

AQD'S FOCUS ON DEPARTMENT OF ENERGY

About The Acquisition Services Directorate

The Acquisition Services Directorate (AQD), a Federal shared-service provider within the U.S. Department of the Interior's National Business Center (NBC), offers acquisition support to all Federal agencies. We help managers in both civilian and military organizations fulfill their missions by crafting appropriate procurement solutions.

The Acquisition Services Directorate uses proven business practices while delivering cost-effective contracts. Our Contracting Officers will handle the complete acquisition lifecycle, utilizing innovative technology and value-added benefits. We are proud to support the green procurement goals of all Federal agencies.

Our Knowledge and Expertise

During the entire project, you have the benefit of the extensive knowledge base of our team of acquisition professionals who understand the complexities of the procurement regulations. We manage the whole process – from planning, soliciting and evaluating offers, to awarding and administering contracts, through closeout. Our Contracting Officers use all available options, including GSA Schedules, GWACs and IDIQs, to fulfill your requirements.

AQD actively supports Green Procurement, also known as Affirmative Procurement, and understands what is required to purchase environmentally conscious products and services.

Let us keep track of the ever-changing green requirements and initiatives. Our Green Procurement program ensures compliance with the latest environmentally-related FAR requirements; the Resource Conservation and Recovery Act, Executive Order 13101, "Greening the Government Through Waste Prevention, Recycling, and Federal Acquisition," and all green procurement rules and regulations.

Your Success

We are dedicated to transforming the government procurement process and our team is focused on bringing you quality results to give you peace of mind and ensure success.

Attention to detail, customer service and compliant contracting is what the Acquisition Services Directorate does best, so you can concentrate on meeting mission requirements on time, every time.

Some of the Clients We Serve

Energy Efficiency and Renewable Energy (EERE)
Office of Energy
Office of Environmental Management
