Dear Navaid File Customers:

In order to improve efficiency at the Federal Aviation Administration, Aeronautical Navigation Products will no longer be providing Navaid file data after the May 5th, 2011 effective date.

Customers may obtain Navaid data through a subscription to the NASR (National Airspace System Resource) subscriber files. The NASR subscriber files are available as a free download from FADDS (Facility Aeronautical Data Distribution System) via the NFDC (National Flight Data Center) web site at nfdc.faa.gov. There is a 'New User Registration' link at the bottom of the page where customers may set up an account.

This change will help us enhance the efficiency of our operations to allow us to shift resources to developing new digital aeronautical products for our customers and to support critical FAA Next Generation Air Transportation System (NextGen) initiatives.

If you have any questions, please contact Scott Jerdan at 301-427-5172 or by e-mail at Richard.S.Jerdan@faa.gov.

Sincerely,

/original signed/
