#### TECHNICAL HANDBOOK FOR

### ENVIRONMENTAL HEALTH AND ENGINEERING

VOLUME III - HEALTH CARE FACILITIES DESIGN AND CONSTRUCTION

# PART 22 - DESIGN SERVICES

## CHAPTER 22-1 ARCHITECT/ENGINEER SELECTION

### A. INTRODUCTION

This chapter establishes the Architect/Engineer Selection as the Indian Health Service (IHS) standard to provide guidance for the Engineering Services, and the operating components of IHS, including tribal entities who utilize services of architect/engineer firms.

### B. REFERENCE STANDARDS

The Indian Health Service <u>Architect-Engineer Contractor Selection</u> dated June 1993 is included in the Technical Handbook by reference only. Copies can be obtained from the Environmental Health and Engineering by calling extension (301)443-1852.
