DoD Component. Retention students shall continue to receive their military pay or civilian salary from their DoD Component throughout their course of study.

d. DoD Component nominations are due by January 31st each year. The student nomination process is outlined in Appendix 2 of this enclosure.

(1) Nominated personnel shall be high-performing employees who are rated at the higher levels of the applicable performance appraisal system and demonstrate sustained quality performance with the potential for increased responsibilities. All individuals must be U.S. citizens and be able to obtain a security clearance.

(2) Nominations must fulfill specific personnel development requirements for both the individual nominee and the nominating organization.

(3) Payback assignments of graduated students shall provide relevant, follow-on utilization of academic credentials in accordance with DoD Component mission requirements.

(4) Retention students shall fulfill post-academic service obligations pursuant to sections 2200a and 7045 of Reference (a). Service members shall serve on active duty while fulfilling designated DoD Component service obligations. DoD civilian employees shall sign a continued service agreement that complies with section 2200a of Reference (a), prior to commencement of their education, to continue service within the DoD upon conclusion of their education, for a period equal to three times the length of the education period. The period of obligated service is in addition to any other period for which the recipient is obligated to serve on active duty or in the civil service, as the case may be. Individuals who fail to complete the degree program satisfactorily or to fulfill the service commitment shall be required to reimburse the United States pursuant to section 2200a(e) of Reference (a) for payments made to them through the DoD IASP unless a waiver, in whole or in part, is granted by the DoD IASP Executive Administrator.

e. DoD IASP retention participants are obligated to remain in good standing in their degree programs, to continue in service as members of the Military Services or civilian employees and, where applicable, to repay program costs for failure to complete the degree program satisfactorily or to fulfill the service commitment pursuant to Reference (a), DoD policy, and the policies of the respective DoD Component.

2. RECRUITMENT PROGRAM. Annually, in November, the DoD IASP Executive Administrator announces a solicitation for proposal from CAEs interested in participating in the DoD IASP. Graduate students and rising junior or senior undergraduates accepted at or enrolled in one of these institutions may apply for full scholarships to complete a bachelor's, master's, or a doctoral degree, or graduate (post-baccalaureate) certificate program in one of the disciplines defined in paragraph 4.c. above the signature of this Instruction. Student application requirements are included in the solicitation proposal released by NSA.

a. DoD Component recruitment student requirements are due to the DoD IASP Executive Administrator each year by January 31st.

b. The student selection process occurs annually in April. The selection process is outlined in Appendix 3 of this enclosure.

c. Recruitment students are provided scholarships, covering the full cost of tuition and selected books and fees. Students are also provided a stipend to cover room and board expenses.

d. Recruitment students may be required to complete a student internship, depending on the length of their individual scholarship. For example, if a scholar receives a scholarship their junior year, an internship is required. If they receive the scholarship their senior year, an

internship is not required. DoD Components typically use the authority granted in section 213.3102(r) of title 5, Code of Federal Regulations (Reference (l)) to arrange the internship.

e. Pursuant to section 2200a of Reference (a), all recruitment students shall sign a service agreement prior to commencement of their education and incur a service commitment, which commences after the award of the DoD IASP authorized degree on a date to be determined by the relevant DoD Component. The obligated service in the DoD shall be as a civilian DoD employee or as an active duty enlisted member or officer in one of the Military Services.

(1) Individuals selecting employment in the civil service shall incur a service obligation of 1 year of service to the DoD upon graduation for each year or partial year of scholarship they receive, in addition to an internship, if applicable. Pursuant to the authority granted in section 2200a(g) of Reference (a) and the Under Secretary of Defense for Personnel and Readiness Memorandum (Reference (m)), DoD Components may appoint DoD IASP graduates to IT positions as members of the excepted service. Upon satisfactory completion of 2 years of substantially continuous service, DoD Components may then convert these individuals to career or career-conditional appointments without competition.

(2) Individuals enlisting or accepting a commission to serve on active duty in one of the Military Services shall incur a service obligation of a minimum of 4 years on active duty in that Service upon graduation. The Military Services may establish a service obligation longer than 4 years, depending on the occupational specialty and type of enlistment or commissioning program selected.

(3) Individuals in the recruitment program who fail to complete the degree program satisfactorily or to fulfill the service commitment upon graduation shall be required to reimburse the United States pursuant to section 2200a(e) of Reference (a) for payments made to them through the DoD IASP unless a waiver, in whole or in part, is granted by the DoD IASP Executive Administrator.

Appendixes

1. DoD IASP Academic Programs for Retention Students
2. DoD IASP Nomination Process for Retention Students
3. DoD IASP Selection Process for Recruitment Students

APPENDIX 1 TO ENCLOSURE 3

DOD IASP ACADEMIC PROGRAMS FOR RETENTION STUDENTS

1. AFIT

a. AFIT offers master's degrees and Doctor of Philosophy (Ph.D.) programs in several fields of study. All AFIT master's degree students are required to complete a thesis, and all Ph.D. students must complete a doctoral dissertation. Estimated completion times are 18 months for a master's degree and 3 years for the Ph.D. program. A program's length may be extended if prerequisite courses are required. Students are nominated to enter the program beginning in January or August.

b. Civilian and military applicants may be of any pay grade.

c. Applicants pursuing a master's degree must have an appropriate bachelor's degree with a minimum grade point average (GPA) of 3.0 out of 4.0. Applicants pursuing a Ph.D. program must have the appropriate master's degree and a GPA of 3.5.

d. Required Graduate Record Examination (GRE) scores for master's degree applicants are 500 verbal/600 quantitative; for Ph.D. applicants, 550 verbal/650 quantitative. Waivers to the minimum GRE score requirements may be granted on a case-by-case basis. Waiver requests should be addressed at the time of application; such requests shall be considered by the AFIT Admissions Office and the appropriate academic department.

e. All applicants must possess or be eligible to apply for and maintain a Secret clearance upon acceptance to AFIT.

2. IRMC

a. The DoD IASP, as conducted by the IRMC, focuses on DoD civilian employees and military officers who wish to pursue a full-time or part-time master's degree or a full-time doctorate program in an IA discipline. Students are nominated for the program to begin in January or September. Retention students complete the first part of their degree through IRMC and then enter a pre-selected partner university to complete their remaining degree requirements.

b. Retention students at the IRMC must complete designated certificate programs. These programs may be completed full or part-time (in residence, through distributed learning courses, or a combination of the two methods). Part-time students will only be accepted into the scholarship program after completing seven or more courses required for completion of the designated IRMC certificate.

c. Retention students who are accepted into the DoD IASP administered through the IRMC are required to sign a student agreement before starting the program. Graduating IRMC students

will be required to attend a student development session before transitioning to their selected partner university.

d. Upon successful completion of the IRMC requirements, participants continue their studies at a partner university to complete their master's degree or doctorate. Full-time doctoral students complete most requirements in residence; full-time or part-time master's degree students may complete their degrees in residence or through distributed learning. Availability of distributed learning courses and part-time programs vary by the partner university.

e. Students entering partner universities will receive between 9 and 15 transfer credits toward completion of their advanced degrees, dependent on the selected university. The degree the participant earns varies by institution, but each degree includes an IA focus.

f. Civilian applicants must be a General Schedule (GS)-12 or above (or equivalent) and military applicants must be an O-4 or above.

g. Master's degree applicants must have a bachelor's degree with a minimum GPA of 3.0 out of 4.0 or equivalent. Ph.D. applicants must have a master's degree with a GPA of 3.2 out of 4.0 or equivalent. All degrees must be from regionally accredited colleges or universities. Additionally, DoD IASP partnering universities may require a higher grade point average and/or prerequisite courses.

h. Applicants must provide a copy of GRE or Graduate Management Admissions Test (GMAT) scores.

i. All applicants must possess at least a Secret clearance.

3. NPS

a. Civilian employees and military officers may apply for either a Master of Science (MS) or a Ph.D. in a variety of disciplines through the DoD IASP. Enlisted Service members may apply for the MS program. Students are nominated to begin the NPS in either January or July.

b. Both the MS and Ph.D. programs are completed in residence at the NPS. The MS program takes 7 to 8 academic quarters to complete, which corresponds to a 2-year program. All MS degree candidates at NPS must complete research and write a thesis. The Ph.D. program usually takes 3 years to complete. Ph.D. candidates must complete all requirements as specified by the particular departmental degree program and the NPS Academic Council. Both MS thesis and Ph.D. dissertation topics require written approval of the NPS DoD IASP Principal Investigator.

c. Applicant packages must include specified documentation, appropriate endorsements, and conform to the program requirements.

(1) Eligible pay grades are GS-9 (or equivalent) or higher; E-4 through E-9;

Warrant Officer (WO)-1 through WO-4; and O-1 or higher.

(2) Personnel entering MS programs must have a bachelor's degree with a minimum 3.0 GPA (on a 4.0 scale) or equivalent and must meet NPS admissions requirements.

(3) Ph.D. program requirements are determined individually based on universities attended, years since last degree, work-related accomplishments, and other factors. Generally, the NPS requires Ph.D. candidates to be in the upper half of their MS program peers.

(4) A copy of GRE or GMAT scores must be provided.

(5) All applicants must possess or be eligible to apply for and maintain a Secret clearance upon acceptance to the NPS.

APPENDIX 2 TO ENCLOSURE 3

DOD IASP NOMINATION PROCESS FOR RETENTION STUDENTS

1. SCHOLARSHIP APPLICANT DOCUMENTATION. All applicants must forward their nomination packages through appropriate DoD channels in accordance with DoD Component guidelines. Each applicant package must include:

a. Cover sheet, which must provide:

(1) Applicant contact information with office mailing and e-mail addresses and voice/fax phone numbers.

(2) Supervisor contact information with name, e-mail address, and voice/fax phone numbers.

(3) DoD Component contact information with name, e-mail address, and voice/fax phone numbers.

(4) List of previous colleges/universities attended, with school name, degree awarded, and GPA for each institution attended.

(5) Proposed institution (AFIT, IRMC and a partner university, or NPS). Applicants may provide up to three choices. Each choice must include the proposed degree program and start date. IRMC applicants must also include selection of student status (full-time or part-time) and the requested partner university student status (full-time or part-time).

b. Résumé.

c. Current Standard Form 50, "Notification of Personnel Action" (civilians only) available at <http://www.opm.gov/forms/pdfimage/sf50.pdf>.

d. Applicant's personal goals statement (4-6 pages, double spaced).

e. Recommendation from the individual's supervisor with the endorsement of the next level supervisor (recommendations and endorsements should highlight how the student's IA education will be used). All nominees must have the potential for further promotion.

f. A copy of GRE or GMAT scores.

g. Unopened, sealed, official transcripts for all undergraduate and graduate work along with a copy of each transcript. Original transcripts should not be opened by the DoD Components.

h. Documentation of the individual's security clearance. A Joint Personnel Adjudication System printout is acceptable.

i. Continued service agreement.

2. DoD COMPONENT NOMINATION PACKAGE. Since retention program scholarship quotas are not individually allotted by DoD Components, it is important for Components to prioritize their nominees, with alternates identified, as appropriate. The Components shall compile a single nomination packet containing all approved applicant packets. Nominee names should be listed in rank order priority with a cover letter that clearly identifies the following information for each nominee:

a. Proposed institution (AFIT, IRMC and a partner university, or NPS).

b. Proposed start date.

c. Desired degree.

d. Intent to attend as a full or part-time student. (Only applicable to IRMC and partner universities).

3. MAILING ADDRESS. One original of each nomination and applicant packet must be provided by January 31 to:

NSA
9800 Savage Road
Fort Meade, Maryland 20755-6744

ATTN: IASP/NIETP
Retention Program
I083, FANX III, Room B6A27
Suite # 6744

4. NOTIFICATION OF ACCEPTANCE. Subject to availability of funding, a determination of the number of scholarships to be awarded will be made by the DoD IASP Steering Committee. Once this determination is made, the DoD IASP Executive Administrator will coordinate with the three DoD schools to determine final acceptance of candidates. DoD Components will be formally notified of nominees' acceptances by March 31st.

APPENDIX 3 TO ENCLOSURE 3

DOD IASP SELECTION PROCESS FOR RECRUITMENT STUDENTS

1. DoD COMPONENT PARTICIPATION. DoD Components must forward notification of their intention to participate in the DoD IASP recruitment program to the DoD IASP Executive Administrator by January 31st of each year. Notification must include the name, phone number, e-mail address, and mailing address of the Component office of primary responsibility (i.e., designated key point of contact). The notification should also indicate the number of students and the specific academic disciplines and series/occupational code(s) sought to meet Component mission requirements. The key point of contact shall:

a. Assess DoD Component skill requirements and provide the annual recruitment student requirements (e.g., number of students, specific academic disciplines, and series/occupational code(s) sought) to the DoD IASP Executive Administrator.

b. Coordinate with human resources/recruitment offices to confirm DoD Component hiring abilities, ensuring resourced billets are available for graduating recruitment students selected.

c. Coordinate and distribute scholarship applicant review documents.

d. Identify technical DoD Component personnel who will review applicant credentials.

e. Complete required documentation during the student review process, including:

(1) Conflict-of-interest statements, which must be completed by evaluators for any university or student with whom the evaluator has a perceived conflict of interest (e.g., personal knowledge of student applicant).

(2) Non-disclosure sheet for each school reviewed.

(3) An assessment sheet for each student evaluated.

(4) Rank ordering of DoD Component selections and designated alternates.

2. SCHOLARSHIP APPLICANT NOMINATION. Students are nominated for the DoD IASP by participating CAEs. Each CAE is responsible for assessing each applicant's package and rating the candidates as "highly recommended," "recommended," or "not recommended." All applicant packages are forwarded to the DoD IASP Executive Administrator by February 28th of each year.

3. SCHOLARSHIP APPLICANT REVIEW. The DoD IASP Executive Administrator provides each participating DoD Component with a summary listing of annual recruitment applicants.

The summary listing includes each student's academic major, GPA, projected degree, and final graduation date; comments on the student's knowledge, skills, and attributes; and the CAE assessment rating. In addition, the participating Components are provided with a complete applicant package for each student who has been rated as "highly recommended" by the nominating CAE. Packets are mailed to the participating Components by March 31st annually.

a. All students rated as "highly recommended" or "recommended" are considered qualified applicants. Participating DoD Components may request additional packets on recommended students from the DoD IASP Executive Administrator.

b. Participating DoD Components may choose to evaluate students pursuing a specific major, those from a specific region or university, or to evaluate individuals with diverse educational backgrounds if the organization requires various types of expertise in IA/IT.

c. Copies of all evaluations and non-disclosure agreements from all DoD Component evaluators must be provided to the DoD IASP Executive Administrator for the record.

d. The list of selected scholarship applicants is finalized by April 30th each year. DoD Component evaluators are eligible to attend the final selection meeting.

4. SCHOLARSHIP RECIPIENT NOTIFICATION. Student notifications are issued no later than the first week in May. The DoD IASP Executive Administrator will notify students of the DoD Component selection through their respective university.

5. STUDENT ACCEPTANCE. Students are required to sign a participation agreement by May 31st. Once the signed student agreements have been received by the DoD IASP Executive Administrator, copies will be provided to the appropriate sponsoring DoD Component.

6. STUDENT HIRING. The student hiring process begins as soon as the DoD Component receives a copy of the student participation agreement, signed by the student, from the DoD IASP Executive Administrator.

a. In order to facilitate the student hiring process, DoD Components shall:

(1) Establish contact with students and their school's principal investigators.

(2) Provide students with required hiring forms and procedures.

(3) Initiate security clearances within 90 days of a student's acceptance into the scholarship program.

(4) Assign mentors to recruitment students.

(5) Notify the DoD IASP Executive Administrator regarding any delays or impediments to the hiring process.

b. Pursuant to the authority granted in section 2200a(g) of Reference (a) and the Under Secretary of Defense for Personnel and Readiness Memorandum (Reference (m)), DoD Components may appoint DoD IASP graduates to IT positions as members of the excepted service. Upon satisfactory completion of 2 years of substantially continuous service, Components may then convert these individuals to career or career-conditional appointments without competition.

7. QUARTERLY STUDENT STATUS REPORTING. The DoD Components participating in the DoD IASP recruitment program shall frequently communicate with their recruitment students and provide a quarterly update to the DoD IASP Executive Administrator on their students' status.

GLOSSARY

PART I. ABBREVIATIONS AND ACRONYMS

AFIT	Air Force Institute of Technology
ASD(NII/DoD CIO)	Assistant Secretary of Defense for Networks and Information Integration/Department of Defense Chief Information Officer
CAE	Center of Academic Excellence
CAE/IAE	Center of Academic Excellence in Information Assurance Education
CAE-R	Center of Academic Excellence in Information Assurance Research
DIRNSA	Director, National Security Agency
DoD IASP	Department of Defense Information Assurance Scholarship Program
GMAT	Graduate Management Admissions Test
GPA	grade point average
GRE	Graduate Record Examination
GS	General Schedule
IA	information assurance
IRMC	Information Resources Management College
IT	information technology
MS	Master of Science
NIETP	National Information Assurance Education and Training Program
NPS	Naval Postgraduate School
NSA	National Security Agency
Ph.D.	Doctor of Philosophy
WO	Warrant Officer

PART II. DEFINITIONS

The following terms and their definitions are for the purposes of this Instruction.

CAE. A collective term that refers to both CAE/IAE and CAE-R.

CAE/IAE. An institution of higher education that has met established criteria for IA education and has been jointly designated by the Department of Homeland Security and the NSA as a national center of excellence.

CAE-R. An institution of higher education which has met established criteria for IA research and has been jointly designated by the Department of Homeland Security and the NSA as a national center of excellence.

IA. Includes computer security, network security, cybersecurity, cyber operations, and other relevant IT related to information assurance per section 2200e(1) of Reference (a).

institution of higher education. Defined in section 1001 of title 20, U.S.C. (Reference (n)).

IT. Defined in section 11101 of title 40, U.S.C. (Reference (o)). For the purpose of this Instruction, this definition specifically applies to a DoD Component or a contractor under a contract with a DoD Component.

partner university. A CAE that has joined in academic partnership with the NDU IRMC to award master's and doctoral degrees through the DoD IASP.

principal investigator. The primary point of contact at each CAE, responsible for publicizing the DoD IASP to potential recruitment students and working with students during the application process. Principal investigators also serve as the primary contact for recruitment students and retention students who have transferred from the IRMC to a partner university.

recruitment program. The portion of the DoD IASP available to qualified non-DoD students currently enrolled or accepted for enrollment at a designated CAE.

recruitment students. Non-DoD students currently enrolled at a designated CAE who are active participants in the DoD IASP recruitment program.

retention program. The portion of the DoD IASP available to full-time, active duty Service personnel and permanent civilian employees of the DoD Components.

retention students. Full-time, active duty Service personnel and permanent civilian employees of the DoD Components who are active participants in the DoD IASP retention program.
