Recovery Act Reporting Overview

The American Reinvestment and Recovery Act (ARRA, or the Recovery Act) mandates transparency and accountability in the use of Recovery Act funding. Two specific provisions in the Recovery Act require quarterly reporting on the part of agencies and grantees.

Jobs and Activities

- First, section 1512 requires recipients and sub-recipients to report on the nature of projects and numbers of jobs created and retained. This information must be reported to FederalReporting.gov, a system created and managed by the Office of Management and Budget (OMB) and the Recovery Accountability and Transparency Board (RATB). For more information and training review [Section 1512 \(Jobs\) Reporting Overview](#).

Environmental Review

- Second, section 1609 requires agencies to report on the status of compliance with the National Environmental Policy Act (NEPA) for all Recovery Act-funded projects and activities. In order to provide this information to the Council on Environmental Quality (CEQ), HUD grantees who complete National Environmental Policy Act (NEPA) reviews according to Part 58 must report related data directly into the HUD-administered Recovery Act Management and Performance System (RAMPS). For environmental reviews performed by HUD staff according to Part 50, HUD will report the necessary data directly. For more information and training review [Section 1609 \(NEPA\) Reporting Overview](#).
- Recipients of funds through the Project-Based Rental Assistance program and the Homelessness Prevention and Rapid Re-housing Program are **not** required to report in RAMPS.

Reporting Tools
On the Reporting Tools page, you can select an Award (Grant) by the Award ID (Grant ID) to proceed to the Environmental Review Project List Page for the Award. Under each Award, a recipient will add at least one environmental review project for reporting purposes although multiple environmental review projects can be added to each Award.

The Recovery Act Management and Performance System (RAMPS) provides support to HUD personnel in meeting data and reporting requirements for American Recovery and Reinvestment Act (ARRA). This system gives HUD the ability to provide to the ARRA website, recovery.gov information related to HUD projects that are funded by ARRA.
