

OFFICE OF INVESTIGATIONS

UNITED STATES INTERNATIONAL TRADE COMMISSION

WASHINGTON, DC 20436

March 5, 2012

To Whom It May Concern:

The enclosed questionnaire pertains to the United States International Trade Commission's investigations concerning drawn stainless steel sinks. The investigations are being conducted under the provisions of sections 701 and 731 of the Tariff Act of 1930.

In these investigations the Commission must determine whether there is a reasonable indication that an industry in the United States is materially injured or is threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from China of drawn stainless steel sinks that are allegedly subsidized and sold in the United States at less than fair value. A copy of the Commission's notice of these investigations will be published in the *Federal Register*.

The business proprietary information you supply in this questionnaire or in connection therewith will be so treated by the Commission and will not be disclosed except as may be required by law. Your response will be consolidated with the responses of other firms and will form much of the statistical base for the Commission's determinations.

Please return the completed questionnaire to the Commission by no later than March 15, 2012. If you have any questions concerning the questionnaire or other matters related to the investigations, please contact Amy Sherman (amy.sherman@usitc.gov) of the Commission's staff. Correspondence and questionnaire responses may be submitted to the e-mail or physical address provided in the questionnaires; uploaded via the Commission's secure drop box (found at <https://dropbox.usitc.gov/oinv/>); or sent via FAX to 202-205-3205.

Sincerely,

A handwritten signature in black ink, appearing to read "Catherine DeFilippo".

Catherine DeFilippo
Director
