A patch file (SR24\_Nutr\_Patch\_102811.txt) contains the nutrient profiles for the above items.

In addition, we found that one food description (NDB No. 03145) was incorrect. The correct description is in the patch file: SR24\_Desc\_Patch\_102811.txt.

Both of the above files are in a compressed file: SR24\_Patch\_102811.zip

All of the data files and reports in SR24 have been updated. If you downloaded SR24 prior to October 28, 2011 you will need to either download the updated SR24 files or apply the two patch files to the files on your computer.
