

May 31 1997 109

Dear Sirs;

This label

• Dilution of enzyme ta.
• Storage of soft (hydrophilic)

MADE IN THE
U S A
FOR K MART CORPORATION
TROY, MICHIGAN 48064

Has a lot

of meaning to me. I fought in Korea, was wounded, I love my country. I'm against any confusion and inclusion of foreign made products to be included in our USA labels. Don't sell out to political pressure. American jobs are leaving the country by the thousands for cheap, exploitive overseas labour. Not all of us are headed for highly skilled positions give our kids a chance at some job beyond McDonalds!

Regards

Louis Pleso
