The Census Bureau also conducts counts in institutions and other places.

- Do not count anyone living away from college or in the Armed Forces.
- Avoid double counting. If someone is in a nursing home, jail, prison, detention facility, or hospital, do not count them again.
- List these people off your form, even if they will return to their regular place of residence, such as college, the nursing home, the military, jail, etc. These people may be counted twice.
