Pennsylvania Ave  
Washington, D.C. 20580

Gentlemen,

Made in America

Do not reduce the percentage of  
US material/ingredients and US labor  
input required for an article to  
carry the "Made in America" USA.

I look for the "Made in USA"  
label whenever I make a purchase.  
I expect the label to mean what  
it says

Sincerely  
Margaret F. Brady
