CUSTOMER UPDATE #1

DLA Disposition Services Transition to Reutilization Business Integration (RBI)

Benefits to the Customer

RBI provides real-time asset visibility throughout the DLA Supply Chain to increase customer awareness of items available for Reutilization, Transfer, Donation, and Sales

Background

DLA Disposition Services will transition from the legacy DRMS Automated Information System (DAISY) to the Reutilization Business Integration (RBI) initiative over the next 12 months. RBI meets DLA-wide compliance

What's not changing:

- The people (customers, Disposition Services) and property
- The regulation (DoD 4160.21-M)
- DD Form 1348-1A Disposal Turn-In Document

What is changing:

- Information systems
- Property information format
- Internal operations
- Electronic turn-in and electronic document automation procedures

Customer Interface

Systems Access (Enterprise External Business Portal)

- Is a secure, web-enabled interface leveraging the DLA Account Management and Provisioning System (AMPS) already in use for other DOD applications
- Provides external business partners

Customer Awareness

- Use of standard LSNs
- New online registration requirement
- Site closure for one week during RBI deployment

with a single point of access to DLA business applications

- Provides single sign-on capabilities via UserID and password or DOD issued Common Access Card (CAC)
- Eliminates the need for multiple login sessions and accounts

Electronic Documents (EDOCs)

- Replaced WEBDOCs with added features – save, email, export listings
- CAC enabled. Customers must have a CAC to access. Keys off of DOD email certificate from CAC

Electronic Turn-in Documents (ETIDs)

- Basic look and feel preserved
- Current users will have to re-register but will retain turn-in histories
- Added features – save an unfinished ETID, cancel an approved ETID, add attachments
- Retention time reduced to 5 years

Local Stock Numbers

- LSNs will be standardized like NSNs to 13 characters with the first four being the Federal Stock Class (FSC)
- The last 9 LSN characters must be on an approved list (such as "7025DSCOPIER1" used for a commercial copier turn-in)
- If your property is turned in without a standard LSN, the LSN associated with your turn-in will be changed
- *Note:* Your property will not be rejected if you do not have the approved LSN nomenclature on your documentation

Fielding Schedule and Strategy

- Projected to roll out incrementally to Disposal Service Directorates and Field Offices in CY 2012 (6 month period from January to June)
- Each supporting Field Office will be off line for approximately 1 week during the 6 month fielding and **will not be open for regular business**
- Approximately 8 weeks prior to fielding, site Disposal Service Representatives will coordinate with their customer base to defer or redirect scheduled turn-ins

RBI Point of Contacts

- DLA Disposition Services Program Office: (269) 961-, 5906, RBIQuestions@dla.mil
- ARMY (GCCS): (804) 734-5638
- NAVY (Navy ERP): (410) 919-1548
- AIR FORCE: ECSS - (937) 904-0737, (937) 904-0733, CSC - (937) 320-4651
- MARINE CORPS - (571) 256-7120, (571) 256-7113
