## HCUP DATA USE AGREEMENT

The HCUP Data Use Agreement (DUA) implements the data protections of the Health Insurance Portability and Accountability Act (HIPAA) of 1996 (Public Law 104-191) and the Agency for Healthcare Research and Quality (AHRQ) confidentiality statute. Any individual ("data recipient") seeking to obtain or use data in the HCUP restricted access public release databases must sign and submit this DUA to AHRQ or its agent before access to the HCUP databases may be granted.
