#### **INTRODUCTION**

In March 2004, SIGIR formed the Iraq Inspectors General Council (IIGC) to provide a forum for discussion of oversight in Iraq and to enhance collaboration and cooperation among the inspectors general (IGs) of the agencies that oversee Iraq reconstruction funds. Representatives of member organizations have met quarterly to exchange details about current and planned audits, to identify opportunities for collaboration, and to minimize redundancies.

In light of the continuing scale-down of efforts in Iraq, the IIGC is transitioning its work under the umbrella of the Department of Defense Office of Inspector General (DoD OIG) Southwest Asia Joint Planning Group. As such, the quarterly IIGC meetings will no longer take place. SIGIR plans to continue close cooperation with the entire oversight community engaged in Iraq oversight and anticipates the creation of a sub-group within the Joint Planning Group that will ensure continued focus on the Iraq mission. In February 2011, the Joint Planning Group held its sixteenth meeting.

The Southwest Asia Joint Planning Group issued the FY 2011 update to the Comprehensive Oversight Plan for Southwest Asia and Surrounding Areas on March 31, 2011. The FY 2011 plan is organized by subcategories under functional areas to articulate the commonalities of the oversight community efforts. This oversight includes projects that directly impact efforts in Southwest Asia and surrounding areas. The oversight projects may be conducted exclusively in theater, require travel into theater, or be conducted outside the theater, such as solely in the continental United States.

In addition to the audits of contracts, subcontracts, and task and delivery orders for logistical support being conducted, this Comprehensive Plan addresses other oversight areas, including asset accountability, financial management, security, human rights, rule of law, and economic and social

development. Participating oversight agencies will continue to coordinate audit plans through working groups and councils.

Each quarter, SIGIR requests updates from member organizations on their completed, ongoing, and planned oversight activities. This section summarizes the audits and investigations reported to SIGIR this quarter by the following organizations:

- DoD OIG
- Department of State Office of Inspector General (DoS OIG)
- Government Accountability Office (GAO)
- U.S. Army Audit Agency (USAAA)
- U.S. Agency for International Development Office of Inspector General (USAID OIG)

For Defense Contract Audit Agency (DCAA) updates, see Appendix G.

In previous quarters, SIGIR has provided updates on the U.S. Department of the Treasury and the U.S. Department of Commerce, but these agencies have no current Iraq reconstruction oversight activities ongoing or planned for FY 2011. SIGIR no longer reports on these agencies in this section.

Section 842 of the National Defense Authorization Act for Fiscal Year 2008 (P.L. 110-181) requires that SIGIR, in consultation with other inspectors general, develop "a comprehensive plan for a series of audits" of "federal agency contracts, subcontracts, and task and delivery orders for the performance of security and reconstruction functions in Iraq." Following the enactment of Section 842, SIGIR has worked closely with the DoD OIG Southwest Asia Joint Planning Group, which has facilitated the production of the Comprehensive Oversight Plan for Southwest Asia. That document, compiled by the relevant IGs (including SIGIR), summarizes ongoing and near-term planned audits for Iraq and the region. •

#### OTHER AGENCY OVERSIGHT REPORTS

This section updates the audits that IIGC member agencies reported to SIGIR:

- For recently completed oversight report activity, see Table 6.1.
- For ongoing oversight activities of other U.S. agencies, see Table 6.2.
- For more information on other agency oversight activities, including report summaries, see Appendix F.
- For a complete historical list of oversight reports and reviews on Iraq reconstruction by all entities, see Appendix G.
