Guidance Under Subpart F Relating to Partnerships; Hearing Cancellation

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Cancellation of notice of public hearing on proposed rulemaking.

SUMMARY: This document provides notice of cancellation of a public hearing on proposed rulemaking relating to the treatment of a controlled foreign corporation's (CFC's) distributive share of partnership income.

DATES: The public hearing originally scheduled for Tuesday, December 5, 2000, at 10 a.m., is canceled.

FOR FURTHER INFORMATION CONTACT: Treena Garrett of the Regulations Unit, Office of Special Counsel (Modernization and Strategic Planning), at 622-7180 (not a toll-free number).

SUPPLEMENTARY INFORMATION: A notice of proposed rulemaking and notice of public hearing that appeared in the **Federal Register** on September 20, 2000 (65 FR 56836), announced that a public hearing was scheduled for December 5, 2000, in the Internal Revenue Building, 1111 Constitution Avenue, NW., Washington, DC. The subject of the public hearing is proposed regulations. The deadline for outlines of oral comments and requests to speak expired on November 14, 2000.

The notice of proposed rulemaking and notice of public hearing, instructed those interested in testifying at the public hearing to submit a request to speak and an outline of the topics to be addressed. As of November 21, 2000, no one has requested to speak. Therefore,

the public hearing scheduled for December 5, 2000, is canceled.

Cynthia E. Grigsby,

Chief, Regulations Unit, Office of Special Counsel (Modernization and Strategic Planning).

Approval and Promulgation of Air Quality Implementation Plans and Designations of Areas for Air Quality Planning Purposes; State of New Hampshire; Revision to the Carbon Monoxide State Implementation Plan, City of Nashua; Carbon Monoxide Redesignation Request, Maintenance Plan, Transportation Conformity Budget, and Emissions Inventory for the City of Nashua; Carbon Monoxide Redesignation Request, Maintenance Plan, Transportation Conformity Budget, and Emissions Inventory for the City of Manchester

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to redesignate the Nashua, New Hampshire nonattainment area to attainment for the carbon monoxide (CO) air quality standard and is proposing to approve a Maintenance Plan that will insure that the Nashua area remains in attainment. The EPA is also proposing to redesignate the Manchester, New Hampshire nonattainment area to attainment for the CO air quality standard and is proposing to approve a maintenance plan that will insure that the Manchester area remains in attainment. Under the Clean Air Act, as amended in 1990 (the CAA), designations can be revised if sufficient data are available to warrant such revisions and the request to redesignate shows that all of the requirements of section 107(d)(E)(3) of the CAA have been met. EPA is proposing to approve the New Hampshire maintenance plans and other redesignation submittals because they meet the maintenance plan and redesignation requirements, and will ensure that the two areas remain in attainment. The approved maintenance plans will become a federally enforceable part of the New Hampshire State Implementation Plan (SIP). In this

action, EPA is also proposing to approve the New Hampshire 1990 baseline emission inventories for both of these areas, transportation conformity budgets for both areas and a revision to the inspection and maintenance (I/M) SIP approved for the Nashua area.

In the Final Rules Section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without a prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

DATES: Written comments must be received on or before December 29, 2000.

ADDRESSES: Comments may be mailed to David Conroy, Manager, Air Quality Planning Unit, Office of Ecosystem Protection (mail code CAQ), U.S. Environmental Protection Agency, New England office, One Congress Street, Suite 1100, Boston, MA 02114-2023. Copies of the State submittal and EPA's technical support document are available for public inspection during normal business hours, by appointment at the Office of Ecosystem Protection, U.S. Environmental Protection Agency, New England office, One Congress Street, 11th floor, Boston, MA and Air Resources Division, Department of Environmental Services, 6 Hazen Drive, P.O. Box 95, Concord, NH 03302-0095.

FOR FURTHER INFORMATION CONTACT: Jeffrey S. Butensky, Environmental Planner, Air Quality Planning Unit of the Office of Ecosystem Protection (mail code CAQ), U.S. Environmental Protection Agency, New England office, One Congress Street, Boston, MA 02114-2023, (617) 918-1665 or at butensky.jeff@epa.gov.

SUPPLEMENTARY INFORMATION: For additional information, see the direct

final rule which is located in the Rules Section of this **Federal Register**.

Dated: November 14, 2000.

RIN 2060-A160

Petition by American Samoa for Exemption From Anti-Dumping Requirements for Conventional Gasoline

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency ("EPA" or "the Agency") is proposing to grant a petition by the Territory of American Samoa for exemption from the anti-dumping requirements for gasoline sold in the United States after 1995. This action is being taken because compliance with the anti-dumping requirements is not feasible or is unreasonable due to American Samoa's unique geographic location and economic factors. If the gasoline anti-dumping exemption were not granted, American Samoa would be required to import gasoline from suppliers meeting the anti-dumping requirements, adding a considerable expense to gasoline purchased by the American Samoa consumer. American Samoa is in full attainment with the National Ambient Air Quality Standard ("NAAQS") for ozone. This action is not expected to cause harmful environmental effects to the citizens of American Samoa.

DATES: Comments on this proposed final decision must be received in writing by December 29, 2000.

ADDRESSES: Materials relevant to this petition are available for inspection in public docket A-99-17 at the Air Docket Office of the EPA, Room M-1500, 401 M Street, SW., Washington, DC 10460, (202) 260-7548, between the hours of 8:00 a.m. to 5:30 p.m., Monday through Friday. A duplicate public docket A-91-40 has been established at U.S. EPA Region IX, 75 Hawthorne Street (Mail Code: A-2-1), 17th Floor, San Francisco, CA 94105, (415) 744-1225, and is available between the hours of 8:30 a.m. to noon, and from 1 p.m.

to 5 p.m., Monday through Friday. As provided in 40 CFR part 2, a reasonable fee may be charged for copying services.

Marilyn Winstead McCall at (202) 564-9029, facsimile: (202) 565-2085, e-mail address:

McCall.mwinstead@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: For more detailed information on this proposal, please see EPA's Direct Final Rule published in the Final Rules section of this **Federal Register** which approves American Samoa's petition for exemption from the gasoline anti-dumping regulations. The Agency views this direct final rule as a noncontroversial action for the reasons discussed in the Direct Final Rule published in today's **Federal Register**. If no adverse or critical comments or request for a public hearing are received in response to this proposal, no further action is contemplated in relation to this rule. If EPA receives adverse or critical comments, EPA will withdraw the Direct Final Rule by publishing an appropriate document in the **Federal Register**, and all public comments received will be addressed in a subsequent document. If a request for a public hearing is received, this will be addressed in a subsequent **Federal Register** notice. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

Dated: November 17, 2000.

Administrator.
