

WELCOME to the West Point Cemetery, America's oldest military post cemetery and a national historic landmark.

Located within the gates of the United States Military Academy, the cemetery provides a serene locale for the thousands of visitors who walk the grounds each year.

Prior to its designation as a military cemetery in 1817, the grounds were used by local residents for burials, and the graves of Soldiers from as far back as the Revolutionary War can be found here.

The interred include distinguished Soldiers, Medal of Honor recipients, astronauts, athletes, and family members.

THE OLD CADET CHAPEL

stood across from the clock tower at Bartlett Hall until 1910, when, instead of demolition, it was moved to the cemetery at the request of the cadets who wished to save it for posterity.

VISITORS are welcome seven days a week, year-round, from sunrise to sunset. Parking is available on-site at the cemetery.
