Sirs,

We wish to go on record as being vehemently opposed to the new regulations that are being set in place that would take away our rights to have products labeled "made in the USA" made here completely.

Many of us wish to retain our nation as it was known for quality products.

We also feel enacting this bill takes away from all the sacrifices our young made thru the years with their lives.

You can not do this and live with yourself.

Look in the mirror each day and see if you can truly be pleased.

Mr. & Mrs. Rich Garro
