FROM: Shannon Mutts, Contract Specialist

In accordance with FAR 6.3, Subpart 6.302-2, RP 1020837801 for items SLV0324, SLV0325, SLV0326, SLV0327, SLV0458, SLV0459 & SLV0460 will not be posted on FedBizOpps. The material on RP 1020837801 is an urgent need for production in order to meet the customer's delivery requirements. Samples were requested from two vendors and only one vendor was able to supply conforming material to deliver in time to fulfill the customer's needs. Based on the delivery schedule from the customer, FPI does not have the time to get additional components for testing from other sources. There is currently an RCA in process to award a new contract. That requirement will be solicited and competed in accordance with FAR regulations.
