

PLAN FOR NOTIFYING EMPLOYEES
NOT TO REPORT TO WORK

The Hanford Administrative Committee, in accordance with Article XIII, Section 4., has determined that the following plan will be implemented by the EMPLOYER for the purpose of notifying employees covered by the Hanford Site Stabilization Agreement not to report to work.

The EMPLOYER will cause an announcement to be made over local radio stations broadcasting within the Tri-Cities and Yakima areas at least two hours prior to the employees' regular starting time advising that construction operations are closed and that the EMPLOYERS' employees should not report to work.

A general announcement will be considered to apply to all employees of the EMPLOYER, and to all activities of the EMPLOYER, except for those employees and/or activities which are specifically identified as not be affected by the announcement.

Further, employees will recognize and adhere to a similar announcement issued by the OWNER, the U.S. Department of Energy, and will assume that such general announcements addressing the Hanford site and/or Hanford employees will include employees of the EMPLOYERS.

The announcement will apply only to the shift immediately following the time of the announcement unless the announcement gives instructions to the contrary.

Every effort will be made by the EMPLOYER (or OWNER) to get the announcement on the following radio stations:

TRI-CITIES

KALE - FM 95
KZZK - FM 102.7
KONA - FM 105.3
KHWK - FM 106.5
