Mission Support Alliance Provision

2.0 ORDER OF PRECEDENCE

- A. In the event of a discrepancy among any of the Subcontract terms, conditions, clauses, provisions, written direction and instructions, and documents (collectively, the “Subcontract”), the following order of precedence shall govern resolution: (1) Buyer's written Subcontract modifications, direction, and instructions; (2) Subcontract form and clauses, including clauses incorporated by reference; (3) Technical instructions, including the Statement of Work (SOW), drawings, exhibits and attachments, and applicable standards; (4) Special Provisions; (5) General Provisions; and (6) other documents identified as being part of the Subcontract.
- B. Nothing recited above shall be construed as superseding or deleting any applicable statute, rule, ordinance, or regulation (collectively, the “laws”). In the event of a conflict with laws, the specific conflicting term of the Subcontract shall be considered null and without effect, and laws shall govern. All remaining terms unaffected by said laws should continue in force.

3.0 WORK QUALITY STANDARDS

3.1 SAFETY

- A. The Subcontractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor shall comply with, and assist the Buyer in complying with Environmental, Safety, Health, and Quality (ESH&Q) requirements of all applicable laws, regulations and directives.
- B. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of ES&H functions and activities is an integral and visible part of the Subcontractor’s work planning and execution processes. As a minimum, the Subcontractor shall:
- Thoroughly review the defined scope of work;
 - Identify hazards and ES&H requirements;
 - Analyze hazards and implement controls;
 - Perform work within controls; and
 - Provide feedback on adequacy of controls and continue to improve safety management.
- C. The Subcontractor shall flow down ESH&Q requirements to the lowest tier Subcontractor performing work on the Hanford site commensurate with the risk and complexity of the work.

3.2 WARRANTY

- A. Subcontractor warrants that the work shall comply strictly with the provisions of this Subcontract and all specifications, drawings and standards referred to in this Subcontract or thereafter furnished by Buyer, and that the work shall be first-class in every particular and free from defects in materials and workmanship and in any design or engineering furnished by Subcontractor. Subcontractor further warrants that all materials, equipment and supplies furnished by Subcontractor for the work

Mission Support Alliance Provision

shall be new, merchantable, of the most suitable grade and fit for their intended purposes unless specifically provided in this Subcontract. Without limitation of any other rights or remedies of Buyer, if any defect in the work in violation of the foregoing warranties arises within the period set forth below, Subcontractor shall, upon receipt of written notice of such defect, promptly furnish, at no cost to Buyer, design and engineering, labor, equipment and materials necessary to correct such defect and cause the work to comply fully with the foregoing warranties.

- B. Subcontractor's warranties set forth in subparagraph 3.2-A shall extend for twenty-four (24) months after the date of final written acceptance of the work by Buyer, or eighteen (18) months after the start of regular operation or use of the work by Buyer, whichever occurs first. Any period wherein the work is not available for use due to defects in materials, workmanship or engineering furnished by Subcontractor shall extend the warranty period by an equal period of time.
- C. Design and engineering, labor, equipment and materials furnished by Subcontractor pursuant to subparagraph 3.2-A to correct defects shall be warranted by Subcontractor in accordance with the warranties set forth in subparagraph 3.2-A for a period of eighteen (18) months from the date of completion of the correction, or for the remainder of the warranty period set forth in subparagraph 3.2-B above, whichever is longer.
- D. In the event Subcontractor shall have been notified of any defects in the work in violation of Subcontractor's foregoing warranties and shall fail to promptly and adequately correct such defects, Buyer shall have the right to correct or to have such defects corrected for the account of Subcontractor, and Subcontractor shall promptly pay Buyer the costs incurred in correcting such defects.
- E. Subcontractor shall include, at a minimum, the foregoing warranty requirements in any Subcontract that it places.

3.3 USED OR RECONDITIONED EQUIPMENT, RECYCLED "ENVIRONMENTALLY PREFERABLE" PRODUCTS

Used or reconditioned equipment, recycled materials, products made in whole or in part from recycled products and products that are generally known as "environmentally preferable" will be specially provided for in this Subcontract. Substitution of used, reconditioned equipment, recycled or "environmentally preferable" products will require prior approval of the Buyer.

3.4 INSPECTION, TESTING, AND QUALITY CONTROL

- A. Subcontractor shall inspect all materials, supplies, and equipment which are to be incorporated in the work. In addition, Subcontractor shall conduct a continuous program of quality control for all work. When requested by the Buyer, Subcontractor's quality control program and inspection procedures for the foregoing shall be submitted in writing to Buyer for review and approval, in sufficient detail to delineate those items to be inspected and the manner in which they are to be inspected, and shall adequately describe all quality control activities contemplated,

Mission Support Alliance Provision

including provision for adequate documentation of Subcontractor's performance of such quality control and inspection.

- B. Subcontractor shall, during the course of performance of the work hereunder, without additional compensation, make or cause to be made all tests required by this Subcontract. Buyer may require additional inspections and tests. Subcontractor shall furnish Buyer with satisfactory documentation of the results of all inspections and tests. Buyer shall be given not less than five (5) working days notice of any tests to be made by Subcontractor or any of its lower-tier Subcontractors in order that Buyer may witness any such tests.
- C. Buyer and the Government and their representatives, and others as may be required by applicable laws, ordinances and regulations, shall have the right at all reasonable times to inspect the work and all material, supplies and equipment for the work. Subcontractor shall provide, or cause to be provided access and sufficient, safe and proper facilities for such inspections. Neither the failure to make such inspection nor to discover defective workmanship, materials or equipment, nor approval of or payment to Subcontractor for such work, materials or equipment shall prejudice the right of Buyer or the Government.
- D. If Subcontractor covers any portion of the work prior to any inspection or test provided for in the specifications, inspection schedule, or as previously requested by Buyer, the cost of uncovering and covering the work to allow for such inspection or test shall be borne by the Subcontractor. Buyer may order reexamination of any work. In the event of such reexamination, if any material, equipment or any part of the work is determined by Buyer to be defective, Subcontractor shall not be reimbursed for uncovering, repair or corrective and restoration costs. If such work is found to be in accordance with the Subcontract requirements upon such reexamination, Buyer shall pay Subcontractor the cost of uncovering and restoration.
- E. Rejection by Buyer of any or all parts of defective work for failure to conform to this Subcontract shall be final and binding. Such rejected work shall be promptly corrected or replaced by Subcontractor at Subcontractor's expense. If Subcontractor fails to commence and diligently continue correction or replacement of such rejected work immediately after receipt of written notice from Buyer to correct or replace the rejected work, Buyer may at its option remove and replace the rejected work, and Subcontractor shall promptly reimburse Buyer for the costs of such removal and replacement of defective work.

3.5 CONDITIONS AND RISKS OF WORK

Subcontractor represents that it has carefully examined the drawings and specifications for the work and has fully acquainted itself with all other conditions relevant to the work, and its surroundings, and Subcontractor assumes the risk of such conditions and will, regardless of such conditions, the expense, difficulty of performing the work, or negligence, if any, of Buyer, fully complete the work for the stated Subcontract price without further recourse to Buyer. Information on the site of the work and local conditions at such site furnished by

Mission Support Alliance Provision

Buyer in specifications, drawings or otherwise is not guaranteed by Buyer and is furnished only for the convenience of Subcontractor.

3.6 SHIPMENT SAFETY

Subcontractor shall ensure that all shipments made to the Hanford site in performance of this Subcontract are packaged and loaded for safe handling and unloading. Any person delivering to the Hanford site or to a Buyer-controlled facility should wear appropriate protective equipment and may be required by the Buyer to wear specific personal protective equipment (hand, eye, head or foot protection). Deliveries to the Hanford site or Buyer-controlled facility may be refused and/or unloading work stopped by any Buyer employee for unsafe conditions or practices.

3.7 SUBCONTRACTS AND PURCHASE ORDERS

- A. Subcontractor shall not subcontract any on-site work and/or any significant aspects of off-site Subcontract performance without first identifying the proposed Subcontractor and Subcontract scope to Buyer. When requested by Buyer, Subcontractor shall furnish Buyer a copy of the proposed Subcontract demonstrating that all appropriate flow-down provisions and requirements are included and will be met. Buyer reserves the right to reject any proposed Subcontract or Subcontractor as incomplete or unsuitable. Failure of Subcontractor to notify Buyer in advance of Subcontracting may be considered a material breach of these Subcontract terms.
- B. Subcontractor is responsible for Subcontract performance and performance of its lower-tier Subcontractors regardless of having notified Buyer of the intent to Subcontract. On request of Buyer, any Subcontractor not performing in accordance with the terms of this Subcontract shall be replaced at no additional cost to Buyer and shall not be employed again on the work.
- C. Subcontractor shall include a provision in every Subcontract authorizing assignment of such Subcontract to Buyer or the Government without requiring consent from such Subcontractor or supplier
- D. As used in paragraph A above, the term "Subcontract" shall also include purchase orders and rental agreements for materials or equipment, and the term "Subcontractor" shall also include vendors or suppliers of such material or equipment when significant to Subcontract performance.

3.8 TERMINATION FOR DEFAULT

- A. The Buyer may, subject to paragraphs 3.8-C and 3.8-D below, by written notice of default to the Subcontractor, terminate this Subcontract in whole or in part if the Subcontractor fails to—
 - 1. Deliver the supplies or to perform the services within the time specified in this Subcontract or any extension;
 - 2. Make progress, so as to endanger performance of this Subcontract; or

Mission Support Alliance Provision

3. Perform any of the other provisions of this Subcontract.
- B. The Buyer's right to terminate this Subcontract under subdivisions 1 and 2 above, may be exercised if the Subcontractor does not cure such failure within 10 days (or more if authorized in writing by Buyer) after receipt of the notice from Buyer specifying the failure.
 - C. If Buyer terminates this Subcontract in whole or in part, it may acquire, under the terms and in the manner Buyer considers appropriate, supplies or services similar to those terminated, and the Subcontractor will be liable to Buyer for any excess costs for those supplies or services. However, the Subcontractor shall continue the work not terminated.
 - D. Except for defaults of Subcontractors at any tier, the Subcontractor shall not be liable for any excess costs if the failure to perform the Subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor.
 - E. If the failure to perform is caused by the default of a Subcontractor at any tier, and if the cause of the default is beyond the control of both the Subcontractor and lower-tier Subcontractor, and without the fault or negligence of either, the Subcontractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Subcontractor to meet the required delivery schedule.
 - F. If this Subcontract is terminated for default, Buyer may require the Subcontractor to transfer title and deliver to the Government, as directed by Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and Subcontract rights (collectively referred to as "manufacturing materials" in this Clause) that the Subcontractor has specifically produced or acquired for the terminated portion of this Subcontract. Upon direction of Buyer, the Subcontractor shall also protect and preserve property in its possession in which the Government has an interest.
 - G. The Buyer shall pay Subcontract price for completed supplies delivered and accepted. The Subcontractor and Buyer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes Clause. Buyer may withhold from these amounts any sum Buyer determines to be necessary to protect Buyer and the Government against loss because of outstanding liens or claims of former lien holders.

Mission Support Alliance Provision

- H. If, after termination, it is determined that the Subcontractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Buyer.
- I. The rights and remedies of Buyer in this Clause are in addition to any other rights and remedies provided by law or under this Subcontract.

3.9 STOP WORK – SUBCONTRACTOR FAILURE TO COMPLY

Upon failure of Subcontractor or its lower-tier Subcontractor(s) to comply with any of the requirements of this Subcontract, Buyer shall have the authority to stop any operations of Subcontractor or its lower-tier Subcontractors affected by such failure until such failure is remedied or to terminate this Subcontract. No part of the time lost due to any such stop work orders shall be made the subject of a claim for extension of time or for increased costs or damages by Subcontractor.

3.10 COUNTERFEIT FASTENERS AND COMPONENTS

Buyer reserves the right to question and/or require Subcontractor to certify and/or furnish proof regarding the quality, authenticity, application or fitness for use of the items supplied by the Subcontractor under this Subcontract. Any items furnished as part of this Subcontract and which have been previously found by Buyer, the Department of Energy, or the Department of Commerce to be counterfeit or which are listed by the Department of Commerce to be suspect will be deemed, without more proof, to be subject to the above requirement of further proof or certification. Buyer also reserves the right to question the circumstances and make available a report of any such review to the Government. All costs associated with conducting inquiries into and reporting on fasteners and components determined to be counterfeit shall be recovered by Buyer from Subcontractor.

4.0 TIMING OF WORK

4.1 REPORTING AND COORDINATION

- A. During the performance of work, Subcontractor shall submit to Buyer periodic progress reports on the actual progress and updated schedules as may be required by this Subcontract or requested by Buyer. In the event Subcontractor's performance of the work is not in compliance with the schedule established for such performance, Buyer may, in writing, require the Subcontractor to submit its plan for schedule recovery, or specify in writing the steps to be taken to achieve compliance with such schedule, and/or exercise any other remedies under this Subcontract. Subcontractor shall thereupon take such steps as may be directed by Buyer or otherwise necessary to improve its progress without additional cost to Buyer.
- B. Subcontractor recognizes that Buyer, the Government, other Subcontractors and lower-tier Subcontractors may be working concurrently at the jobsite. Subcontractor agrees to cooperate with Buyer, the Government and other Subcontractors and lower-tier Subcontractors so that the project as a whole will progress with a minimum of delays. Buyer reserves the right to direct Subcontractor to schedule the order of

Mission Support Alliance Provision

performance of its work in such manner as not to interfere with the performance of others.

- C. If any part of Subcontractor's work is dependent upon the quality and/or completeness of work performed under another Subcontract, Subcontractor shall inspect such other work and promptly report to Buyer any defects therein which render such work unsuitable for the proper execution of the work under this Subcontract. Failure to make such inspections or to report any such defects to Buyer shall constitute Subcontractor's acceptance of such other work as suitable to receive Subcontractor's work; provided however, that Subcontractor shall not be responsible for defects that could not have reasonably been detected.

4.2 OVERTIME

Unless expressly stated elsewhere in this Subcontract, work on the Hanford site shall be compatible with Buyer's starting and quitting times, or other times approved by Buyer. Buyer must approve scheduled overtime work by Subcontractor in advance and in writing. Subcontractor shall notify Buyer in advance of any incidental spot overtime that Subcontractor elects to work due to such operations as concrete placement, non-disruptable work activities and emergencies to protect life and/or property. Overtime work, whether scheduled or incidental, shall be to Subcontractor's account unless the compensation therefore is specifically authorized in writing by Buyer. In the event Buyer approves compensation of Subcontractor's overtime in advance, such compensation as separately authorized shall be limited to the actual cost to Subcontractor of the premium portion only of all applicable wages, craft fringe benefits, and payroll burdens imposed by any governmental authority and measured by the compensation payable to employees. To establish the amount of payment, Subcontractor shall submit supporting documents satisfactory in form and content to Buyer for its verification and approval.

4.3 DELAYS

- A. In the event Subcontractor or Buyer is delayed in performing any of their respective obligations in this Subcontract and such delay is caused by acts of God, war, riots, civil insurrection, acts of the public enemy, accidents, acts of civil or military authority, fires, floods, or earthquakes, beyond the reasonable control of the party delayed, such delay will be excused and the period of such delay will be added to the time for performance of the obligation delayed, unless the date, schedule or time period for performance of the obligation is expressly stated in this Subcontract to be guaranteed. In the event any delay due to the foregoing causes or events occurs or is anticipated, the party delayed or anticipating delay shall promptly notify the other party in writing of such delay or expected delay and the cause and estimated duration of such delay. In the event of a delay due to the foregoing causes or events, the party delayed shall, at no cost to the other party, exercise due diligence to shorten and avoid the delay and shall keep the other party advised as to the continuance of the delay and steps taken to shorten or terminate the delay.
- B. Subcontractor shall, within five (5) working days of the commencement of any delay, give to Buyer written notice thereof and of the anticipated effects thereof. Within two

Mission Support Alliance Provision

(2) working days of the termination of any delay, Subcontractor shall file a written notice with Buyer specifying the actual duration of the delay. If Buyer determines that a delay was beyond the control and without the fault or negligence of Subcontractor, Buyer shall determine the duration of the delay and shall extend the time of performance of this Subcontract thereby.

- C. Subcontractor shall not be entitled to, and hereby expressly waives recovery of, any damages suffered by reason of delays of any nature, and extension of time shall constitute the sole liability of Buyer and Subcontractor's sole remedy for delays.

4.4 POSSESSION PRIOR TO COMPLETION

Buyer and/or the Government shall have the right to move into Subcontractor's working and storage areas and the right to take possession of or use any completed or partially completed part of Subcontractor's work as Buyer or the Government deem necessary for their operations. In the event Buyer or the Government desires to exercise the foregoing right, Buyer will so notify Subcontractor in writing. Such possession or use shall not constitute acceptance of Subcontractor's work.

4.5 NOTICE OF COMPLETION AND FINAL ACCEPTANCE

- A. When Subcontractor deems the work fully completed, including satisfactory completion of such inspections, tests and documentation as are specified in this Subcontract, Subcontractor shall, within ten (10) working days thereafter, give a written Notice of Completion of the work to Buyer, specifying the work completed and the date it was completed. Within thirty (30) calendar days after receipt of said Notice of Completion, Buyer may inspect the work and shall either reject the Notice of Completion and specify defective or uncompleted portions of the work, or shall give the Subcontractor a written Notice of Acceptance of the work either for the purpose of final payment only, or for the purposes of final payment and final acceptance.
- B. In the event Buyer rejects the Notice of Completion and specifies defective or uncompleted portions of the work, Subcontractor shall within five (5) working days, provide for Buyer review and approval, a schedule detailing when all defects will be corrected and/or the work will be completed and shall proceed to remedy such defective and uncompleted portions of the work. Thereafter, Subcontractor shall again give Buyer a written Notice of Completion of the work, specifying a new date for the completion of the work based upon the date such defective or uncompleted portions of the work were corrected. The foregoing procedure shall apply again and successively thereafter until Buyer has given Subcontractor written Notice of Acceptance for purposes of final payment and final acceptance.
- C. Any failure by Buyer to inspect or to reject the work or to reject Subcontractor's Notice of Completion as set forth above, shall not be deemed to be acceptance of the work for any purpose by Buyer nor imply acceptance of, or agreement with, said Notice of Completion.

5.0 CHANGES

5.1 CHANGES

- A. The scope of work shall be subject to change by additions, deletions or revisions thereto by Buyer. Subcontractor will be notified of such changes by receipt of additional and/or revised drawings, specifications, exhibits or other written notification.
- B. Subcontractor shall submit to Buyer within ten (10) working days after receipt of notice of a change, a detailed takeoff with supporting calculations and pricing for the change together with any requested adjustments in the schedule. The pricing shall be itemized as required by Buyer and shall be in sufficient detail to permit an analysis of all labor, material and equipment and shall cover all work involved in the change, whether such work was deleted, added or modified. Amounts related to Subcontracts shall be supported in similar detail. In addition, if the proposal includes a time extension, justification therefore shall also be furnished.
- C. Subcontractor shall not perform changes in the work in accordance with subparagraph 5.1-A and 5.1-B until Buyer has approved in writing the pricing for the change and any adjustment in the schedule for performance of the work, except as set forth in subparagraph 5.1-D. Upon receiving such written approval from Buyer, Subcontractor shall diligently perform the change in strict accordance with this Subcontract.
- D. Notwithstanding subparagraph 5.1-C Buyer may expressly authorize Subcontractor in writing to perform the change prior to such approval by Buyer. Subcontractor shall not suspend performance of this Subcontract during the review and negotiation of any change, except as may be directed by Buyer pursuant to Clause 5.2, "Suspension of Work." In the event Buyer and Subcontractor are unable to reach timely agreement regarding any change, Subcontractor shall then comply with Clause 5.4, "Claims."
- E. Subcontractor shall not comply with oral changes in the work. If Subcontractor believes that any oral notice or instruction received from Buyer will involve a change in the cost, time to perform or integrity of work, it shall require that the notice or instruction be given in writing and shall comply with the provisions of subparagraphs 5.1-B, 5.1-C and 5.1-D. Any costs incurred by Subcontractor to perform oral changes shall be for Subcontractor's account, and Subcontractor waives any and all rights to claim from Buyer for such costs or additional time to perform the work as a result of compliance by Subcontractor with such oral changes.

5.2 SUSPENSION OF WORK

- A. Buyer may at any time, and from time to time, by written notice to Subcontractor suspend further performance of all or any portion of the work by Subcontractor. Said notice of suspension shall specify the date of suspension and the estimated duration of the suspension. Such suspensions shall not exceed one hundred eighty (180) consecutive calendar days each nor aggregate more than two hundred seventy (270) calendar days. Upon receiving any such notice of suspension, Subcontractor shall

Mission Support Alliance Provision

promptly suspend further performance of the work to the extent specified, and during the period of such suspension shall properly care for and protect all work in progress and materials, supplies and equipment Subcontractor has on hand for performance of the work. Upon the request of Buyer, Subcontractor shall promptly deliver to Buyer copies of outstanding Subcontracts of Subcontractor, and shall take such action relative to such Subcontracts as may be directed by Buyer. Subcontractor shall use its best efforts to utilize its material, labor and equipment in such a manner as to mitigate costs associated with suspension. Buyer may at any time withdraw the suspension of performance of the work as to all or part of the suspended work by written notice to Subcontractor specifying the effective date and scope of withdrawal, and Subcontractor shall resume diligent performance of the work for which the suspension is withdrawn on the specified effective date of withdrawal.

- B. If Subcontractor believes that any such suspension or withdrawal of suspension justifies modification of the Subcontract price or time of completion, Subcontractor shall comply with the provisions of the procedure set forth in Clause 5.1, "Changes." Subcontractor shall not be entitled to any prospective profits or any damages because of such suspension or withdrawals of suspension.

5.3 TERMINATION FOR CONVENIENCE

- A. Buyer may terminate performance of work under this Subcontract in whole or, from time to time, in part if Buyer determines that a termination is in Buyer's interest. Buyer shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- B. After receipt of a Notice of Termination, and except as directed by Buyer, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this Clause:
 - 1. Stop work as specified in the notice.
 - 2. Place no further Subcontracts or orders (also referred to as Subcontracts in this Clause) for materials, services, or facilities, except as necessary to complete the continued portion of the Subcontract.
 - 3. Terminate all Subcontracts to the extent they relate to the work terminated.
 - 4. Assign to the Government, as directed by Buyer, all right, title, and interest of the Subcontractor under the Subcontracts terminated, in which case Buyer shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 - 5. With approval or ratification to the extent required by Buyer, settle all outstanding liabilities and termination settlement proposals arising from the termination of Subcontracts; the approval or ratification will be final for purposes of this Clause.

Mission Support Alliance Provision

6. As directed by Buyer, transfer title to the Government and deliver to Buyer (1) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated and (2) the completed or partially completed plans, drawings, information, and other property that, if the Subcontract had been completed, would be required to be furnished to Buyer.
 7. Complete performance of the work not terminated.
 8. Take any action that may be necessary, or that Buyer may direct, for the protection and preservation of the property related to this Subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest.
 9. Use its best efforts to sell, as directed or authorized by Buyer, any property of the types referred to in subparagraph 5.3-B.6 above; provided, however, that the Subcontractor (1) is not required to extend credit to any purchaser and (2) may acquire the property under the conditions prescribed by, and at prices approved by, Buyer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by Buyer under this Subcontract, credited to the price or cost of the work, or paid in any other manner directed by Buyer.
- C. After expiration of the plant clearance period as defined in Subpart 45.6 of the Federal Acquisition Regulation, the Subcontractor may submit to Buyer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by Buyer. The Subcontractor may request Buyer to remove those items or enter into an agreement for their storage. Within 15 days, Buyer will accept title for and on behalf of the Government to those items and remove them or enter into a storage agreement. Buyer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.
- D. After termination, the Subcontractor shall submit a final termination settlement proposal to Buyer in the form and with the certification prescribed by Buyer. The Subcontractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by Buyer upon written request of the Subcontractor within this 1-year period. However, if Buyer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If Subcontractor fails to submit the proposal within the time allowed, Buyer may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- E. Subject to paragraph D. above, the Subcontractor and Buyer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph E. or paragraph F. below, exclusive of costs

shown in subparagraph F. 3. below, may not exceed the total Subcontract price as reduced by (1) the amount of payments previously made and (2) the Subcontract price of work not terminated. The Subcontract shall be amended, and the Subcontractor paid the agreed amount. Paragraph F. below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

- F. If the Subcontractor and Buyer fail to agree on the whole amount to be paid because of the termination of work, Buyer shall pay the Subcontractor the amounts determined by Buyer as follows, but without duplication of any amounts agreed on under paragraph E above.
1. The Subcontract price for completed supplies or services accepted by Buyer (or sold or acquired under subparagraph B.9. above) not previously paid for, adjusted for any saving of freight and other charges.
 2. The total of:
 - a. The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph 1 above.
 - b. The cost of settling and paying termination settlement proposals under terminated Subcontracts that are properly chargeable to the terminated portion of the Subcontract if not included in subdivision 2. a. above; and
 - c. A sum, as profit on subdivision 2. a. above, determined by Buyer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this Subcontract, to be fair and reasonable; however, if it appears that the Subcontractor would have sustained a loss on the entire Subcontract had it been completed, Buyer shall allow no profit under this subdivision 2. c. and shall reduce the settlement to reflect the indicated rate of loss.
 3. The reasonable costs of settlement of the work terminated, including:
 - a. Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - b. The termination and settlement of Subcontracts (excluding the amounts of such settlements); and
 - c. Storage, transportation, and other cost incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

- G. Except for normal spoilage, and except to the extent that Buyer expressly assumed the risk of loss, Buyer shall exclude from the amounts payable to the Subcontractor under paragraph F. above, the fair value, as determined by Buyer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Government or to Buyer.
- H. The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, in effect on the date of this Subcontract, shall govern all costs claimed, agreed to, or determined under this Clause.
- I. If Buyer has made a determination of the amount due under paragraphs D., F., or K., Buyer shall pay the Subcontractor the amount determined by Buyer.
- J. In arriving at the amount due Buyer under this Clause, there shall be deducted –
 - 1. All unliquidated advance or other payments to the Subcontractor under the terminated portion of this Subcontract;
 - 2. Any claim which Buyer has against the Subcontractor under this Subcontract; and
 - 3. The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Subcontractor or sold under the provisions of this Clause and not recovered by or credited to Buyer.
- K. If the termination is partial, the Subcontractor may file a proposal with Buyer for an equitable adjustment of the price(s) of the continued portion of the Subcontract. Any proposal by the Subcontractor for an equitable adjustment under this Clause shall be requested within 90 days from the effective date of termination unless extended in writing by Buyer.
 - 1. Buyer may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the Subcontract, if Buyer believes the total of these payments will not exceed the amount to which the Subcontractor may be entitled.
 - 2. If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to Buyer upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of the retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by Buyer because of the circumstances.

Mission Support Alliance Provision

- L. Unless otherwise provided in this Subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this Subcontract for 3 years after final settlement. This includes all books and other evidence bearing on the Subcontractor's costs and expenses under this Subcontract. The Subcontractor shall make these records and documents available to Buyer, or the Government at the Subcontractor's office, at all reasonable times, without any direct charge. If approved by Buyer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

5.4 CLAIMS

Subcontractor shall give Buyer written notice within five (5) working days after the happening of any event which Subcontractor believes may give rise to a claim by Subcontractor for additional time or money. Within ten (10) working days after the happening of such event, Subcontractor shall supply Buyer with a statement supporting Subcontractor's claim, including but not limited to, Subcontractor's detailed estimate of the change in Subcontract price and scheduled time occasioned thereby.

Subcontractor shall substantiate its claim with payroll documents, paid invoices, receipts, records of performance, and other documents satisfactory to Buyer and subject to its verification. Neither Buyer nor the Government shall be liable for, and Subcontractor hereby waives, any claim or potential claim of Subcontractor, which was not reported by Subcontractor in accordance with the provisions of this paragraph. The parties shall negotiate diligently to reach an agreement, but in no case, except with Buyer prior written consent, shall any work be halted pending such agreement, whether or not the claim can be resolved to Subcontractor's satisfaction, and Subcontractor shall be bound by the terms and conditions of this Subcontract to prosecute the work without delay to its successful completion. Buyer shall not be bound to any adjustments in the Subcontract price or scheduled time unless expressly agreed to by Buyer in writing. No claim hereunder by Subcontractor shall be allowed if asserted after final payment under this Subcontract. Subcontractor's remedies are limited to those expressly set forth in this Subcontract.

Subcontractor's defense and indemnity obligations shall include the duty to reimburse any attorney's fees and expenses incurred by Buyer or the Government for legal action to enforce Subcontractor's indemnity obligations.
