

Metric Area	Metric	Primary or Optional Metric Item(s) to Report On
1. Building Retrofits	1a. Buildings retrofitted, by sector	Number of buildings retrofitted
		Square footage of buildings retrofitted
	1b. Energy management systems installed, by sector	Number of energy management systems installed
		Square footage of buildings under management
	1c. Building roofs retrofitted, by sector	Number of building roofs retrofitted
		Square footage of building roofs retrofitted
1d. Water management systems installed, by sector	Number of water management systems installed	
1e. Water conservation retrofits, by sector	Number of water conservation retrofits completed	
2. Loans and Grants	2a. Loans given	Number of loans given
		Total monetary value of loans given
	2b. Loans given that are supported by Loan Loss Reserves	Number of loans supported by loan loss reserves
		Total monetary value of loans supported by loan loss reserves
	2c. Grants given	Number of grants given
		Total monetary value of grants given
3. Renewable Energy Market Development	3a. Solar energy systems installed	Number of solar energy systems installed
		Total capacity of solar energy systems installed (kW)
	3b. Wind energy systems installed	Number of wind energy systems installed
		Total capacity of wind energy systems installed (kW)
	3c. Solar thermal systems installed	Number of solar thermal systems installed
		Total capacity of solar thermal systems installed (square feet)
	3d. Ground source geothermal systems installed	Number of ground source geothermal systems installed
		Total capacity of ground source geothermal systems installed (tons)
	3e. Biomass (non-transport) system installed	Number of biomass (non-transport) systems installed
		Total capacity of biomass (non-transport) systems installed (kW)
	3f. Biofuel systems installed	Number of biofuel systems installed
		Total capacity of biofuel systems installed (gallons/year)
	3g. Hydropower systems installed	Number of hydropower systems installed
		Total capacity of hydropower systems installed (kW)
	3h. Other systems installed (BTU/h)	Number of other systems installed
Total capacity of other systems installed (BTU/h)		
3i. Other systems installed (kW)	Number of other systems installed	
	Total capacity of other systems installed (kW)	

Metric Area	Metric	Primary or Optional Metric Item(s) to Report On
4. Building Codes and Standards	4a. Building Code Adoption	Name of new code adopted
		Name of old code replaced
		Number of new and existing buildings covered by new code
5. Clean Energy Policy	5a. Alternative energy plans developed or improved	Number of alternative energy plans developed or improved
	5b. Renewable portfolio standards established or improved	Number of renewable portfolio standards established or improved
	5c. Interconnection standards established or improved	Number of interconnection standards established or improved
	5d. Energy efficiency standards established or improved	Number of energy efficiency standards established or improved
	5e. Climate Action Plans developed or improved	Number of Climate Action Plans developed or improved
	5f. GHG inventories completed	Number of GHG inventories completed
	5g. Renewable energy feasibility studies completed	Number of renewable energy feasibility studies completed
	5h. Transportation feasibility studies completed	Number of transportation feasibility studies completed
	5i. Other policies developed or improved	Number of other policies developed or improved
	5j. Energy Efficiency and Conservation strategies (EECS) completed	Number of Energy Efficiency and Conservation strategies completed
6. Building Energy Audits	6a. Building energy audits, by sector	Number of audits performed
		Floor space audited
		Auditor's projection of energy savings (kWh)
7. Energy Efficiency Rating and Labeling	7a. Energy-consuming devices for which energy-efficiency rating and labeling systems were endorsed by grantee	Types of energy-consuming devices for which energy-efficiency rating and labeling systems were endorsed
8. Government, School, Institutional Procurement	8a. Units purchased, by type	Number of energy efficient exit signs purchased
		Number of energy efficient HVAC units purchased
		Number of energy efficient pieces of office equipment purchased
		Number of energy efficient streetlights purchased
		Number of alternative-fuel vehicles purchased
		Number of energy efficient water heating units purchased
		Number of energy efficiency refrigerators purchased
		Number of energy tracking software packages purchased
		Number of energy efficient IT systems or software packages purchased
		Number of energy efficient outdoor area lights purchased

Metric Area	Metric	Primary or Optional Metric Item(s) to Report On
9. Industrial Process Efficiency	9a. Reduction in natural gas consumption	Reduction in natural gas consumption (MMcf/year)
	9b. Reduction in fuel oil consumption	Reduction in fuel oil consumption (gallons/year)
	9c. Reduction in electricity consumption	Reduction in electricity consumption (MWh/year)
10. Financial Incentives for Energy Efficiency and Other Covered Investments	10a. Financial incentives provided, by incentive type and sector	Monetary value of financial incentives provided
	10b. Total value of investments incentivized, by incentive type and sector	Total value of investments incentivized
11. Technical Assistance	11a. Information contacts (e.g., webinars, site visits, media fact sheets) in which energy efficiency or renewable energy measures were recommended, by sector	Number of information contacts (e.g., webinars, site visits, media fact sheets) in which energy efficiency or renewable energy measures were recommended
	11b. Energy management staff hired	Number of sustainability officers or energy managers hired
12. Transportation	12a. Alternative fuel vehicles purchased	Number of alternative fuel vehicles purchased
	12b. Conventional vehicles converted to alternative fuel use	Number of conventional vehicles converted to alternative fuel use
	12c. New alternative refueling stations emplaced	Number of new alternative refueling stations emplaced
	12d. New carpools and vanpools formed	Number of new carpools and vanpools formed
	12e. Energy efficient traffic signals installed	Number of energy efficient traffic signals installed
	12f. Street lane-miles for which synchronized traffic signals were installed	Number of street lane-miles for which synchronized traffic signals were installed
	12g. Energy efficient streetlights installed	Number of energy efficient streetlights installed
	12i. Energy efficient street signs installed	Number of energy efficient street signs installed
	12j. Bike lanes installed	Length of bike lanes installed (linear feet)
	12k. Vehicle miles traveled reduced	Number of vehicle miles traveled reduced annually (VMT/year)
	12i. Sidewalks installed	Length of sidewalks installed (linear feet)

Metric Area	Metric	Primary or Optional Metric Item(s) to Report On
13. Workshops, Training, and Education	13a. Workshops, training, and education sessions held, by sector	Number of workshops, training, and education sessions held
		Number of people attending workshops, training, and education sessions
	13b. People contacted	Number of people contacted via webinar, direct mail, or other marketing/outreach efforts
14. Other	14a. Waste diverted	Amount of waste diverted annually (tons/year)
	14b. Trees planted	Number of trees planted
	14c. Administrative	Administrative (no associated metric)
	14d. Other	Pertinent metric information for any activity not defined above should be captured and included as needed
