ARDUOUS POSITIONS (Pre-Employment Physical Exams Required)*

* Not all positions in these occupations require pre-employment physicals. Each position/vacancy is evaluated based on requirements for the position.

5 CFR 339.104 Definition of Arduous or hazardous positions: "Positions that are dangerous or physically demanding to such a degree that an incumbent's medical condition is necessarily an important consideration in determining ability to perform safely and efficiently"

5CFR 339.102(c) "Failure to meet a properly established medical standard or physical requirement under this part means that the individual is not qualified for the position unless a waiver or reasonable accommodation is indicated as described in 339.103 and 339.204. An employee's refusal to be examined in accordance with a proper agency order authorized under this part is grounds for appropriate disciplinary or adverse action.
