Utah Reclamation Mitigation and Conservation Commission

The Utah Reclamation Mitigation and Conservation Commission (URMCC) is an independent presidential commission established by P.L. 102-575 Sec. 301. The Commission receives funding from the Office of the Secretary under the appropriations to the Central Utah Project Completion Act (CUPCA). The Commission is not required to use CUPCA or the Bureau of Reclamation accounting services, but has chosen to do so in order to be consistent with Reclamation and CUPCA for the reporting requirements under P.L. 102-575. Limited accounting services and the use of Reclamation’s Federal Financial System are performed under reimbursable support agreements between the Commission and Reclamation.

For reporting under the Chief Financial Officer’s (CFO) Act of 1990, URMCC financial data must be submitted through the Office of the Secretary as part of their CFO reporting and must be removed from Reclamation’s records for their CFO reporting.

Treasury Symbols/Titles by Fund Code

1. Fund Code	Fund Category	Treasury Symbol	Fund Title
MC1	AR	14X5174	URMCC - Title IV-Program Expenditures
MC2	AR	14X5174	URMCC - Title II
