| Symbols: DSNIP/DMc | | Action: Immediate |

PURPOSE: To inform the Office of Apprenticeship (OA) staff of a new apprenticeable occupation:

Chemistry Quality Control Technician
RAPIDS Code: 1134HY
O*NET-SOC Code: 19-4031.00
Training Term: 2,000-3,000 hours
Type of Training: Hybrid

BACKGROUND: Regional Director Jill Houser, on behalf of the Northeast Biomanufacturing Center and Collaborative, submitted this apprenticeability request for the occupation Chemistry Quality Control Technician. The duties of a Chemistry Quality Control Technician include: Performing a variety of inspections, checks, tests, and sampling procedures for the manufacturing process according to standard operating procedures. Performing in process inspection and documenting results. Monitoring critical equipment and instrumentation. Writing and updating inspection procedures and checklists as necessary. Knowledge of current good manufacturing practices.

ACTION: The OA staff should familiarize themselves with this bulletin including all attachments. If you have any questions, please contact Doug McPherson at (202) 693-3783.

Chemistry Quality Control Technician will be added to the list of occupations recognized as apprenticeable when the list is reissued. A suggested Work Process Schedule and Related Instruction Outline are attached.

NOTE: This bulletin is being sent via electronic mail.
