# DoDTechipedia

## Overview

# DoDTechipedia

## When was DoDTechipedia developed?

It was launched in Oct 2008 by the Under Secretary of Defense for AT&L and is hosted by DTIC.

## What is DoDTechipedia?

DoD's leading science and technology (S&T) wiki focused on defense

## What does DoDTechipedia do?

- Links solution providers with technology consumers
- Allows cross organizational communication
- *Goal:* To provide rapid solutions to the warfighter

# What Is DoDTechipedia?

## An interactive wiki for DoD

- A site for collaboration and information sharing among the Science and Technology (S&T) community that reaches across organizations to enable a more open information knowledge sharing.

## A collaborative encyclopedia

- A repository about DoD scientific and technical issues
- Populated and edited by government personnel and contractors

<https://www.dodtechipedia.mil>

# Who Can Access DoDTechipedia?

- **Active duty military**
- **DoD civilians**
- **DoD contractors**
- **Federal government employees**
- **Government contractors**

Register at: <https://www.dtic.mil> - With a CAC, registration is almost instantaneous!

# DoDTechipedia Users

- **Researchers**
- **Engineers**
- **Scientists**
- **Program Managers**
- **Uniformed Personnel**
- **Policy Analysts**
- **Science Advisors**
- **DoD and Federal Contractors**

# Level of Discussion

- **Discussion at the unclassified level mapping to DTIC Distribution C level (U.S. Government Agencies and their contractors) and below**
- **No company proprietary information**
- **No DoD only information**

# DoDTechipedia

## Navigation

# DoDTechipedia Portlet on DOAC

Use the link to access  
DoDTechipedia from DOAC.

DoDTechipedia is a network of science and technology information in wiki format, DoDTechipedia communication and information for scientists, researchers, program managers, acquisition professionals and warfighters that results in greater capability and more rapidly implemented solutions being deployed to the warfighter.

[Access restricted to DTIC Registered users.](#)

[Acquisition Streamlining & Standardization Information System \(ASSIST\)](#) Online provides access to current information associated with military and federal specifications and standards in the management of the Defense Standardization Program (DSP). Managed by the Department of Defense Single Stock Point (DODSSP), Philadelphia, ASSIST-Online provides public access to standardization documents over the Internet. ASSIST-Online includes many powerful reporting features and an exhaustive collection of both digital and warehouse documents. ASSIST is the official source of DOD specifications and standards.

**1** NOW AVAILABLE:  
A DoDTechipedia companion wiki entitled "[Defense Communities Wiki](#)" is now available for DoD and DoD Contractor only collaboration. This wiki allows each community to self-administer in terms of membership and content.

### Featured Article: Airborne Electronic Attack (IPT) Integrated Product Team (IPT)

The AEA IPT is a CMMI accredited NAWCWD government and contract team consisting of over 200 personnel stationed at Point Mugu, California. The team serves as the EA-6B Prowler Weapon System Support Activity, producing Operational Flight Programs and conducting systems engineering and integration of avionics and weapon system upgrades. The team also serves as the EA-18G Growler AEA Software Support Activity, producing Operational Flight Programs and conducting systems engineering and integration of avionics and weapon system upgrades. The team provides complete EA and ES JMPS Mission Planning development support for EA-6B, EA-18G, E-2C and MH-60R, plus future naval platforms such as JSF, P-8A and BAMS. In addition, the team provides jamming techniques optimization and world emitter databases to enable naval airborne EA and ES implementation around the world...[\(more...\)](#)

Labels: [research](#) [EDIT](#)

A **Technology Discovery** (previously titled "Technology Areas") is a top-level article focusing on a particular Science & Technology (S&T) Investment Area or Enabling Technology.

✔ To add an article to one of these categories, choose a portal, choose the [Page](#) option under the [Add](#) drop down menu and enter the article title and contents. If you want the new page to appear as a child page of another, go to that page first. To add a new category, click [Add Page](#) and enter the category title. You can then begin adding articles to that category.

DoDTechipedia

DoDTechipedia is DoD's first enterprise-wide, social-networking tool focused on the science and technology community. Using a wiki format, DoDTechipedia's goal is to foster communication and collaboration among DoD scientists, researchers, program managers, acquisition professionals and warfighters that results in greater capability and more rapidly implemented solutions being deployed to the warfighter.

Access restricted to DTIC Registered users.

ASSIST

Acquisition Streamlining & Standardization Information System (ASSIST) Online provides access to current information associated with military and federal specifications and standards in the management of the Defense Standardization Program (DSP). Managed by the Department of Defense Single Stock Point (DODSSP), Philadelphia, ASSIST-Online provides public access to standardization documents over the Internet. ASSIST-Online includes many powerful reporting features and an exhaustive collection of both digital and warehouse documents. ASSIST is the official source of DOD specifications and standards.

Distribution A

TEMS

Welcome to DTIC

The Defense Technical Information Center (DTIC) is the PREMIER provider of DoD technical information. DTIC is a DoD Field Activity under the Under Secretary of Defense for Acquisition, Technology and Logistics, reporting to the Director, Defense Research and Engineering (DDE&E).

### Definition

"A traumatically induced structural injury and/or physiological disruption of brain function as a result of an external force that is indicated by new onset or worsening of at least one of the following clinical signs immediately following the event:

- Any period of loss of or a decreased level of consciousness (LOC)
- Any loss of memory for events immediately before or after the injury [post-traumatic amnesia \(PTA\)](#)
- Any alteration in mental state at the time of the injury (confusion, disorientation, slowed thinking, etc.)
- Neurological deficits (weakness, loss of balance, change in vision, praxis, paresis/plegia, sensory loss, aphasia, etc.) that may or may not be transient
- Intracranial lesion

External forces may include any of the following events:

- Head being
- Head striking
- Brain under
- Foreign bod
- Forces gene

TinyLink (useful for email): <https://www.dodtechipedia.mil/dodwiki/x/JYAa>

Labels: [how-to](#) [dtic](#) [information](#) [research](#) [EDIT](#)

The Defense Technical Information Center (DTIC) is a repository of scientific and technical documents for the United States Department of Defense. According to the organization, DTIC "serves the DoD community as the largest central resource for DoD and government-funded scientific, technical, engineering, and business related information available today".<sup>[1]</sup>DTIC's documents are available to DoD personnel and defense contractors, with unclassified documents also available to the public. The agency is headquartered at Fort Belvoir, Virginia. Mr. Christopher Thomas is the Acting Administrator of DTIC.<sup>[2]</sup>

### DTIC Services

### DoDTechipedia Suite of Services

DoDTechipedia Suite of Services is a collection of tools to improve discovery, analysis, and collaboration of Science and Technology within the Department of Defense.

[Overview Briefing](#)

### DTIC Online

[DTIC Online](#) is the gateway to the DTIC Online database, which provides search functions and display or download information.

### DTIC Online Access

DTIC Online Access Controlled (DOAC) provides a gateway to Department of Defense (DoD) unclassified, controlled science and technology (S&T) and research and engineering (R&E) information. This site contains the resources from the Research and Engineering (R&E) Portal, while providing access to the Total Electronic Migration System (TEMS) and DoDTechipedia. The site will deliver enhanced functions and features such as "Home Page Portlet Personalization," "MultiSearch," and "Interest Areas" for registered DTIC users. DOAC will enable users to search DTIC Technical Reports and Research Summaries and Information Analysis Centers (IACs) Technical Reports through a simple search. This site can be accessed at <https://www.dtic.mil>.<sup>[3]</sup>

### DTIC Online Public

DTIC Online Public's new user interface will provide a single point of entry to science and technology (S&T) and research and engineering (R&E) information. This site can be accessed at <http://www.dtic.mil/dtic/>.

### Scientific and Technical Resources

The scope of DTIC's scientific and technical (S&T) collection covers all areas of defense research, including biological and medical science,

# Setting Up a Personal Space

Welcome to DoDTechipedia

UNCLASSIFIED ONLY

DoDTechipedia is open to DoD, Federal agencies and contractors for broad collaboration. Do not post acquisition sensitive, Privacy Act, or other information not appropriate for this audience. DoD does not guarantee the effectiveness of information posted. Opinions expressed are not official. See [Guidelines](#).

## Welcome to DoDTechipedia

[Article](#) [Edit](#) [Attachments \(9\)](#) [Doc Import](#) [History](#)

Added by [redacted], last edited by [redacted] on Apr 30, 2010 ([view change](#))

TinyLink (useful for email): <https://www.dodtechipedia.mil/dodwiki/x/AwAN>

Labels: [ADD LABELS](#)

Featured Article: [Types of Armor - An Overview](#)

A screenshot of a user profile dropdown menu on the DoDTechipedia website. The menu is open, showing options for a user named [redacted]. The 'Create Personal Space' option is highlighted in green. Other options include 'Update Status...', 'Recently Viewed', 'Profile', 'Network', 'Status Updates', 'Labels', 'Watches', 'Drafts', and 'Preferences'. The menu is enclosed in a red rounded rectangle.

**Creating a personal space is easy. Click on the drop down menu by your name, and select “Create Personal Space.”**

# Setting Up a Personal Space

You can customize these permissions once the space is created.

Choose who can **view and discuss** content:

- Me
- Registered users - anyone logged into Confluence

Choose who can **contribute** (create and edit) content:

- Me
- Registered users - anyone logged into Confluence

## Choose Theme

To change the theme of this space, select one below.

**Default Theme**

This is the default Confluence look and feel. We recommend this theme for most use cases and for evaluating Confluence. Furthermore, our documentation is based on this theme. You can customize color-schemes and layouts manually and also apply CSS-based changes to this theme easily.

**Techipedia Top Left Navigation Theme**

Provides a navigation bar on the left hand side of the screen.

**DTIC Forum Theme**

Provides a navigation bar on the left hand side of the screen.

## Where is my personal space?

Once created, your personal space will be accessible (to anyone who can **view** it) at:

<https://www.dodtechipedia.mil/dodwiki/display/~tomcsikr0214>

Create

Cancel

# What Can I Do in My Personal Space?

- **Everything you can do in a collaborative space:**
  - **Add/edit text**
  - **Attach a document**
  - **Add a link to the attached document in the text**
  - **Add a link to an external Web site in the text**

# What Can I Do in My Personal Space?

- **Everything you can do in a collaborative space:**
  - Add a link to another wiki page
  - Start a discussion
  - Create a blog and post blog entries
- **Set permissions to indicate who can view and edit content in your space.**

# DoDTechipedia

## Using DoDTechipedia in Your Organization

# How Can You Get Involved?

- Register for DoDTechipedia using your Common Access Card (CAC) by going to <https://www.dtic.mil> or through DTIC at <https://reg.dtic.mil/DTICRegistration>
- Participate by:
  - Adding a page
  - Starting a blog
  - Posting an idea or event
  - Viewing online tutorials
  - Attending a Webinar / workshop
- Encourage others to join
- Visit the site <https://www.dodtechipedia.mil>

# Consider...

- **How can you leverage the basic capabilities and tools of DoDTechipedia?**
- **How can you hyperlink and attach documents for more visibility?**
- **What is the best taxonomy to use for the topics you want to post?**
- **Which blogs and discussions should you join or start?**
- **Is there a change agent on staff who can add content regularly?**

# A Call For Gardeners...

- **Gardeners are:**
  - Wiki users performing small edits on content to improve overall quality, or
  - Users who help cultivate interaction and participation within the community of users
  - Encourage new members to join (Community building gardeners)
- **Gardeners tend to be self-selecting and are people with good attention to detail. They help:**
  - Maintain accuracy and appropriateness of material
  - Review and edit, or report inaccurate or inappropriate postings
  - Provide self-governance
  - **Content edits can include:**
    - Cosmetic editing (spelling errors, poorly structured sentences)
    - Style and structural changes to improve readability
    - Content organization changes to improve flow and clarity
- **Interested? Contact the site administrators at [dodtechipedia@dtic.mil](mailto:dodtechipedia@dtic.mil)**

# A Call for Blog Owners...

- **Potential blog subjects:**
  - Key technology pages
  - Country wiki pages
- **Blogger characteristics**
  - Have subject matter expertise
  - Willing to post a blog entry at least twice a month
  - Willing to respond to blog comments posted by other users
  - Provide oversight of the direction and content of the blog
- **Interested? Contact the DoDTechipedia administrators at [dodtechipedia@dtic.mil](mailto:dodtechipedia@dtic.mil)**
