Note:

\* Includes PY 2011 Youth beginning 4/1/11

- Aberrations, such as negative expenditure rates or those over 100%, usually result from error adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States' and Territories' ability to correct quarterly reports.

- Data come from WIA 9130 financial reports for the 09/30/11 reporting period accessed from E-Grants on 03/28/12.

Notes:

- Aberrations, such as negative expenditure rates or those over 100%, usually result from error adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.

- Data come from WIA 9130 financial reports for the 09/30/11 reporting period accessed from E-Grants on 03/28/12.

Notes:  
- Aberrations, such as negative expenditure rates or those over 100%, usually result from error adjustments in 9130 reporting for prior periods being corrected in current period reports. They are a result of reporting on a cumulative basis and an ETA policy that limits the States's and Territories's ability to correct quarterly reports.  
- Data come from WIA 9130 financial reports for the 09/30/11 reporting period accessed from E-Grants on 03/28/12.
