align="left" alt="Secretary Shaun Donovan" width="15" height="20">
```

## 6 SLIDESHOWS

Slideshows are controlled by JavaScript that cycles photos entered via the content management system. Styles for slide content are predefined in the HUD.gov style sheet.

### **6.1 SLIDESHOW GUIDELINES:**

The following guidelines are recommended to ensure visual continuity and legibly of slide content:

- Preferably, descriptions should be 180 characters in length or less (approx. 30 words)
- Preferably, headlines should be no more than 4 lines tall

In addition to general image guidelines, slideshow images must adhere to these rules as well:

- Each image should be accompanied by an appropriate caption
- Images are automatically resized to fit the slideshow area. To prevent image degradation and distortion, image size should be 400x225 pixels. Photos that do not adhere to these dimensions will show up stretched or distorted.

**Note**: For slideshow images smaller than the specified size, a background image (<u>ss bg.jpg</u>) is available in the content management system for use to fill in the surrounding space.

#### Serving Those Who have Served

April Tey Brown, Public Affairs Specialist, HUD's Office of Public Affairs

I come from a long line of service members so it was no surprise to my family when I decided to join the U.S. Air Force at the young age of 19. For six years, I proudly served my country on active duty. I traveled around the world and made some amazing friends. It was a wonderful experience and I wouldn't change it for the world! As a veteran, I make it a point to know and understand all the benefits that are available to veterans.

VHPD also supports the Obama Administration's far-reaching and ambitious strategic plan to prevent and end homelessness. Last month, Donovan and 18 other federal agencies unveiled *Opening Doors*, an unprecedented federal strategy to end veteran and chronic homelessness by 2015, and to end homelessness among children, families, and youth by 2020.
