## GENERAL INSTRUCTIONS

**Purpose of the report**—reports are required to obtain data for estimating the international transactions accounts of the United States.

**Who must report**—Reports are required from U.S. agents on behalf of foreign ocean carriers. U.S. agents are steamship agents and other persons representing foreign carriers in arranging ocean transportation between U.S. and foreign ports and in arranging for port services in the United States. U.S. agents must report all relevant transactions of which they have knowledge. They must report information on port services provided or obtained by them for foreign carriers. They must also report, to the extent of their knowledge, information on port services provided by third persons. For example, agents who approve invoices for payment by foreign carriers for port services provided by third persons should include that information in preparing this report.

Explain briefly any omission of data (for example, no access to this information, services not purchased by foreign carrier, etc.) and if known, any information about who could provide this data would be helpful.

Foreign carriers must report expenses for services not reported or provided by U.S. agents.

Carriers are owners or operators of dry cargo, passenger (including cruise and combination) and tanker vessels calling at U.S. ports. The term carriers also includes VLCC tankers discharging petroleum offshore destined for U.S. ports. Foreign carriers are those whose residence is outside the United States.

Foreign carriers include those who own or operate their own or chartered (U.S.-flag or foreign-flag) vessels. They also include foreign subsidiaries of U.S. companies operating their own or chartered vessels as carriers for their own accounts. Where the vessels under foreign registry are operated directly by a U.S. carrier for its own account, the operation of such vessels should be reported on Form BE-30, Ocean Freight Revenues and Expenses of U.S. Carriers.

### What must be reported

**For liner services, including cruise vessels**—Each U.S. agent must report the port expenses of all liner carriers that the U.S. agent represents. Include all the vessels of that carrier calling at U.S. ports. If the agent represents the carrier in more than one U.S. port, then a consolidated report should be filed.

Otherwise, please advise us which port(s) you are filing for. The types of expenses to be reported are included under specific instructions. A separate form should be used for each carrier.

## SPECIFIC INSTRUCTIONS

**Nationality of carrier**—Report the foreign carrier's name and country of residence, that is, the country in which the home office or principal place of business is located. This may differ from the country of registration, or flag, of the vessels operated. A separate report is required for each carrier.

### Types of service

**Liner**—Dry cargo, passenger, or combination vessels operating on a definite, advertised schedule, giving relatively frequent sailings at regular intervals between U.S. and foreign ports.

**Tramp**—Dry cargo vessels operating on an irregular or unscheduled basis.

**Tanker**—Vessels ordinarily engaged in carriage of liquid cargo.

### Expenses

**Port call expenses**—Report expenses related to calling at U.S. ports. Include expenses for services such as pilotage; towing and tugboat services; lines; surveys; documentation; harbor fees; berth fees; etc.

**Cargo expenses**—Report expenses related to loading, unloading, and storing cargo at U.S. ports. Report expenses such as those for stevedoring; for handling bulk cargoes, containers, barges, etc.; for lighterage; for container and barge rentals; and for warehouse and terminal rentals and expenses.

**Fuel expenses**—Report expenses for fuels and oils (bunkers) taken on

**For tramp and tanker services (dry or liquid bulk)**—Report the expenses of 10 separate port calls for these services. The expenses of the port calls selected should be representative of the type of service, size, and nationality of vessel that you handle. Select the port calls for which you have the most information. It is not necessary to include the expenses of the same vessel making more than one port call in the given calendar year. A separate form should be used for each port call.

**Exemption**—A U.S. person otherwise required to report is exempted from reporting if the total number of port calls by foreign vessels handled in the reporting period is fewer than 40 or total covered expenses are less than \$250,000. For example, if an agent handled fewer than 40 port calls in a calendar year, the agent is exempted from reporting. If the agent handled 40 or more calls, the agent must report unless covered expenses for all foreign carriers handled by the agent were less than \$250,000. The determination of whether a U.S. person is exempt may be based on the judgment of knowledgeable persons who can identify reportable transactions without conducting a detailed manual records search.

**How to report**—Use this form to report information in accordance with instructions and definitions given here. Report expenses in thousands of dollars and shipping weights in thousands of long tons (2,240 pounds).

**Where to send report**—Return reports to U.S. Department of Commerce, Bureau of Economic Analysis, Balance of Payments Division (BE-58), Washington, DC 20230 or file reports electronically using the eFile system. For more information on the eFile system, visit the Bureau's Web site [www.bea.gov](http://www.bea.gov).

**Frequency**—A report must be filled for each calendar year within 90 days after the end of the year.

**United States**—Includes the 50 states, the District of Columbia, Puerto Rico, and U.S. possessions and territories.

**Foreign countries**—Consists of all other countries and areas.

in U.S. ports. Do not report fuel and oil expenses incurred in foreign ports even though payments for them are made to U.S. companies.

**Other vessel expenses**—Report other (nonfuel) operating expenses such as stores and supplies, vessel repairs, and personnel expenses in the United States.

**Other expenses**—Report other U.S. expenses of foreign carriers related to U.S. operations. Report expenses—such as, but not limited to, U.S. agents' and brokers' fees and commissions—and expenses related to maintaining U.S. offices, such as rent, advertising, and wages.

**Total expenses**—Report all expenses incurred by foreign operators in the United States. This should equal the sum of expenses reported above.

**Expenses not reportable on this form**—Do not include insurance for cargoes and vessels. Do not include vessel leasing expenses, capital transfers such as vessel mortgage payments for principal and interest, depreciation expense, and payments for equipment and supplies for which Shippers Export Declarations were filed with the U.S. Customs Service.

**Shipping weight of cargo handled**—Report shipping weight (in long tons of 2,240 pounds) of total export and import cargo handled by foreign carriers included in this report and for which cargo expenses were reported above.
