

## 1122 Program

The 1122 Program offers Americans peace of mind by enabling state and units of local government, access to federal sources of supply to purchase equipment in support of the war on drugs, homeland security and emergency response activities. The men and women within law enforcement, homeland security and emergency response activities harbor responsibility 365 days a year. Because their duties are so vital to our nation's well being, it's imperative that they have the right tools for the job. GSA supports these state and local entities through the 1122 Program.

Section 1122 of the fiscal year 1994 National Defense Authorization Act established the authority for state and units of local governments to purchase law enforcement equipment through federal procurement channels, provided that the equipment is utilized in the performance of counter-drug activities. The Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 amended 10 U.S.C. 381, to expand the procurement authority under the 1122 Program beyond counter-drug activities, to include equipment for homeland security and emergency response activities.

Each state participating in the 1122 Program designates a State Point of Contact (SPOC) to administer the state's activities under the program, by validating the counter-drug, homeland security and emergency response mission of each procurement request, and ensuring the availability of funds.

The authority for the "1122 Program" resides with the Department of Defense. The U.S. Army, as the designated program manager of the program, works with GSA to approve access to certain equipment found under GSA Schedules and specific motor vehicles found under GSA's AutoChoice program. For a current listing of Schedules, Special Item Numbers (SINs) and equipment available under the program, please refer to the "1122 Program Equipment and Supplies Catalog" link located at [www.gsa.gov/1122program](http://www.gsa.gov/1122program).

The SPOCs are responsible for receiving all orders from state and local government entities, and for determining that the items will be used for counter-drug, homeland security and emergency response activities. For items under GSA Schedules, the SPOCs will send all orders directly to the Schedule contractor; payment will also be made directly to the Schedule contractor. Orders for the purchase of vehicles must be placed by the SPOCs using AutoChoice, GSA's online vehicle ordering tool ([www.gsa.gov/autochoice](http://www.gsa.gov/autochoice)).

## GSA State and Local Resources

The wealth of GSA's resources is not limited to federal agencies alone. Many state and local agencies can benefit from a variety of commercial products and services offered through GSA vehicles. This important aspect of GSA's mission is divided into seven distinct programs that provide access to important tools to help meet specific state and local objectives. To contact a GSA Customer Service Director in your region, please visit [www.gsa.gov/csd](http://www.gsa.gov/csd).

	Eligible Activities	Legal Source	Program Use Guidelines	Resources
