Beth McCann, Safe City Coordinator, City & County of Denver, has been asked by Mayor Webb to talk with Carol while she is in Washington about the following:

Omnibus Crime bill -- elements the Administration needs in the final bill.

U.S. Conference of Mayors Violence Task Force -- Mayor Webb chairs this group. Mayors are concerned about the balance in the bill, flexibility on money for more police, especially for overtime in the first year, flexibility on purchase of equipment (15 percent limit), and funding for the programs. Will there be a supplemental? Will Congress fund the major elements for FY 95? Beyond?

Thank you for your help. See you at 10 on Friday.
