

The Directorate of Cooperative and State Programs

Presents...

The Business of Small Business Forum Part VI: *Safety and Health Issues In The Maritime Industry*

Guest Speakers:

Terry Preston: Director of Safety, Environment and Quality, Atlantic Marine
Jim Thornton: Director, Environmental, Health and Safety, Northrop Grumman Corporation

September 14, 2007

10:00 A.M. – 12:00 P.M.

Room C-5515, Conference Room 3

Session Overview:

What does it take to operate an efficient, safe, yet profitable business within the Maritime Industry? Join us as we explore some of the practical issues facing companies in the Maritime Industry in their effort to thrive economically and navigate through OSHA standards as well as other industry-specific requirements. A maritime panel will discuss cooperative programs and how they assist with developing a company's safety and health program. Learn how companies have reduced injuries, saved money in workers' compensation costs, and changed the overall safety and health culture of their workplaces.

RSVP by Friday, September 7, 2007 to David Ward at 3-2234 or ward.david@dol.gov
