

Johnson County, Kansas Reentry Project

Forensic Assertive Community
Treatment Team

Johnson County Sheriff's Office

JOHNSON COUNTY

KANSAS

Implementing Evidence Based Practices

- Risk Assessment Tool
- Cognitive Behavioral Services
- Data Collection
- Program Evaluation

Level Service Inventory - Revised

- Risk/Need assessment instrument
- Used both in the State Facilities and Community Supervision Agencies
- 10 Domains that contain both static and dynamic factors
- Conducted in an interview

Level of Service Inventory-Revised (LSI-R)

- Validated and Normed for Johnson County, 2005 & 2009
- Used to Track Target Population
- Tracking on Justice Information Management System (JIMS)
 - Case Plans match Criminogenic Needs
 - CBT dosage goal determined by score
 - Establish baseline recidivism rate

Cognitive Behavioral Intervention

- Group Settings:
 - Interactive Journaling by the Change Companies
 - Anger Management
 - Dual – Diagnosis Classes
 - Substance Abuse Recovery Classes

Cognitive Behavioral Intervention

- One – on – One
 - Effective Use of Reinforcement
 - Effective Use of Disapproval
 - Effective Use of Authority

Cognitive Behavioral Intervention

- Both in Group and Individual
 - Behavior Analysis Worksheet
 - RACE (Recognize, Avoid, Cope, Evaluate)
 - Teaching the Cognitive Model Worksheet
 - Problem Solving Worksheet

Problem-Solving Worksheet

Step 1. State the problem

Step 2. Generate options

Option 1.

Step 3. Evaluate options

Costs

Benefits

Option 2.

Option 4.

Costs

Benefits

Step 4. Choose an option—I choose option #

The steps I'll use to accomplish my plan are:

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

Step 5. Put the plan into action (who, what, when, where)

I will use the plan in the following situations....

I will use the plan with the following people....

I will use the plan at the following times....

Step 6. Evaluate the plan

What went well?

Did I do all the steps?

What was the outcome?

Do I need more practice with the plan (role play)?

Do I need a new plan?

Justice Information Management System

- Case Plan Goals
- Log Note Entries
