

TABLE OF CONTENTS

Preface	iii
---------------	-----

Executive Summary	i
-------------------------	---

CHAPTERS

1	3
---------	---

Introduction

2	7
---------	---

Effects of Climate Change on Energy Use in the United States

3	29
---------	----

Effects of Climate Change on Energy Production and Distribution in the United States

4	49
---------	----

Possible Indirect Effects of Climate Change on Energy Production and Use
in the United States

5	59
---------	----

Conclusions and Research Priorities

References	65
------------------	----

Annexes	73
---------------	----

Annex A – Technical Note: Methods for Estimating Energy Consumption ..	73
--	----

Annex B – Organizations and Individuals Consulted	75
---	----

Annex C – Glossary.....	77
-------------------------	----

Annex D – Acronyms.....	83
-------------------------	----
