**Application:**

This bulletin is intended for Part 139 Airport Managers and State Aviation Directors in the States of Iowa, Kansas, Missouri and Nebraska

**Background:**

Part 139.303(c) requires airport operators to train airport personnel with responsibilities in the airport certification program. The Central Region airport certification staff previously distributed a CD with supplement guidance PowerPoint presentations for use in the required Part 139 training programs. Many of these supplemental guidance PowerPoint presentations have recently been updated. In addition, a new PowerPoint presentation titled, "Part 139 Quiz" has been added to provide a review of Part 139 requirements, Advisory Circular standards and common problems. This new supplemental guidance PowerPoint presentation is primarily intended for airport operations and maintenance personnel.

**Action Required:**

Enclosed is a CD of all of the Central Region Part 139 supplemental guidance PowerPoint presentations (Contact Mike Mullen for a copy). Airport operators should provide these training PowerPoint presentations to the airport personnel with responsibilities in the airport certification program. Airport staff should check the dates of the training PowerPoint presentations in use and replace the copies that have been updated.

Contact either, Mike Mullen, Lead Airport Certification Inspector, 816-329-2618 or Pat Haynes, Airport Certification Safety Inspector, 816-329-2621 if you need a copy of the current PowerPoint presentations.
