PSD FY 2011 ESH IMPROVEMENT PLAN

PREPARED BY ANDREW ACKERMAN

This document defines the actions planned for FY 2011 for improving the PSD ESH programs beyond the primary goal of controlling the risks presented by operations and development of the NSLS II facility.

Improvement Goals for FY11

- 1) Define User material transport requirements; establish needed resources.
- 2) Define worker qualification objectives.
- 3) Establish a tracking mechanism for near miss events.
- 4) Define an 'Authorization Basis Strategy' through development of Linac and Booster Commissioning Safety Assessment Documents and Accelerator Safety Envelopes.
- 5) Submit the Torcon DOE VPP application.
