NOV 17 2011

MEMORANDUM FOR: National Weather Service Directives System (NDS) Customers

FROM: 
R.J. LaDouce
Director, NWS Pacific Region

SUBJECT: Rescission of Pacific Region Supplement 11-2003,
applicable to 10-813,
Majuro Terminal Aerodrome Forecast

The following document is rescinded from the NDS.

NDS Title: Majuro Terminal Aerodrome Forecast
NDS Number: NWS PR SUPP 11-2003, applicable to NWSI 10-813
Effective Date: March 24, 2004
Signature Date: March 10, 2004
Certified By: W/PR1 (K. Waters)
Approving Authority: W/PR R.J. LaDouce, Director, NWS Pacific Region

Summary: Effective November 17, 2011 NWS PR Supplement 11-2003 is rescinded. The NWS WSO Majuro observation site is now within 5 miles of the center of the runway complex of the Marshall Islands International Airport (PKMJ). This supplement is no longer required.
