394									
395	3/		Project Type is the specific Reclamation purpose. Each FFS project (Reclamaition cost authority) must reflect						
396			the appropriate purpose. The purpose is used in conjunction with the Project Category (see 4/ below).						
397			See FFS tables PJTY and PROJ. The Project Types are:						
398									
399	D		= Desalination						
400	FD		= Flood Control						
401	FW		= Fish and Wildlife						
402	HA		= Historical and Archeological						
403	HC		= Highway Construction						
404	I		= Irrigation						
405	IN		= Investigations						
406	MI		= Municipal and Industrial						
407	MP*		= Multipurpose						
408	N		= Navigation						
409	OT		= Other						
410	P		= Power/Electric						
411	R		= Recreation						
412	S		= Scenery Conservation						
413	SC		= Salinity Control						
414									
415			* Multipurpose will be used for conversion purposes in instances where the specific purpose						
416			is not known. After conversion, Project Tables will have to be reviewed by each region and the correct						
417			New Projects (cost authorities) should reflect the appropriate purpose.						
418									
419	4/		The purpose of Project Category is to retain in FFS the FAST general ledger						
420			nomenclature. It works in conjunction with Project Type. See FFS tables PJCA and PROJ.						
421			Each project (cost authority) loaded into FFS must reflect the appropriate Project Category.
