Application
This bulletin is being sent to Part 139 Airport Managers and State Aviation Directors in Iowa, Kansas, Missouri and Nebraska

Background:
Part 139.303(c) requires airport operators to train airport personnel with responsibilities in the airport certification program. The Central Region airport certification staff have prepared miscellaneous training PowerPoint presentations to supplement the site specific training programs prepared by airport operators and have been distributing these training PowerPoint presentations during Part 139 inspections.

Enclosed is a CD with additional FAA training PowerPoint presentations and updated training PowerPoint presentations of subjects previously distributed. The following training PowerPoint presentations are included:

Airport Certification Program
Examples of Discrepancies Found During Part 139 Inspections
Inspecting Airfield Construction
Inspecting Airfield Marking, Signs and Lighting
Inspecting the Movement Area
Conducting the Night Inspection
Part 139 Requirements - Self-Inspection Program
Inspecting Fueling Operations
Conducting Quarterly Inspections of Aircraft Fuel Servicing Vehicles
Conducting Quarterly Inspections of Airport Fueling Systems and Operations

Part 139 ARFF Requirements
Reducing V/PDs and Runway Incursions
Reducing Wildlife Hazards on Your Airport
POFZ and Ground Vehicle Operations
SMGCS Visual Aids

Note: The PowerPoint presentation "Inspecting Airfield Marking, Signs and Lighting", is currently being updated for AC 150/5340-1J, Change 1. A Regional Airport Certification Bulletin will be issued in the near future to discuss these changes.

Action Needed:
Airport operators should provide these training PowerPoint presentations to the airport personnel with responsibilities in the airport certification program. Airport staff should check the dates of the training PowerPoint presentations in use and replace the copies that have been updated.
