Women and all consumers deserve to have the information they need to make informed retirement decisions and understand the importance of making retirement savings last.

Please join us for panel discussions with Assistant Secretary of Labor Phyllis C. Borzi and senior government officials, financial experts, and consumer advocates who will discuss ways for women to better understand how to maximize their retirement savings and avoid pitfalls in the retirement investment market.

Registration is required to attend and is on a first come, first served basis. This public forum is free and open to the first 200 registrants. Please register as soon as possible by email to Meredith Regine at regine.meredith.e@dol.gov or by fax at (202) 219-5526.
