

FEDERAL ELECTION COMMISSION

1325 K STREET N.W.
WASHINGTON, D.C. 20463

REPORT OF THE AUDIT DIVISION ON THE UDALL '76 COMMITTEE

I. Background

This report covers an audit of the Udall '76 Committee and 27 affiliated committees undertaken by the Audit Division to determine whether there has been compliance with the provisions of The Federal Election Campaign Act of 1971, as amended ("the Act"). The audit was conducted pursuant to Section 438(a)(8) of the Act and Section 9038(a) of Chapter 96 of the Internal Revenue Code of 1954. Section 438(a)(8) of the Act directs the Commission "to make from time to time audits and field investigations with respect to reports and statements filed under the provisions of this chapter and with respect to alleged failures to file any report or statement required under the provisions of this chapter, and to give priority to auditing and field investigating of the verification for, and the receipt and use of, any payments received by a candidate under Chapter 96 of the Internal Revenue Code of 1954." Section 9038(a) of Chapter 96 states, "after each matching payment period, the Commission shall conduct a thorough examination and audit of the qualified campaign expenses of every candidate and his authorized committees who received payments under Section 9037."

The Udall '76 Committee ("the Committee") was designated as the principal campaign committee by the Honorable Morris K. Udall, and registered with the United States General Accounting Office on August 21, 1974.

Thomas Chandler, Jack Sakrison, Elias M. Romley and James Patrick Sr., were Co-Chairmen of the Committee from inception until November 26, 1975 when Stewart L. Udall was appointed National Campaign Manager and John Michael Quinn was appointed National Campaign Director. Stewart L. Udall was designated Chairman of the Committee on September 15, 1976.

Harry G. Karchmer was Treasurer of the Committee from inception until February 5, 1975 when Stanley Kurz was appointed Treasurer.

The Udall '76 Committee is comprised of the National Committee and 30 state and local committees. Each affiliated committee had its own treasurer and filed disclosure reports separately from the National Committee.

The following 27 affiliated committees were audited:

Those affiliated committees with a referenced appendix have findings and conclusions which require further consideration by the Commission.

The remaining three (3) affiliated committees that were not audited received no transfers from the National Committee and had reported \$1,518.02 in combined receipts.

The audit covers the period from January 1, 1975 through June 30, 1978. The Committee and its affiliates reported a combined beginning cash balance of \$8,465.10, total receipts (less inter-Committee transfers) of \$5,181,375.39, total expenditures (less inter-Committee transfers) of \$5,166,015.37 and ending cash of \$16,835.52 on March 31, 1978. 1/

The difference between the calculated ending cash of \$23,825.12 and reported ending cash of \$16,835.52 is \$6,989.60. This difference is composed of the following elements:

a.	Ending cash reported by affiliated state committees at termination	\$ 936.51
b.	Incorrect arithmetic calculations of reported totals by affiliated state committees	3,384.73
c.	Difference between reported transfers of the National Committee and affiliated state committees	<u>2,113.36</u>
	Difference Between Reported and Calculated Ending Cash	<u>\$6,989.60</u>

This audit report is based on documents and working papers supporting each of its factual statements. They form part of the record upon which the Commission based its decisions on the matters in this report, and were available to Commissioners and appropriate staff for review.

II. Findings and Conclusions

A. Title II Reporting and Recordkeeping

1. Contribution Limitations

Section 441a(a)(1)(A), of Title 2, United States Code, prohibits a person from making contributions to any candidate and his authorized political committees with respect to any election for Federal office which, in the aggregate, exceed \$1,000.

Twenty (20) contributors, who had exceeded the \$1,000 contribution limitation were identified during the review of the Committee's matching fund submission and the Schedule A's filed with its disclosure reports. The total value of the excessive portion of these contributions is \$5,612.00.

1/ The Committee filed a FEC Form 3a for the second quarter of 1973.

On November 15, 1978, the Commission determined that the Committee was required to refund the excessive contributions and submit to the Audit staff copies of both sides of the refund checks or provide an explanation to clarify the apparent excessive contributions.

To date the Committee has supplied documentation to show that refunds have been made to the 20 contributors, but have not provided evidence of negotiation of the check for six (6) of these refunds totaling \$1,612.00. The Committee has stated that difficulty in obtaining a current address, and unanswered letters account for three (3) of the incomplete transactions.

Recommendation

We recommend no further action.

2. Supporting Documentation for Expenditures

Section 432(d) of Title 2, United States Code, requires the treasurer to obtain and keep a receipted bill, stating the particulars, for every expenditure made by or on behalf of a political committee in excess of \$100, and for any such expenditure in a lesser amount if the aggregate amount of such expenditures to the same person during the calendar year exceeds \$100.

Section 102.9(c) of Title 11, Code of Federal Regulations, requires that when a receipted bill is not available, the treasurer may keep the cancelled check showing payment of the bill; and the bill, invoice or other contemporaneous memorandum of the transaction. Section 102.9(e) requires the treasurer to use his or her best efforts to obtain the required information, and keep a complete record of the efforts to do so.

The Committee itemized expenditures totaling \$3,790,995.26 during the period January 1, 1975 through June 30, 1978. The Treasurer failed to retain a received bill, invoice or contemporaneous memorandum for 64 expenditures totaling \$41,495.39. However, each was supported by a cancelled check.

On November 15, 1978, the Commission determined that the Treasurer was required to obtain the documentation and submit copies for review or present evidence of his efforts to do so for our review within 30 days of notification.

The Committee has obtained documentation in the form of received bills, and signed letters from the payee acknowledging receipt of the check (including a brief description of the purpose of the expenditure) for 14 expenditures totaling \$5,410.46. In addition, letters were sent requesting receipts for 35 expenditures totaling \$32,107.94. This leaves 15 expenditures totaling \$3,977.49 for which no evidence of efforts to obtain the required information has been submitted.

Recommendation

We recommend that the Committee response be considered best efforts, requiring no further action.

3. Transfers Between Presidential and Congressional Principal Campaign Committees

Part 110.3(a)(2)(v) of Title 11, Code of Federal Regulations states that transfers shall not be limited between principal campaign committees of a candidate seeking nomination or election to more than one Federal office, as long as the candidate did not receive funds under 26 U.S.C. 9006 or 9037, and the limitations on contributions by persons are not exceeded by the transfer. To assure this, the contributions making up the funds transferred shall be reviewed, beginning with the last received and working back until the amount transferred is reached.

Between November 18, 1976 and December 14, 1976, the Committee received transfers totaling \$23,000.00 from the Udall Election Committee, the principal campaign committee of the Candidate's congressional campaign.

These transfers were made for the purpose of paying Committee debts. At the time of the transfers, the Congressional Committee neither provided nor did the Presidential Committee request the identity of the contributions making up the funds transferred.

On November 15, 1978, the Commission determined that the Committee was required to obtain from the Congressional Committee the identity of the contributors whose contributions made up the funds transferred. Further, if any contributor's limitation had been exceeded, when these contributions were added to the contributions already made to the transferee Principal Campaign Committee, the value of the excessive contributions be returned to the contributor.

The Committee has obtained the contributor information from the Congressional Committee, and identified 11 contributors who had exceeded their contribution limitations. The total value of their excessive contributions totaled \$2,225.00.

The Committee has submitted documentation indicating that refunds have been made to each contributor, but has not provided evidence of negotiation of the check for seven (7) of the refunds totaling \$1,775.00.

Recommendation

We recommend that the Committee refund to the Idall Election Committee, an amount equal to those refunds issued, and not cashed by the original contributor.

4. Disclosure of Contributor's Occupation and Principal Place of Business

Section 434(b)(2) of Title 2, United States Code, requires each report to disclose the full name and mailing address (occupation and principal place of business, if any) of each person who has made one or more contributions to or for such committee within the calendar year in an aggregate amount in excess of \$100, together with the amount and date of such contributions.

The Committee did not disclose the contributor's occupation as required for 355 of the 1,396 contributors tested for the period January 1, 1975 through December 31, 1977. This represents an approximate error rate of 25% for those contributors reviewed. In addition, the Committee did not disclose the contributor's principal place of business as required for 447, or 32% of the 1,396 items.

In an attachment to the Committee's April 1976, monthly FEC report, the Committee stated that an effort was being made to obtain the necessary information and that when received, both the master file and FEC reports would be amended.

On May 4, 1977, the Committee responded by letter to a request from the Reports Analysis Division concerning the April 10, 1977 Quarterly report of Receipts and Expenditures, noting that questionnaires had been included in the solicitations, and that in some cases, second requests had been sent. The Committee felt that they had used "best efforts" to obtain the required information.

On November 15, 1978, the Commission determined that the Committee was required to obtain the missing information and file an amended disclosure report or present evidence of their efforts to obtain the missing information within 30 days of notification.

In a response to our recommendations, the Committee reiterated its opinion that a "best efforts" attempt had been made to obtain the contributor information, and again stated that all solicitations contained a questionnaire requesting contributor occupation and principal place of business, and that letters had been sent by the Committee to obtain missing information. To support this, the Committee included copies of their solicitations, and copies of 22 letters (10 responses included) sent to contributors specifically asking for their occupation and principal place of business. Though the letter stated that the 22 letters composed only a sample of the letters sent, no information was included as to additional contributors receiving letters, or total number of letters sent. Also, the Committee stated that the Udall '76 contributor master list given to the Audit Division for matching fund purposes, was the most complete source of contributor information, and if necessary should represent the Committees disclosure report amendment.

Finally, the Committee stated that "in cases where the contributor information is incomplete, we (the committee) can only assume that the contributor did not wish to comply."

In a test of the Udall '76 contributor list as an information source, the 355 contributors lacking the requisite contributor occupation information were traced to the master list. Additional information was found for only one (1) contributor traced.

Recommendation

In consideration of the result of a recent court case regarding similar information, we recommend no further action on this matter. 1/

5.1 Disclosure of Transfers-In

Section 434(b)(4) of Title 2, United States Code, requires each report to disclose the name and address of each political committee from which the reporting committee received any transfer of funds, together with the amounts and dates of all transfers.

Four (4) non-affiliated committees itemized transfers-out to the Committee in a total amount of \$7,190.00 between October 21, 1975 and May 3, 1976 (see Attachment A, Page 19). The Committee did not itemize these transfers-in on any FEC disclosure report filed.

On November 15, 1978, the Commission determined that the Committee was required to determine if these transfers had been received, and to amend their disclosure reports itemizing the transfers as required.

On March 5, 1979, the Committee submitted a letter stating that three (3) of the transfers-in totaling \$5,190.00 were received and reported, but not itemized as required. The fourth (4) transfer was received, but according to Committee officials returned uncashed due to limitation questions.

Recommendation

Since the Committee filed a letter on March 5, 1979 itemizing the transfers, we recommend that no further action be taken on this matter.

1/ FEC v. Citizens For Reagan et al
NO. 78-1160 (D.D.C. March 1, 1979)

B. Apparent Unqualified Campaign Expenses

Section 9038(b)(2) of Title 26 of the United States Code provides that if the Commission determines that any amount of any payment made to a candidate from the matching payment account was used for any purpose other than: to defray the qualified campaign expenses with respect to which such payment was made; or to repay loans the proceeds of which were used, or otherwise to restore funds (other than contributions to defray qualified campaign expenses which were received and expended) which were used, to defray qualified campaign expenses it shall notify such candidate of the amount so used, and the candidate shall pay to the Secretary or his delegate an amount equal to such amount.

Section 9032(9)(A) of Title 26 of the United States Code defines a qualified campaign expense as a purchase, payment, distribution, loan, advance, deposit, or gift of money or of anything of value incurred by a candidate, or by his authorized committee, in connection with his campaign for nomination or election; and neither the incurring or payment of which constitutes a violation of any law of the United States or the state in which the expense is incurred or paid.

1. Traffic Fines

Our review of Committee expenditure records disclosed that the Wisconsin Udall '76 Committee made expenditures for traffic fines totaling \$413.00.

On March 5, 1979, the Committee submitted a check to the Audit Division made payable to the United States Treasury for \$413.00.

Recommendation

We recommend no further action.

2. Inadequately Supported Expenditures

Our review of the National and affiliated committee's expenditures show records which consist of cancelled checks, memoranda of their efforts to contact the vendor/payee to obtain particular descriptions of the goods or services rendered, payment vouchers, expense authorizations, reimbursement authorizations, statements of debt settlements, and vendor statements of account. Expenditures totaling \$163,614.50 were not supported by sufficient documentation to establish the expenditure's connection to the campaign.

On November 15, 1978, the Commission determined that absent a showing to the contrary, these expenditures were unqualified campaign expenses and repayable to the United States Treasury. Subsequently, in December 1978, the Commission determined that payments to vendors would be considered adequately documented if supported by a cancelled check only, thereby reducing the amount of unsupported expenditures to \$76,824.46. The Committee then obtained and submitted documentation in the form of received bills and letters from payees for an additional \$15,082.59 in expenditures, leaving a balance of \$61,741.87 not supported by sufficient documentation to establish the expenditure's connection to the campaign.

A detailed listing of all insufficiently documented expenditures, displayed separately by Committee, is presented in Attachments 1 through 20 (Pages 41-88).

Recommendation

We recommend that the Commission determine that expenditures totaling \$61,741.87 are unqualified campaign expenses requiring an equal amount to be repaid to the United States Treasury.

3. Allocation of State Expenditures

Section 441a(b)(1) of Title 2 of the United States Code provides that "no candidate for the Office of President of the United States who is eligible under Section 9003 of the Internal Revenue Code of 1954 (relating to condition for eligibility for payments) or under 9033 of the Internal Revenue Code of 1954 (relating to eligibility for payments) to receive payments from the Secretary of the Treasury may make expenditures in excess of -

(A) \$10,000,000, in the case of a campaign for nomination for election to such office except the aggregate of expenditures under this subparagraph in any one state shall not exceed the greater of 16 cents multiplied by the voting age population of the State or \$200,000..."

The expenditure limitation established for the State of New Hampshire for the 1976 Primary election was \$213,200.00. The Committee reported expenditures allocated to the State of New Hampshire in the amount of \$54,070.58 for the period January 1, 1975 through June 30, 1978. The New Hampshire Udall '76 Committee, an authorized Committee of the Candidate, reported expenditures of \$158,128.60 in the State of New Hampshire. Thus, the consolidated, reported total expenditures of the Committee and its State affiliates in New Hampshire equals \$212,199.18. This amount was reflected on the Committee's FEC Schedule 3c, (Allocation of Primary Expenditures by State for a Presidential Candidate).

During the course of our audit we determined that the following Committee expenditures should have been allocated to the State of New Hampshire:

- | | | |
|----|---|----------------------|
| A. | American Express Charges | 3,647.89 |
| | (see Attachment B, Page 20). | |
| B. | Concord Bank Expenditures | 5,265.39 |

2. Massachusetts Radio 1,577.90
Allocated to New

Additional expenditures \$31,475.70
to be allocated to New Hampshire

Therefore, it appeared the Committee and its affiliates actually spent \$243,674.38 allocable to the State of New Hampshire, an amount which exceeds the State expenditure limitation by \$25,474.38.

On November 15, 1978, the Commission determined that absent a showing to the contrary, the amounts expended in excess of the limitation, were unqualified campaign expenses requiring an equal amount to be repaid to the United States Treasury.

The Committee submitted a letter responding to this preliminary determination as follows:

Items A, B, and C above. The Committee does not contest these determinations.

D. Major Print Production produced specifically for New Hampshire election.

The Committee stated that the material was not of satisfactory quality and was not used. (See Exhibit B, page 142). As evidence of this, the Committee submitted a letter from the New Hampshire treasurer stating that the brochures were not used, and were disposed of after the campaign. No additional evidence was submitted to support this contention. The Audit staff recommends that the Commission determine that this explanation is not sufficient to demonstrate that these expenditures should not be charged to the New Hampshire limitation.

E. Weston Associates (see Attachment B).

The Committee states that 50% of this amount should be considered fundraising. Again, no evidence such as copies of the materials purchased were submitted for review (see Exhibit B, page 142).

The Audit staff recommends that the Commission determine that this explanation is not sufficient to demonstrate that these expenditures should not be charged to the New Hampshire limitation.

F. Massachusetts Advertising Expenditures

(1) Massachusetts TV Allocated to New Hampshire

The Committee states that the expenditures for television in the Boston area should be allocated to Maine, Vermont, New Hampshire, Connecticut, Rhode Island, and Massachusetts based on voting age population (see Exhibit B, page 142). However, with the exception of Vermont where the Candidate did not appear on the primary election ballot and Massachusetts where the majority of the expenditures have been allocated, the primary election or state convention in these states occurred approximately three to four months after the advertising was aired.

In addition, the staff allocations are based on broadcast area, and station dominant influence statistics published for the Boston area television market.

Therefore, the Audit staff recommends that the Commission reject the Committee's calculation based on voting age population.

(2) Massachusetts Radio Allocated to New Hampshire

The Committee submitted invoices totaling \$6,196.01 for radio time purchases made by New Hampshire, from stations located in Maine, Vermont, and Massachusetts. In addition the Committee contends that if Massachusetts radio purchases are to be allocated to New Hampshire, a portion of New Hampshire radio purchases should then also be allocated to Massachusetts. *

As noted before, the Audit staff rejected the allocation of radio time purchased by New Hampshire to Maine and Vermont, due to the Candidate's absence on the Vermont ballot, the date of the Maine convention, and due to the cessation of broadcasting on the New Hampshire primary date. However, after discussion with the Office of General Counsel, it was decided that since radio time had been purchased by both the New Hampshire and Massachusetts committees, that radio purchases should be applied to the limitation of the purchasing state. Therefore, the Audit staff recommends that the Commission reject the allocation of New Hampshire radio purchases to Massachusetts, and delete the previous allocation of \$1,577.90 in Massachusetts radio time to New Hampshire.

* This argument does not apply to Television purchases, since New Hampshire television was purchased solely in the Boston market.

In addition, the Committee submitted recalculations affecting its own expenditures to be allocated to the State of New Hampshire, and reported expenditures of the New Hampshire Udall '76 Committee. The recalculations were as follows:

Allocable Salaries

The Committee allocated \$35,803.96 in salary payments to workers in New Hampshire. The Committee contends that no allowance was made for time spent in fundraising, or exempt legal and accounting activities. Therefore, the Committee has reduced the allocated salary payment by \$8,690.69 to \$27,113.27. The Committee did not document how an individual's time spent in these activities was determined.

The Audit staff determined that the individuals involved held positions such as Administrative Director, Chairperson, New Hampshire Coordinator, etc., therefore, it is reasonable to assume that these individuals would be involved in fundraising, legal and accounting activities. The Audit staff therefore recommends that the Commission determine that the Committee's salary recalculation be accepted.

Out of State Expenditures

The Committee submitted documentation for expenditures paid for by the New Hampshire Udall '76 Committee which the Committee contends were activities conducted outside of New Hampshire, or are exempt from allocation.

The documentation totaled \$7,684.36, and consisted mainly of long distance telephone calls made from New Hampshire to out of state locations. No phone logs were submitted by the Committee to support the reallocation.

Due to lack of adequate documentation, the Audit staff determined that long distance calls made prior to February 24, 1976, the date of the New Hampshire primary, and calls made after the primary to New York and Washington, D.C., locations of Committee headquarters, should not be accepted as non-New Hampshire related. Therefore, after review of the documentation, the Audit staff recommends the acceptance of \$2,812.47 as New Hampshire expenditures allocable to other states.

The Audit staff recommends that the Commission reject the Committee reallocation of \$4,372.39 in reported New Hampshire expenditures, as expenditures allocable to other states.

Summary of Expenditures Subject to New Hampshire Limitation

Amounts Allocated by Committee at the time of the audit	\$212,199.18
Less allocation of salaries to Legal Accounting, and Fundraising Costs	(8,690.69)
Less Expenditures paid from New Hampshire Account Allocable to Other States	(2,812.47)
Plus Amounts Contained in Items A-F above	31,475.70
Less Massachusetts Radio Previously Allocated to New Hampshire	(1,577.90)
Total Expenditures Allocable to the 1976 New Hampshire Primary Election	\$230,593.82
Less Limitation Established for the 1976 New Hampshire Primary Election	<u>(213,200.00)</u>
Expenditures in Excess of Limitation	<u>\$ 12,393.82</u>

Recommendation

The Audit staff recommends that expenditures totaling \$12,393.82 be considered unqualified campaign expenses and repayable to the United States Treasury.

C. Repayment

1. Surplus Matching Fund Payment

Section 134.3(c)(2) of Title 11, Code of Federal Regulations, provides that if, on the last day of candidate eligibility there are net outstanding campaign obligations, any matching funds received thereafter may be retained for a period not exceeding 6 months after the end of the matching payment period in order to liquidate those obligations. However, as of the date when the amount or amounts of matching funds received after ineligibility equal(s) the amount of the candidate's net outstanding campaign obligations, the candidate shall be obliged to repay to the Treasury that portion of any unexpended balance remaining on that date in the candidate's accounts (less the matching payments so received), which bears the same ratio to such balance as the total amount bears to the aggregate of all contributions and matching funds deposited in all the depositories through that date.

The Commission preliminarily determined June 14, 1976, to be the day on which the Honorable Morris K. Udall's candidacy terminated for the purpose of incurring qualified campaign expenses. The Candidate was so informed by letter. On June 26, 1976, the Candidate sent a letter to the Commission which enclosed a statement attesting to the Committee's net outstanding campaign obligations as of June 14 but also stating that this submission was "not a recognition that (his) campaign is inactive for purposes of making qualified campaign expenditures under Chapter 36 of Title 26."

The statement submitted by the Candidate showed net outstanding obligations totaling \$662,700 on June 14, 1976. The amount of matching payments certified after that date equaled \$457,793.11. The Candidate has never disputed the application of June 14, 1976, as his date of ineligibility for purposes of calculating net outstanding campaign obligations.

Recommendation

Since the amount of matching payments received after the date of ineligibility never equaled the Committee's net outstanding campaign obligations on the date of ineligibility, no repayment of surplus matching funds is required.

2. Unmatchable Contributions

Section 9038(b)(1) of Title 26 of the United States Code provides that if the Commission determines that any portion of the payments made to a candidate from the matching payment account was in excess of the aggregate amount of payments to which such candidate was entitled under Section 9034, it shall notify the candidate, and the candidate shall pay to the Secretary or his delegate an amount equal to the amount of the excess payments.

The Committee submitted a series of contributions totaling \$850.00 for matching and listed them as contributions from a single contributor. The Committee received \$250.00 in public funds for these contributions. During the audit, we found that only \$25.00 of the \$850.00 was in fact a contribution from the identified individual. The residual \$825.00 was from numerous individuals in amounts equal to or less than \$100 collected by that individual. The individual who collected the contributions transmitted the funds by check.

The individual provided the Committee a detailed accounting of the transmitted contributions, but the Committee mistakenly attributed the contributions received to the signatory of the contribution checks.

On March 5, 1979, the Committee submitted a check to the Audit Division made payable to the United States Treasury for \$225.00.

Recommendation

We recommend no further action.

IV. Auditor's Statement

Except for the matters specifically noted in this report, and the attached appendices, the audit disclosed that the Committees conducted their activities in conformity with the Federal Election Campaign Act of 1971, as amended, and in conformity with Chapter 96 of Title 26, U.S.C., in all material aspects.

ILLINOIS UDALL '76 COMMITTEE

Findings and Conclusions

A. No Records Presented for Audit

Section 104.12(b) of Title 11, Code of Federal Regulations requires, in part, each candidate, political committee, or other person required to file any report or statement under this subchapter to maintain records with respect to the matters to be reported which shall provide in sufficient detail the necessary information and data from which the filed reports and statements may be verified, clarified and checked for accuracy and completeness.

The entire filing history of the Committee consisted of FEC Forms 3a, for the first and second quarters of 1976, and two letters. In one letter, the Treasurer stated that the Committee collected \$1,100 in receipts and made approximately \$450 in expenditures. The other letter indicates that the Committee has terminated. There were no residual funds and all funds not spent directly by the Committee were forwarded to the National Committee. The National Committee reported transfers to the Committee totaling \$750.00 during March, 1976.

The Audit staff and the Udall '76 National Committee made several unsuccessful attempts to contact the Treasurer. As a result, we were unable to obtain the necessary records with which to verify reports and statements filed by the Committee.

On November 15, 1976, the Commission determined that the National Committee was required to obtain and submit for our review the necessary records to verify the Committee's reports of receipts and expenditures within 30 days of receipt of notification.

To date, the National Committee has been unable to contact the Illinois Udall '76 Treasurer.

Recommendation

Since the National Committee has been unsuccessful in its attempts to contact the Committee Treasurer, and since the \$750.00 transfer to the Committee has been included as a Title 26 unsupported expenditure, the Audit staff recommends that no further Committee action be required.

Appendix D

UDALL MARYLAND CAMPAIGN

Findings and Conclusions

A. Contributions Made in Excess of Limitations

Section 441a(a)(1)(A) of Title 2, United States Code, prohibits a person from making contributions to any candidate and his authorized political committee with respect to any election for Federal office which, in the aggregate, exceed \$1,000. Section 441a(f) of Title 2, United States Code, states, in part, that no political committee shall knowingly accept any contribution in violation of the provisions of this section.

The Committee received contributions from a contributor totaling \$1,050.00. This total consisted of two (2) loans received on May 10 and May 12, 1976 totaling \$850.00 and other contributions of \$200.00. The loans remained outstanding until repaid on December 17, 1976. Contributions totaling \$600.00 had been made by the contributor to the National Committee prior to the existence of the Committee. These contributions were not aggregated by either the National Committee or the Maryland Udall Campaign.

Recommendation

Since the Committee has repaid the loan, we recommend no further action in this matter.

Findings and Conclusions

A. Supporting Documentation for Expenditures

Section 431(d) of Title 2, United States Code, requires the treasurer to obtain and keep a receipted bill, stating the particulars, for every expenditure made by or on behalf of a political committee in excess of \$100 in amount and for any such expenditure in a lesser amount, if the aggregate amount to the same person during a calendar year exceeds \$100. Section 102.9(c)(4) and (e) of Title 11, Code of Federal Regulations provides that when a receipted bill is not available, the treasurer may keep a cancelled check, showing payment of the bill; and the bill, invoice or other contemporaneous memorandum of the transaction or use his or her best efforts to obtain the required information, and keep a complete record of the efforts to do so.

The Committee made 253 expenditures totaling \$161,370.89 which require supporting documentation. The Treasurer did not retain a receipted bill, invoice, or contemporaneous memorandum for 20 of those expenditures requiring documentation. These 20 expenditures total \$11,989.48. Each expenditure was supported by a cancelled check.

On November 16, 1978, the Commission determined that the Treasurer was required to obtain the required documentation and submit copies for our review or present evidence of her efforts to do so within 30 days of notification.

The Committee submitted receipted bills, and letters signed by payees acknowledging receipt of the checks for 17 expenditures totaling \$11,062.48. In addition, the Committee sent letters requesting documentation for the three (3) remaining expenditures totaling \$927.00.

Recommendation

We recommend that due to the Committee's efforts to comply with the Commission's recommendations, that no further action be required.

Appendix K

NEW MEXICO UDALL '76 COMMITTEE

Findings and Conclusions

Pursuant to Commission directive, the Committee forwarded its records to Washington, D.C. where we conducted our examination. Consequently, Committee officials were not available for comment during or at the completion of our examination.

A. Failure to File

Section 434(a)(3) of Title 2 of the United States Code, and the "Notice to Presidential Candidate Committees of January 19, 1976", requires presidential candidates and their authorized committees to file monthly reports in an election year. In addition, Section 104.1(c)(3)(ii) of Title 11, Code of Federal Regulations, requires that a political committee shall continue to file required reports until terminated.

The Committee registered with the Commission on March 10, 1976, and filed reports through April 30, 1976. The Treasurer failed to file reports for the period May 1, 1976 through December 6, 1977. During that period, the Committee collected \$3,443.54 in receipts and made expenditures totaling \$3,327.18. According to the Treasurer, the reports were not filed because of personal problems unrelated to Committee activity. At the request of the Audit Division, on December 9, 1977, the Committee filed reports for the above period.

Recommendation

Although the FEC disclosure reports were not filed on a timely basis, the reports have been received and placed on public record. Therefore, we recommend that no further action be taken in this matter.

B. Other matters noted during the audit of the New Mexico Udall '76 Committee were referred to the Office of General Counsel on June 7, 1979.

Appendix L

NEW YORK UDALL '76 COMMITTEE

Findings and Conclusions

A. Matters noted during the audit of the New York Udall '76 Committee were referred to the Office of General Counsel on June 7, 1979.

B. Other Matters

The following is an item noted during the course of the audit, for which no Committee action is required:

1) During the period March 20, 1976 through April 9, 1976, an individual made contributions totaling \$213.00. On March 18, the same contributor loaned the Committee \$900.00 which was not repaid until April 22, 1976. Therefore, for the period March 31, 1976 through April 22, 1976, the contributor exceeded the contribution limit established by Section 441a(a)(1)(A) of Title 2, United States Code.

OREGON UDALL '76 COMMITTEE

Findings and Conclusions

A. Contribution Limitations

Section 441a(a)(1)(A) of Title 2, United States Code, provides, in part, that no person shall make contributions to any candidate and his authorized political committees with respect to any election for Federal office which in the aggregate exceed \$1,000.00.

The Committee received a contribution of \$250.00 on December 4, 1975, and a loan of \$1,000.00 from the same person on March 26, 1976. The debt of \$1,000.00 was subsequently transferred to the National Committee. Upon learning that the above contributor had exceeded his contribution limitation by \$250.00, the Treasurer notified the National Committee. The National Committee repaid half of the loan (\$500.00) on October 19, 1976, thereby bringing the total amount of contributions received from the contributor down to \$750.00. Although the Committee has taken action to return the excess contribution, the contributor had exceeded his limitation by \$250.00 for a period of seven (7) months.

Recommendation

Since the Committee has returned the excess contribution, we recommend no action be taken in this matter.
