

Guidance for Completing the 2012 Non-competing Continuation Application

Office of Adolescent Health Office of Grants Management

April 4, 2012

Today's Agenda

Overview of continuation application submission requirements

Review reporting requirements:

- Progress report and work plan all grantees
- Budget and required grants forms all grantees
- TPP performance measures TPP Grantees Only
- TPP evaluation progress report TPP Tier 1 C/D and Tier 2 Grantees Only

OAH Grantee Reports

<u>Six</u> primary reports due each year:

- Non-competing continuation application
 - May 31, 2012
- Annual progress report
 - November 30, 2012
- Quarterly and Annual financial status reports
 - December 29, 2012 Annual
 - January 30, 2013 Quarterly
 - April 30, 2013 Quarterly
 - July 30, 2013 Quarterly

Purpose of the Continuation Application

- Report on the progress of the project during the current budget year
- Provide a work plan for the upcoming budget year
- Provide a detailed budget and budget narrative justification for the upcoming budget year

OAH Continuation Application Guidance

- Application submission process
- Application content
 - Required forms, table of contents, six-month progress report, next year's work plan, next year's budget, and appendices
 - Budget information SF424A, detailed budget justification
 - Performance measure and evaluation progress reporting for TPP Grantees
- Example progress report and work plan templates
- Checklist of information to include in progress report and work plan

Application Submission

Submission Process

- 2012 Continuation Applications Due May 31, 2012 at 11:00pm EST
- Applications must be submitted through Grantsolutions.gov
 - Hard copy applications are no longer accepted
 - Separate submission of signature page is <u>no longer required</u>
- Applications submitted through mail, email, or fax will not be accepted

Submission through Grantsolutions.gov

- Each grantee currently has a non-competing continuation application kit established in grantsolutions.gov
- Application must contain all required forms and information as outlined in the OAH guidance to be considered complete
- Review grantee manual for tips to make submitting online easier
- Contact the Grantsolutions helpdesk if you experience any difficulties submitting your application
 - (866) 577-0771 or <u>App_Support@acf.hhs.gov</u>

Six-Month Progress Report

- Describe the completion of objectives and activities during the first six months of the current budget period
 - September 1, 2011 February 29, 2012
- Include a thorough description of the status of all objectives and activities to support the grant program

Expectations for Six-Month Progress Report

- Describe the status (met, ongoing, or unmet) of each objective and activity
- Provide a narrative describing what has been done to work toward accomplishing the objectives and completing the planned activities
- Describe any challenges/barriers encountered and how they were addressed
- If applicable, include the reasons that goals or objectives were not met and a discussion of assistance needed to resolve the situation
- Report on any other significant project activities, accomplishments, setbacks or modifications (e.g., change in key staff, change in scope of work) that have occurred in the current budget period

Expectations for Six-Month Progress Report

Include sufficient detail in the narrative description

- Anyone picking up the report should be able to understand what you've been doing and what has been accomplished
- Be sure to include challenges faced; brainstorm ideas to overcome those challenges
- Provide supporting documents in the appendices if they add clarity or depth to the narrative
- No specific length is required
 – progress reports are evaluated on the basis of substance, not length
- Recommended template is not required; the requirement is to meet all of the outlined expectations

Tools & Resources – Progress Report

- Progress report template
- Example of partially completed progress report
- Continuation Application Checklist
 - Includes list of key information to include in the progress report for PAF and TPP grantees

Example – Six-Month Progress Report

Six-Month Progress Report <u>Grantee X;</u> Grant #:xxxxx September 1, 2011 – February 29, 2012 (six months)

Goal: Replicate xxx evidence-based program in 60 sites across xxx County.

•		
Objective: By August 31, 2011 ensure all facilitators are trained in the xxx evidence-based program model.	In Progress	By the end of the first grant year, we will have trained all 60 facilitators in the xxx evidence-based program model. To date, we have accomplished 75% of the activities under this objective. We searched for organizations that were certified to conduct training on the evidence-based program, had a conversation with each organization about the content and cost of their training, selected and entered into an agreement with xxx organization to conduct our trainings, and have conducted two of the four facilitator trainings. We're offering the same training four times to provide options in the location and timing of the training and to limit each training to no more than 15 participants. The remaining two trainings will be completed in May.
Activity: Identify and secure a trainer to conduct training on xxx evidence-based program.	Met	We identified three organizations that are certified to conduct trainings in xxx evidence-based program. We contacted each organization to learn more about the content and cost of their training. Each organization offered a 3-day training, but one organization also included 20 hours of follow-up technical assistance in their training plan. The cost estimates from the three organizations were similar. We decided that having the 20 additional hours of technical assistance from the trainer would be beneficial since this is a new program for all of our facilitators; therefore we selected xxx organization. We signed a contract with xxx organization to conduct four identical 3-day trainings for our facilitators and to provide 20 hours of follow-up technical assistance. It was agreed that our organization would take care of the logistics and registration for each training.
Activity: Conduct four 3-day trainings in the xxx evidence-based program for program facilitators.	In Progress	 Training dates and locations for four 3-day trainings were secured: March 22-24, 2011 at the xxx community organization in City April 14-16, 2011 at the xxx community organization in City May 2-4, 2011 at the xxx community organization in City May 20-22, 2011 at the xxx community organization in City Trainings were advertised to the 60 facilitators who are implementing the xxx evidence-based program. Each training includes an overview of the program model, core components, and teaching philosophy; a detailed review of the activities included in the program; time for each participant to practice delivering the program activities; review of the fidelity monitoring tools; discussion about allowable adaptations; and review of the available evaluation tools (see Appendix A – Training Agenda). Training participants completed an evaluation form after the training. Results have been analyzed for the first two trainings and indicate that facilitators are confident in their ability to implement the program with fidelity as a result of the training.

Work Plan

Outlines the objectives and activities for the upcoming budget year

September 1, 2012 – August 31, 2013

- Describes the goals, objectives, activities, timeline, person responsible for each activity, and the measure of effectiveness for each objective
- Includes sufficient detail to provide a clear picture of the program and activities for the upcoming year

Work Plan Details

The work plan should include the following:

- Grantee Name
- Five-year goals
- Objectives programmatic and evaluation
 - <u>Specific</u>, <u>Measurable</u>, <u>Achievable</u>, <u>Realistic</u>, and <u>Time-phased</u>
- Rationale to support objectives
- Activities and timeline for conducting activities
- Measures of accomplishment
- Person/agency responsible for implementing activities

Expectations of the Work Plan

- Intended to be an ongoing monitoring and evaluation tool
- Should be a working document
- Should be updated based on new information or modifications that may occur during the current year

Tools & Resources – Work plan

- Two work plan templates
- Example of partially completed work plan
- Continuation Application Checklist
 - Includes list of key information to include in the work plan for PAF and TPP grantees

- Extensive appendices are not required

Application Content Budget and Grants Forms

Required Grant Forms

SF-424 – Application for Federal Assistance

Must list the Program Director and Authorized Business Official

SF-424a – Budget Information

 List Federal and Non-Federal (In-Kind or Matching contributions).
 Also, must complete section A (c.) and (d.) listing the estimate unobligated balance of funds at the end of year two.

SF-424b – Assurances

Grantee will comply with all applicable policies, laws and regulations

SF-LLL – Disclosure of Lobbying Activities

Report to disclose lobbying activities

- Script for Perceived Impact
- Help Desk request on website
- Additional resources added as needed

Reporting Options

- Option 1: Reporting raw data directly into the web system
- Option 2: Uploading raw data by means of spreadsheets using pre-defined variables
- Option 3: Entering aggregated data into the system. Only grantees with approval will see the fields for entering aggregated data

Grantee-level measures: Program structure: Reach

- Includes all program participants, regardless of whether or not in the evaluation
- Measures
 - # of youth served, by demographic characteristics
 - # of other types of clients served (e.g., parents)
- Reporting
 - Option 1 and Option 2 participant level demographic information
 - Option 3 aggregated data, classified by demographic characteristics

Grantee-level measures: Program structure - Partners

- Measures
 - # of organizations partnering with grantee (with formal agreements, without formal agreements, currently assisting)
 - Retention of partners: # with formal agreements still involved at end of reporting period
- Reporting

-All grantees are to enter aggregated data on website

Grantee-level measures: Program structure - Training

 Any type of training that improves facilitators' delivery of the program (e.g., adolescent development, classroom management, retention strategies) not just curricular

Measures

- # of new facilitators trained
- # of facilitators receiving follow-up training
- Reporting
 - All grantees are to report aggregated data on the website

Grantee-level measures: Program structure - Dissemination

- Materials should be related to the funding through the TPP/PREIS grant (e.g., experiences in implementing the program, lessons learned, or evaluation results)
- Measures
 - # of manuscripts accepted for publication or published (with publication information)
 - # of manuscripts submitted for publication
 - # of presentations (by level, with titles and venues)
 - Packaging of programs for replication (Tier 2/PREIS grantees only)
- Reporting
 - All grantees are to report aggregated data on website

Grantee-level measures: Program implementation - Dosage

- Measure of "how much" of program participants received
 - Calculated using attendance data
 - Collected on all participants, even those not in the evaluation
- Measures
 - Mean and median % of program services received by youth
 - Mean and median % of program services received by any other types of participants (e.g., parents)
 - % of participants that received at least 75% of the program
- Reporting
 - Option 1 and Option 2 report attendance data for every participant for every session on website or by uploading spreadsheets
 - Option 3 report aggregated data by gender and age (for youth) and for other participants

Grantee-level measures: Program implementation - Fidelity

- Addresses how well the implementation adhered to the program's model
- Measures
 - Based on facilitator reporting
 - % of completed sessions for which there is a fidelity monitoring log
 - Mean and median % of activities completed
 - Measures based on observations (10% of sessions)
 - Mean and median % of activities completed
 - Score on quality assessment form
 - Additional measures
 - % of sessions completed
 - Score on fidelity process scale
- Reporting
 - Option 1 and 2 report the required data for each session on the website or by uploading spreadsheets and aggregated data for the additional measures on the website
 - Option 3 report aggregated data for all measures on the website

Participant-level measures: Perceived impact

- Collected anonymously either at end of program, or annually (for longer programs)
- Must collect demographic data as well
- Sample script to facilitate administration of questions is on web site, under "Resources" tab
- Measures:
 - Perceived impact on sex
 - Perceived impact on condom use
 - Perceived impact on birth control use
 - Perceived impact on abstinence
- Reporting
 - All grantees must report non-aggregated data, either on the website or by uploading spreadsheets

Participant-level measures: Behaviors/Intentions

- For grantees with a rigorous evaluation only
- Reported by evaluators, not grantees
- Baseline and follow-up data for intervention and control groups if youth have parental permission to be in evaluation
- Measures
 - Behaviors
 - Sex in last 3 months
 - Condom use if had sex
 - Birth control use if had sex
 - Intentions
 - To have sex in next year
 - To use a condom if have sex
 - To use birth control if have sex

Comparison Groups in Rigorous Evaluations

- Collect and report Behavioral and Intention data if they are participating in the evaluation
- Do not administer Perceived Impact on comparison youth
- Do not report attendance data on comparison youth
- Do not report fidelity for any comparison program

Program Youth without Parental Permission

- All youth receiving program services must be counted for measures of Reach and Dosage
- If they do not have parental permission to be in the evaluation or to respond to perceived impact questions, they are still to be counted for Reach and Dosage

Reporting Dates

- All data must be uploaded no later than November 30 and May 31 of each year
- May 31 report includes data from September 1 to February 29
- Enter data early to ensure that questions may be answered in a timely fashion
- Those who wish to use Option 3 must send their project officer a detailed description of the system for approval well in advance of the reporting deadline

Application Content TPP Evaluation Progress Report

For TPP Tier 1 C/D & Tier 2 Grantees Only

What and why?

- Data on two key elements
 - Sample intake (CONSORT diagram)
 - Baseline equivalence
- We will assess that data
 - Against the HHS evidence standards for attrition and equivalence
 - To look for areas in which evaluation implementation could be strengthened
 - To look for issues that need to be clarified/implemented in reporting

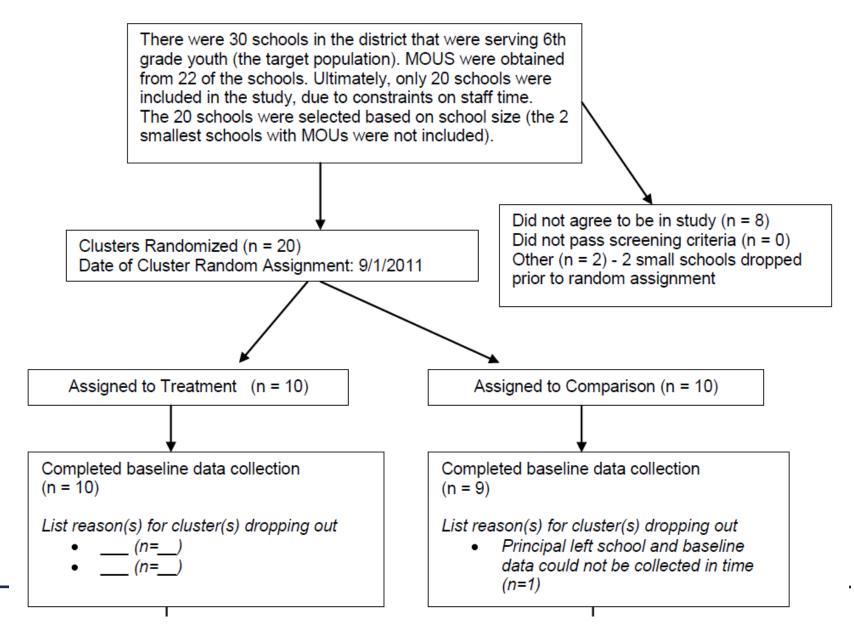

General guidance

- Do not provide data on your evaluation pilot
- Provide data pooled across cohorts and sites currently enrolled
- Provide baseline equivalence data for:
 - Full sample at baseline
 - Sample responding to follow-up surveys

CONSORT diagrams

- Word templates and examples are available in the continuation application guidance
- For clustered RCTs,
 - Cluster intake consort diagram
 - Youth intake consort diagram, based on youth in remaining clusters
- For individual-level RCTs and QEDs, youth intake consort diagram only

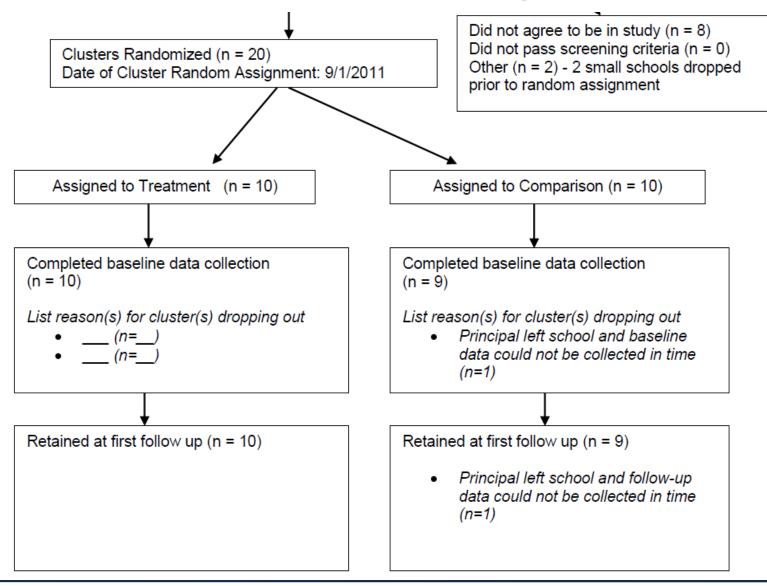

CONSORT Diagram for Clusters in a Cluster Randomized Controlled Trial

Paragraph on intake process for clusters

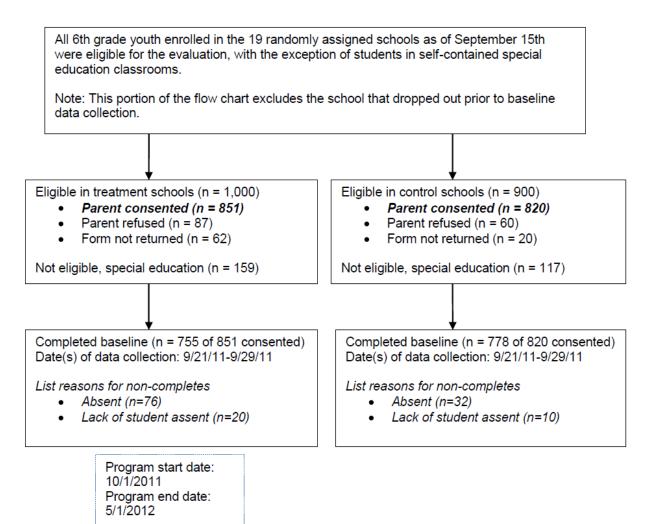

There were 30 schools in the district that were serving 6th grade youth (the target population). MOUS were obtained from 22 of the schools. Ultimately, only 20 schools were included in the study, due to constraints on staff time. The 20 schools were selected based on school size (the 2 smallest schools with MOUs were not included).

Clustered RCT – cluster sample to date

Clustered RCT – youth sample to date

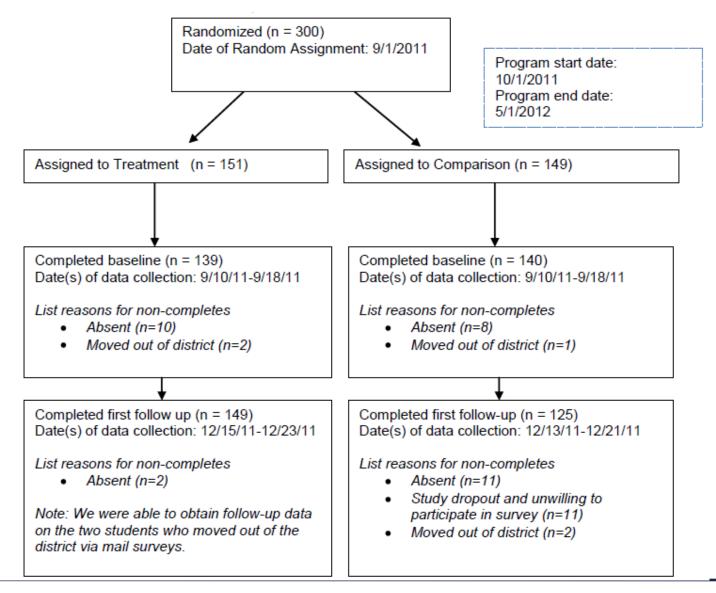

CONSORT Diagram for the Youth in the Clustered Randomized Controlled Trial Presented on the Prior Page

Individual-level RCT or QED - youth enrollment process

7th grade youth in 4 middle schools were eligible for program participation. 600 youth expressed interest in the afterschool program. 200 were in 8th grade and were ineligible. Of the 400 eligible, only 300 provided consent. Thus, only 300 students were considered for the randomization procedure. Did not pass screening criteria (n = 200) Did not provide consent (n = 100)

Individual-level RCT or QED – sample to date

Baseline equivalence documentation

- Focus on variables assessed under HHS evidence standards
 - Age, gender, race/ethnicity
 - Measures of sexual behavior
- Excel template available on SharePoint
 - Two tabs in workbook blank template and populated example
- What to provide
 - For binary measures, percent (in decimal form, e.g. 0.05) and sample size
 - For continuous measures, mean, standard deviation, and sample size
 - For categorical measures (e.g. race), counts in each category
 - Any documentation of deviations from those basic statistics (e.g. you calculate statistical tests accounting for clustering)

Required data processing

- Construct race variable
 - Recode those selecting multiple races into a two or more races category
- Construct dummy (binary) variables for yes/no survey items, gender, and Hispanicity
- Construct full sample sexual behavior variables
 - Youth that did not have sex should be in sample, but coded as zero
 - Youth that did not have sex in the past 3 months should be coded as zero in the number of times had sex in the past three months and included in the denominator
 - Youth that did not have sex in the past 3 months should be coded as "no" or zero in the numerator and included in the denominator for the measure regarding sexual intercourse without a condom in past three months
