U.S. SECURITIES AND  
EXCHANGE COMMISSION

---

## RULES AND RELATED MATTERS

---

### AMENDMENTS TO RULE 15c3-1 -- NET CAPITAL REQUIREMENTS FOR BROKERS AND DEALERS

The Commission adopted amendments to Securities Exchange Act Rule 15c3-1 that expand the types of instruments that can be used to create hedged positions in highly rated corporate debt securities. The amendments also lower the deduction from net worth in arriving at net capital for hedged corporate debt securities positions and redefine the criteria for determining whether the maturities of two offsetting positions are close enough to consider the combined corporate debt securities position to be hedged. The net effect of the amendments is to lower the restrictions on use of capital by those brokers or dealers that have significant offsetting positions in highly rated corporate debt securities.
