ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
	Period of Performance: 01/06/2004 to 09/30/2013				

B.1 Occupational Medical Services

- a. This is a performance-based, cost reimbursement service contract for the rendering of Occupational Medical Services for the U. S. Department of Energy's Hanford Site. The Contractor shall furnish all personnel, facilities, equipment, material, supplies, and services (except as expressly set forth in this contract as furnished by the Government) and otherwise do all things necessary for, or incident to, performing in an efficient and effective manner all work set forth in Section C, *Statement of Work*. The scope of work under this contract is comprehensive in that the Contractor is expected to perform all technical, operational and managerial functions necessary to provide the occupational medical services, in accordance with the terms of this contract.
- b. The performance-based outcomes of this contract are broadly set out in the Section C Statement of Work and reflect the Department of Energy's minimum needs and expectations for contractor performance. More specific performance standards (i.e., performance expectations and measurement criteria) and the related incentives will be established annually (or at such other intervals as determined by the Contracting Officer) in the Performance Evaluation and Measurement Plan (PEMP) (see Section H.20). The contractor's performance relative to the PEMP will be considered as a factor in determining whether and to what extent option(s) will be exercised to extend the contract performance period. Contractor performance is also a factor that will directly affect the contractor's past performance report card.

Such collections, to the extent actually received by the contractor, shall be processed and accounted for in accordance with applicable requirements imposed by the contracting officer pursuant to the Laws, regulations, and DOE directives clause of this contract. Nothing in this paragraph is to be construed as authorizing the contractor to exceed limitations stated in financial plans established by DOE and furnished to the contractor from time to time under this contract.
- b. Limitation on payment by the Government. Except as otherwise provided in this contract and except for costs which may be incurred by the contractor pursuant to the Termination clause of this contract or costs of claims allowable under the contract occurring after completion or termination and not released by the contractor at the time of financial settlement of the contract in accordance with the clause entitled "Payments and Advances," payment by the Government under this contract on account of allowable costs shall not, in the aggregate, exceed the amount obligated with respect to this contract, less the contractor's fee and any negotiated fixed amount. Unless expressly negated in this contract, payment on account of those costs excepted in the preceding sentence which are in excess of the amount obligated with respect to this contract shall be subject to the availability of:
