

WRIS2 Data Sharing Agreement September 2011

This Agreement is entered into this ____ day of _____, 2012, by and among the

(SUIA) _____, and the
(SUIA Agency Name)

(PACIA) _____, and the
(PACIA Agency Name)

(PACIA) _____
(Additional PACIA Agency Name – if applicable)

of the State of _____ and the United States Department of Labor,
Employment and Training Administration.

I. Purpose

The Wage Record Interchange System (WRIS) was developed to facilitate the interstate exchange of wage data between participating states for the primary purpose of assessing and reporting on state and local performance for programs authorized under the Workforce Investment Act (WIA) of 1998. WRIS serves programs that the WIA defines as “required” one-stop partners and that operate under the jurisdiction of the U.S. Department of Labor, (DOL). The Wage Record Interchange System 2 (WRIS2) has been established to facilitate the preparation of Aggregate Statistical Reports and analyses to satisfy the reporting and performance requirements for certain Federal or state training and education programs and to allow data for research and evaluation of those programs to be made available while maintaining the confidentiality of personal identifiable information. WRIS2 extends the WRIS data sharing model to required One-Stop career center partner programs not under the jurisdiction of the Department of Labor, as well as programs the Act defines as “additional” partners whose participation in the One-Stop delivery system is appropriate but not mandatory.

The purpose of this WRIS2 Agreement is to establish and implement the operating conditions and procedures that will govern the participation in WRIS2 of the State Unemployment Insurance Agency (SUIA) holding Wage Data, the state Performance Accountability and Customer Information Agencies (PACIAs), and the DOL, Employment and Training Administration (ETA), and to establish certain conditions and procedures, consistent with 20 CFR Part 603, that are intended to protect the confidentiality of information disclosed among the participating parties through WRIS2.

II. Legal Authority

The legal authority to establish a WRIS2 Data Sharing Agreement is derived from the following provisions of the Workforce Investment Act of 1998 (WIA or the Act) (Public Law 105-220), as amended, because the limited access to reliable wage data for participants in employment and training programs outside the scope of the WRIS provided under this Agreement will assist States in coordinating operations of these programs and ensuring non-duplication:

WRIS2 Data Sharing Agreement September 2011

1. Section 111(d)(2)(A) [29 USC 2821(d)(2)(A)], under which each State Workforce Investment Board is required to assist the Governor in its State in the continuous improvement of a statewide workforce investment system by developing linkages to assure coordination and non-duplication among one-stop partner programs.
2. Sections 121(b)(1)(B) and 121(b)(2)(B) of the Act [29 USC 2841], which list One-Stop partner programs required under the Act but outside DOL jurisdiction, and “additional” One-Stop partner programs, all of whose activities Section 111(d)(2)(A) requires States to coordinate.
3. Section 112(b)(8) [29 USC 2822(b)(8)], under which each State is required to include in the State Workforce Investment Plan it submits to DOL information about the procedures the State will take to ensure coordination and non-duplication among those programs, and a description of common data collection and reporting processes used for those programs.
4. Section 172 [29 USC 2917], which requires DOL’s continuing evaluation of programs and activities carried out under WIA Title I, authorizes DOL’s evaluation of other federally funded employment-related programs and activities under other provisions of law, and requires DOL to coordinate evaluations it carries out under Section 172 with evaluations carried out by States under WIA Section 136 [29 USC 2871], from which the authority to establish the existing WRIS agreement is derived. In turn, Section 136 requires each State, in coordination with local boards in the state, to conduct ongoing evaluations of activities under statewide and local workforce investment systems, and to coordinate those evaluations with evaluations conducted by DOL under Section 172.
5. Section 122 [29 USC 2842], which requires that, to be eligible to receive Federal funds for the provision of training services, and to continue to receive such funds, a training provider must meet required annual levels of performance, as demonstrated using quarterly wage records as described in Section 136.

As required by Sections 136(f)(3) and 504(a) of the WIA [29 USC 2871(f)(3), 20 USC 9274(a)], all data exchange activity conducted through WRIS2 under the WRIS2 Data Sharing Agreement will be conducted in a manner consistent with both the Family Educational Rights and Privacy Act (FERPA) and with applicable State law. Further, data exchange activity conducted through WRIS2 under the WRIS2 Data Sharing Agreement will be administered in accordance with Section 504(b) of the WIA, which prohibits the development of a national database of personally identifiable information on individuals receiving workforce investment services while allowing activities that are necessary to the proper administration and management of such programs.

The Aggregate Statistical Reports may be provided to TPEs, provided that the PACIA has voluntarily entered into an agreement with a TPE which sets forth terms and conditions for such data sharing that are otherwise consistent with the terms of this Agreement and with 20 CFR Part 603, or directly with ETA. A PACIA may submit Requests to the WRIS2 Clearinghouse on behalf of such entities provided, further, that any Results obtained from the SUIA shall be reported by the PACIA to such TPEs only as Aggregate Data.

- D. Each WRIS2 Request is assigned an identifier by the WRIS2 Clearinghouse.
- E. The WRIS2 Clearinghouse will make an inquiry to the WRIS2 DDBI to determine the WRIS2 state(s) that has wage data associated with the SSNs attached to the WRIS2 Request.
- F. WRIS2 Requests are periodically consolidated by the WRIS2 Clearinghouse into queries to be sent to WRIS2 SUIA(s) identified as holding pertinent wage data. Consolidation consists of creating queries containing SSNs submitted from different WRIS2 PACIAs that are for wage data held by the same SUIA.
- G. The WRIS2 Clearinghouse transmits WRIS2 queries to the appropriate WRIS2 SUIA(s) for processing. A copy of each WRIS2 query sent to a WRIS2 SUIA is maintained at the WRIS2 Clearinghouse until a reply has been received by the WRIS2 Clearinghouse.
- H. WRIS2 SUIA(s) process queries and create replies containing wage data, which are sent to the WRIS2 Clearinghouse.
- I. The source of the reply is verified by the WRIS2 Clearinghouse, and the Wage Data is extracted from the reply by the WRIS2 Clearinghouse and stored temporarily.
- J. The WRIS2 Clearinghouse compares unfilled WRIS2 requests with wage data received from the replies received from WRIS2 SUIAs, and, if matches are found, wage data are sent to the requesting WRIS2 PACIA in the form of a result.
- K. Information in Results provided to the PACIA is reduced by the PACIA to aggregate statistical data for use in preparing PACIA program performance reports for TPEs and for use in meeting program management requirements for the programs covered by WRIS2.
- L. The WRIS2 Clearinghouse retains a copy of each result it provides to a requesting WRIS2 PACIA only until the result has been downloaded by the PACIA. The entity originally requesting the wage data will receive an electronic message reminding the entity that the data are now available. If the data have not been downloaded within 14 days of being made available, it will automatically be removed from the WRIS2 Clearinghouse.

WRIS2 Data Sharing Agreement September 2011

M. The Operations Contractor provides ETA with periodic reports detailing the volume of WRIS2 Clearinghouse activity during the reporting period for ETA's use in preparing reports.

VIII. Confidentiality/Restrictions on Use of Information

All parties to this Agreement recognize that confidentiality of wage data is of paramount importance and must be observed except where disclosure is allowed by this Agreement or by court order. All data exchange activity by the SUIA and/or the PACIA conducted through WRIS2 will be conducted in a manner consistent with applicable state law. All such activity conducted by ETA and/or its contractor/s will be performed in a manner consistent with the FERPA (20 U.S.C. § 1232g; 34 CFR Part 99) and other applicable state and Federal laws. The parties agree to take all necessary steps to protect such confidentiality by complying with the following provisions that are applicable to their particular entity, which are consistent with 20 CFR Part 603, in governing their handling of confidential information:

A. SUIA

1. No employee of the SUIA receiving a Query may duplicate or disseminate the wage data contained in the query except to other employees specifically authorized to receive such data. No employee of the SUIA receiving a Query may duplicate or disseminate the wage data contained in such Query to anyone outside the SUIA.
2. The SUIA that receives a Query shall not extract information from the Query except for the purpose of responding to the Query by transmitting wage data in the form of a reply for the purposes set forth in Section VII.C of this Agreement.
3. The SUIA shall retain the query only for the period of time required to respond with a reply. Magnetic tape files shall be degaussed. Electronic data shall be permanently deleted.

5. Replies transmitted from the SUIA to the WRIS2 Clearinghouse shall be stored in an area that is physically safe from access by unauthorized persons at all times.
6. The queries obtained through WRIS2 shall be processed in a manner that will protect the confidentiality of the records and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal, or any other means. Queries may be downloaded to, or maintained on, mobile or portable devices only if the queries are encrypted with a very strong password that, at minimum, meets the standards established by the National Institute of Standards and Technology. Queries may be accessed only from a secure location.

WRIS2 Data Sharing Agreement September 2011

Thereafter, the wage data shall be destroyed, including the degaussing of magnetic tape files and permanent deletion of electronic data.
5. The PACIA shall ensure that any information used to create WRIS2 requests has been obtained and is being transmitted in conformity with FERPA and state laws governing the confidentiality of information in the possession of educational institutions.
6. Access to wage data and to any records created from wage data exchanged through the WRIS2 shall be restricted to only those employees of the PACIA who need it in their official capacity to perform duties connected with implementation of this agreement.
7. PACIA personnel who will have access to wage data shall be advised of the confidential nature of the information, the safeguards required to protect the information, and the civil and criminal sanctions for noncompliance with such safeguards that are contained in Federal and state laws. Prior to being able to have access to wage data through the WRIS2 Clearinghouse, such PACIA personnel shall execute a standard document acknowledging their understanding of the confidential nature of the wage data and the safeguards with which they must comply in their handling of such data as well as the fact that they may be liable to civil and criminal sanctions for improper disclosure of wage data.
8. Wage data obtained through WRIS2 shall be stored in an area that is physically safe from access by unauthorized persons at all times.
9. The wage data obtained through the WRIS2 Clearinghouse shall be processed in a manner that will protect the confidentiality of the records and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal, or any other means. Wage data may be downloaded to, or maintained on, mobile or portable devices only if the wage data are encrypted with a very strong password that, at minimum, meets the standards established by the National Institute of Standards and Technology. In addition, wage data may only be accessed from secure locations.
10. Wage data obtained by the PACIA through a request shall not be disclosed to third parties except as permitted under the terms of this Agreement.
11. The PACIA shall permit ETA and/or the representatives of any participating state to make onsite inspections during regular business hours for the purpose of conducting program audits and/or to conduct other investigations to assure that the PACIA is complying with the confidentiality requirements described above. In accordance with this responsibility, the PACIA shall make records applicable to this Agreement available to authorized persons for the purpose of inspection, review, and/or audit.

WRIS2 Data Sharing Agreement September 2011

12. The PACIA shall respond to the Operations Contractor for the purpose of correcting system errors or breakdowns, troubleshooting or testing the system, or for other operational purposes.

13. The PACIA shall report to ETA, in writing, regarding any circumstances adversely affecting the PACIA's ability to meet its responsibilities or obligations under the terms of this Agreement.

C. ETA

1. Access by ETA to wage data shall be limited to the access necessary for ETA to carry out its responsibility for overall administration and management of WRIS2.

2. Any reports produced as a result of Confidentiality Compliance Reviews conducted by an outside party under a contract with ETA in accordance with Section VI.C.2 shall not contain any references to personally identifiable information obtained from WRIS2.

3. ETA may not extract information from wage data for any purpose not stated in this Agreement.

4. ETA will not create a separate file or system concerning the individuals for whom it may have access to wage data.

5. Access to wage data exchanged through the WRIS2 shall be restricted to only those employees and/or agents of ETA who need it to perform their official duties in connection with this Agreement.

6. ETA employees and/or agents of ETA who will have access to wage data will be advised of the confidential nature of the information, the safeguards required to protect the information, and the civil and criminal sanctions for noncompliance with such safeguards that are contained in Federal and state laws. Such employees and/or agents of ETA shall execute written confidentiality agreements acknowledging their understanding of these requirements and their duty to comply with them.

7. Wage data obtained through WRIS2 shall be stored by ETA in an area that is physically safe from access by unauthorized persons at all times.

8. The wage data obtained by ETA through WRIS2 shall be processed in a manner that will protect the confidentiality of the records and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal, or any other means. Wage data may be downloaded to, or maintained on, mobile or portable devices only if the wage data are encrypted with a very strong password that, at minimum, meets the standards established by the National Institute of Standards and Technology. In addition, wage data may only be accessed from secure locations.

WRIS2 Data Sharing Agreement September 2011

9. ETA shall protect wage data from disclosure to third parties to the fullest extent allowable by law. ETA does not have access to wage data through the routine operation of WRIS2. Therefore, a Freedom of Information Act request for wage data would be denied because the data are not in the custody, or under the control, of ETA. ETA's funding of the operation of the WRIS does not establish ETA's control of the data.

ETA will provide notice to all parties to this Agreement of any required disclosure of wage data to third parties, other than as provided in this Agreement.

IX. Duration of Agreement

This Agreement remains in effect in perpetuity, unless terminated. This agreement may be terminated in one of the following ways:

- A. Upon mutual agreement of ETA and a participating state at any time.
- B. Upon thirty days written notice by either ETA or any other party to this DSA, or immediately by signed agreement of all other parties and ETA.
- C. Notwithstanding the above, if either a state PACIA or SUIA should fail to properly perform or fulfill its obligations under this Agreement in a timely or proper manner, or should violate any term of this Agreement, ETA reserves the right to immediately suspend or terminate the participation of the state in this Agreement, upon written notice.
- D. Further, notwithstanding the above, this Agreement may also be terminated immediately, upon written notice, should governing state or Federal laws or regulations render performance hereunder illegal, impracticable, or impossible.

X. Amendment of Agreement

- A. This Agreement may be amended by deletion or modification of any provisions, provided that such amendment is in writing and is signed by all parties to this Agreement.
- B. Amendments to this Agreement shall incorporate the provisions of Section VIII (Confidentiality/Restrictions on Use of Information). Failure by any party to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision of this Agreement.

XIV. Entire Agreement

This Agreement, including any amendment executed by all parties and incorporated into this Agreement, is complete and contains the entire understanding among the parties relating to the subject matter contained herein, including all the terms and conditions of the parties' agreement. B. The PACIA and SUIA further acknowledge that ETA shall notify all SUIAs and PACIAs participating in WRIS2 regarding additions or deletions to the roster of participating states. A state's date of entry into WRIS2 shall be the date on which ETA provides other participating states with notice of the execution of this Agreement by such state.
