Donald Clark, Secretary
Federal Trade Commission
6th St. & Pennsylvania Ave., N.W.
Room 172
Washington, D.C. 10580

Dear Mr. Clark:

Made in the USA. These are just a few clear, simple words that can only mean one thing. Look what each word means.

Made: built, constructed, the product of a blend of knowledge, craftsmanship and sweat. In: here, one place. The USA: the greatest country the world has ever known, OUR country.

It is my understanding that the FTC is accepting comments on changes in the Made in the USA regulations, I am urging you to not change anything or at least not let corporations once again try to pull the wool over the American public's eyes.

Fraternally,

A handwritten signature in cursive script that reads "Paul Mantzke".
