BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 52-008]

Dominion Nuclear North Anna, LLC; Notice of Intent To Prepare a Supplement to the Draft Environmental Impact Statement for the North Anna ESP Application

On September 25, 2003, the U.S. Nuclear Regulatory Commission (NRC, or the Commission) received an application pursuant to Title 10 of the Code of Federal Regulations, Part 52 (10 CFR part 52) from Dominion Nuclear North Anna, LLC (Dominion) for an early site permit (ESP) for the North Anna ESP site located in Louisa County, Virginia near the town of Mineral. On December 10, 2004, the NRC issued a **Federal Register** notice (69 FR 71854) announcing the availability of NUREG-1811, "Draft Environmental Impact Statement for an Early Site Permit (ESP) at the North Anna ESP Site" (DEIS) and sought comment on the DEIS. On April 13, 2006, Dominion submitted a revision to its application. The revision to the application described changes to the cooling water system for postulated Unit 3 at the North Anna ESP site and an increase in power level for both postulated Units 3 and 4.

The purpose of this notice is to inform the public that pursuant to 10 CFR 51.72, the NRC will be preparing a supplement to its DEIS in support of the review of the ESP application. A subsequent **Federal Register** notice will announce the availability of the supplement to the DEIS and will request public comments on the supplement.

An applicant may seek an early site permit in accordance with subpart A of 10 CFR part 52 separate from the filing of an application for a construction permit (CP) or combined license (COL) for a nuclear power facility. The ESP

process allows resolution of issues relating to siting. At any time during the term of an ESP (up to 20 years), the permit may be referenced in an application for a CP or COL. The staff evaluated possible alternatives to the proposed action (issuance of an ESP at the North Anna ESP site) including the no action alternative and alternative sites in its DEIS to determine if there was an obviously superior alternate site.

In the supplement to the DEIS the staff will evaluate only the impacts of the changes proposed for the cooling system for postulated Unit 3 and the power increase from 4300-4500 MWt for postulated Units 3 and 4. Scoping was previously conducted for the original DEIS and the the changes described in the revision to the application do not appear to change the scope of the environmental evaluation required by 10 CFR 52.18. Therefore, pursuant to 10 CFR 51.72(c), additional scoping is unnecessary and will not be conducted. The Final Environmental Impact Statement will contain both the staff's evaluation of the changes proposed in the April 13, 2006, revision to the application and the staff's evaluation of those areas that were not affected by the revision.

A copy of the application, including the environmental report, is available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland 20852 and via the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>.

The accession number for the revised application is ML061180180. Future publicly available documents related to the application will also be posted in ADAMS. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC Public Document Room staff by telephone at 1-800-397-4209 or 301-415-4737, or by e-mail to pdrc@nrc.gov.

The Louisa County Library, located at 881 Davis Highway, Mineral, Virginia has agreed to make the application available to local residents. The application is also available on the NRC Web page at <http://www.nrc.gov/reactors/new-licensing/esp/north-anna.html>. For further information regarding the proposed action, contact Mr. Nitin Patel, Project Manager at telephone number 301-415-3201 or by mail at U.S. Nuclear Regulatory Commission, ATTN: Nitin Patel, Mail Stop 0-4D9A, One White Flint North,

11555 Rockville Pike, Rockville, Maryland 20852-2738. For further information regarding the environmental impact statement, contact Mr. Jack Cushing, Senior Environmental Project Manager, at telephone number 301-415-1424, or by mail at U.S. Nuclear Regulatory Commission, ATTN: Jack Cushing, Mail Stop 0-11F1, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852-2738.

Dated at Rockville, Maryland, this 10th day of May 2006.

Acting Chief, New Reactors Environmental Projects Branch, Division of New Reactor Licensing, Office of Nuclear Reactor Regulation.

**OFFICE OF THE UNITED STATES
TRADE REPRESENTATIVE**

**Determination Regarding Waiver of
Discriminatory Purchasing
Requirements With Respect to Goods
and Services Covered by Chapter 9 of
the Dominican Republic-Central
America-United States Free Trade
Agreement for Honduras and
Nicaragua**

AGENCY: Office of the United States Trade Representative.

ACTION: Determination under Trade Agreements Act of 1979.

DATES: *Effective Date:* May 16, 2006.

FOR FURTHER INFORMATION CONTACT: Dawn Shackelford, Director for International Procurement, Office of the United States Trade Representative, (202) 395-9461, or Jason Kearns, Associate General Counsel, Office of the United States Trade Representative, (202) 395-9439.

On August 5, 2004, the United States, Honduras and Nicaragua entered into the Dominican Republic-Central America-United States Free Trade Agreement ("the CAFTA-DR"). Chapter 9 of the CAFTA-DR sets forth certain obligations with respect to government procurement of goods and services, as specified in Annex 9.1.2(b)(i) of the CAFTA-DR. On August 2, 2005, the President signed into law the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act ("the CAFTA-DR Act") (Pub. L. 109-53, 119 Stat. 462) (19 U.S.C. 4001 note). In section 101(a) of the CAFTA-DR Act, the Congress approved the CAFTA-DR. The CAFTA-DR entered into force on April 1, 2006, for Honduras and Nicaragua.

Section 1-201 of Executive Order 12260 of December 31, 1980 (46 FR

1653) delegates the functions of the President under Sections 301 and 302 of the Trade Agreements Act of 1979 ("the Trade Agreements Act") (19 U.S.C. 2511, 2512) to the United States Trade Representative.

Now, therefore, I, Rob Portman, United States Trade Representative, in conformity with the provisions of Sections 301 and 302 of the Trade Agreements Act, and Executive Order 12260, and in order to carry out U.S. obligations under Chapter 9 of the CAFTA-DR, do hereby determine that:

1. Honduras and Nicaragua are countries, other than major industrialized countries, which, pursuant to the CAFTA-DR, will provide appropriate reciprocal competitive government procurement opportunities to United States products and suppliers of such products. In accordance with Section 301(b)(3) of the Trade Agreements Act, Honduras and Nicaragua are so designated for purposes of Section 301(a) of the Trade Agreements Act.

2. With respect to eligible products of Honduras and Nicaragua (*i.e.*, goods and services covered by the Schedules of the United States in Annex 9.1.2(b)(i) of the CAFTA-DR) and suppliers of such products, the application of any law, regulation, procedure, or practice regarding government procurement that would, if applied to such products and suppliers, result in treatment less favorable than accorded—

(A) To United States products and suppliers of such products; or

(B) To eligible products of another foreign country or instrumentality which is a party to the Agreement on Government Procurement referred to in section 101(d)(17) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(17)) and suppliers of such products, shall be waived.

With respect to Honduras and Nicaragua, this waiver shall be applied by all entities listed in the Schedule of the United States to Section A of Annex 9.1.2(b)(i) and in List A of Section C of Annex 9.1.2(b)(i) of the CAFTA-DR.

3. The designation in paragraph 1 and the waiver in paragraph 2 are subject to modification or withdrawal by the United States Trade Representative.
